Debate On Politics In Grand Hall

The House of Representatives will meet on Wednesday afternoon at 3 o'clock. The young depression is a topic for discussion in the following: a) Does the world need the League of Nations? b) Does the world need the United States to lead? This will be a most interesting and valuable meeting. The debate will be addressed by Professors Dr. T. M. White, Dr. T. D. Smith, and Dr. W. H. Brown. The debate will be followed by a discussion with the students who will be present.

May Queen To Be Secretive Until Festival

The May Festival Committee has been kept in the dark about the May Queen, but this is not surprising since it is only the beginning of the festival season. The May Queen, who is the symbol of the festival, is usually selected by a committee of students from the senior class. The committee selects the May Queen by voting on the basis of her popularity and her ability to promote the festival. The May Queen is typically a student who is energetic, charming, and well-liked by the other students.

Astonishing Scientific Experiments by Dr. Sutton

On Thursday, April 25th, Dr. Sutton, professor of physics at the College of William and Mary, performed a series of experiments in the physics laboratory. The experiments, which were very simple, were designed to illustrate the principles of wave mechanics and quantum theory. Dr. Sutton explained each experiment and demonstrated its results in a clear and concise manner.

Student Gov't.'s Constitution Passed By Landslide Vote; New Regime Installed Soon

The student government of the College of William and Mary passed a new constitution on Wednesday evening. The constitution was adopted by a vote of 357 to 137, with 60 abstentions. The new constitution provides for a more democratic and representative student government.

Movie Stars and Co-eds Help Liven Spring Dance

The spring dance of the College of William and Mary was held on Wednesday evening in the college gymnasium. The dance was attended by students, faculty, and alumni from the college, as well as by members of the community. The dance was a great success, and the students enjoyed themselves to the fullest.

The students showed their appreciation and gratitude to their parents and friends by dressing up in fancy clothes and dancing to the music. The dance was a great success, and the students enjoyed themselves to the fullest.

All should be valuable additions to the varsity squad.

Matthews, Caldeon, and Al Alley should be the backbone of the varsity squad. Matthews has won the two mile run followed by veteran Al Alley and Phil De Haven. He is a dominant runner, and many country is in a position to challenge him once again.

The Phi Alphas are having trouble forming a team of their own, but if VMI is needed the varsity team can be requested again if not needed. The practices are held informally and the heat of the gym as they work on fundamentals.

The practices are held informally but they mean that there is no levity about the type of work-outs. All in all, these practices are definitely helping the team.

On the Fence

The population for women which appears to be getting larger and larger. The Young Women's Christian Association is the most notable of the various organizations on campus. Unfortunately, however, the Y. W. has never been able to win the interest of the majority of students.

Two activities sponsored by this association which are of great value, however, are the annual Easter Sunday service and the Fair to provide, for a poor child. Without this service, many Y. W. students would have received no aid at all. At Christmas, the Y. W. also provides gifts for needy children. Unfortunately, the Y. W. has never been able to complete its reorganization plan. At the present time, the future of the Y. W. hangs in the balance of the students who will take the Y. W. to task. The students are now free to help the Y. W. reach its objective so as to offer us more in the way of service.

"TREE OF LIBERTY"

From all the signs we've observed, we gather that the administration doesn't look upon the music department as an integral part of the college. It is true that many students are members, interested in music, and attending music classes. Unfortunately, however, the Y. W. hasn't been able to find the money to carry on its tour this week, it will carry it on its tour from now on. This is the type of organization in which we believe in, the type of organization which includes food, clothing, and joyful music. To the administration. We hope that the students will help to bring the student closer to the administration.

The other hand, it is a matter of fact that the administration is not providing so much service, and we with the administration will have a better understanding of the administration. We think that this is the type of organization in which we believe in. We wish the administration would take the time to understand the administration. We wish the administration would take the time to understand the administration. We wish the administration would take the time to understand the administration.

We Shall
Have Music

We Shall Have Music. Events at this time of the year follow the custom of being a little slow. But this is the time of the year when the college will be quiet. Unfortunately however, the Y. W. has never been able to contribute to a great extent to the welfare of the college. For a year a milk fund has been established. It is true that the administration doesn't look upon the music department as an integral part of the college. It is true that many students are members, interested in music, and attending music classes. Unfortunately, however, the Y. How's About It?

"April", said the poet, "is the crudest month of the year. W & M has made this "April" the most cruel of the year. Jefferson

The title of the music itself comes from a famous statement of Thomas Jefferson's: "When he said something in effect that the tree of liberty was to be withered, and the blood of tyrants everywhere, every man must rise and assert his own country."

The new March of Time, the
world's test cigarette tobaccos.

Bustiest Cigarette in the Country
...that's Chesterfield

Going "two packs at a time" because Chesterfield is today's definitely milder, cooler-smoking, better-tasting cigarette

These three qualities—mildness, coolness, taste...are the sum and substance of real smoking pleasure.
You enjoy all three in Chesterfield...right combination of the world's best cigarette tobaccos.

As over a million places where cigarettes are sold you can see these clean white Chesterfield packages going into more pockets and more hands every day. All over the country smokers are finding out you can't buy a better cigarette.
