house with a bountiful supply of bones for him, even if they are none other than my own. The way to your heart seems to be through your dog's stomach—"the harts or locusts came biting bones."

I am glad Frances is having such a grand experience this summer. She will be all set for college this fall. I am sorry the Bay Hunt Ladies are not enjoying the best of health. The Hill is a wonderful place but I should think it would do them good to be paid off it more frequently.

Please give everyone my best regards and tell all that I am looking forward to seeing them before too long. Love, Bob.
