Please excuse delay
of this letter. — We
had a terrible time
with Mother when
very ill with a stroke
which paralyzed her
one side for a short
while — She has
recovered now miracu-
lously & is quite
normal again.
(Don't mention anything
in your letter about

What she had - as
she does not know -
We stay here for
the present - then
New York or then
hope to get to
Florida -

All best love to
you both &

many greetings
