Flat Hat Takes First Place Honors At VIPA Convention In Lynchburg; Royalist Named Runner-up Magazine

The Flat Hat captured first place honors among 20 college newspapers judged at a convention of the Virginia Intercollegiate Press Association at Lynchburg College on April 10. Allan Jones, editor, and Edward Griffin, managing editor, were present to receive a cup donated by the Lynchburg News.

Washington and Lee University's Ring-toss Phi took second place laurels and the Sun Dial of Randolph-Macon Women's College was third.

The Royalist, represented by Marcia Magill at the convention, was surpassed only by the Trike of Randolph-Macon Women's College in the literary competition. The Prisms, of Lynchburg College, took third place. Judges stated that the Royalist had the highest literary standards of all the 20 publications judged.

The criticism of the Flat Hat said "the wealth of editorial, news and feature material is clearly superior, in volume if not in quality. Its chief quality is readability." The Washington and Lee publication was praised for its make-up, type faces, topography and proof job.

Officers of the VIPA for next year were chosen at a business meeting following the presentation of awards. Bill Dudley, of Virginia Polytechnic Institute, was elected president; Betty Elliott of Lynchburg College, was elected vice-president; and Betty Spindle, of Virginia Polytechnic Institute, was elected secretary-treasurer.

The officers of the state college newspapers had strict censorship over all news and editorial material, and a resolution was passed at the business meeting to try to aid the students editing the censored publications. Several papers were also hampered by a serious lack of funds, because of sparse advertising and receiving an aid from their respective colleges.

Before the formal opening of summer school this June, Crotty Brothers, Inc., of Boston, will take over complete management of the cafeteria. Described by Charles J. Eubele, head of the cafeteria, as "experts in the food business," the national food concern has served such institutions as Wellesley, Tufts College and General Motors for almost 20 years.

During the war, the senior members of the firm served as official advisor of food programs for both army and navy.

Removal Of Wigwam

The biggest alteration in the present cafeteria system of William and Mary will be the complete renovation of the existing Wigwam. The bookstore portion will be moved from its present position to the front part of the building which was formerly used as storage space.

The soda fountain and snack bar will be pushed in length and moved out three feet further from the wall. A stainless steel unit will be installed.

"Take Your Time," Says King William And Mary-Go-Round

The dust has been piling up on my old joke book, but last few weeks have been so free of laughter time was prevented from doing it. If you will permit me (try to stop me) to depart from the usual, I'd like to ramble on about my pet project, The Varsity Show.

I'm plugging the show this week partly because it is a timely and pentrating portrayal of the measure down 11 to 7. It remains for the post-war generation to look upon this as if neither party won. Consequently, but it has brought the most hectic in the history of our set; its preparations were unsuccessful in the efforts to retain their president and vice-president who have failed to meet their obligations. Twice the administration and voted a quick close last weiek, and it looks like to depart from the usual, I'd like to ramble on about my pet project, the Varsity Show.

Navy Toppers Golfers, 8-4, In Post-War Debut Of Team

Playing their first match since the 1942 season, the William and Mary golf team sustained an 8-4 defeat at the hands of the Midshipmen of the Naval Academy at Annapolis yesterday.

Both teams were hampered by half a dozen wind temporary stoppages. Small gusts were being blown across the course on Saturday and then slpped shaggy grass on the ball for the first four holes on the course.

Almost the entire Indian team was eliminated from further competition. Of the four remaining players, two of them had hit the rough. Hitting the rough where a sand trap or a water hazard is located is considered a loss. Of the four remaining players, two of them had hit the rough. Hitting the rough where a sand trap or a water hazard is located is considered a loss.

The two players who are left to play are Larry Crum, who moved in to fill the vacancy, and Lefty Wright, who replaced him.

Their one-run lead from the third inning on.

Larry Crum led the Indian assault with two hits in four appearances. A left-handed hurler, Bob Crum had won all four of the team's victories.

Crum Looks Good

Perhaps the most pleasant surprise was the showing of his new catcher, Larry Crum, who moved in to fill the vacancy on the day of the game when Bob McCall was forced to sit out due to an injury.

The catcher showed his potential as a hitter, as he hit a triple in the second inning to score one of the two runs.

Lambdi Chi Alpha jumped into a quick lead in the Intramural Softball Play Resumes, but the game was called off due to a rain delay.

Navy's Toppers scored five runs in the first inning, taking advantage of several errors by the W&M team.

In the second inning, both teams scored three runs each, with Navy maintaining a 1-2 lead.

In the third inning, W&M scored two runs on a sacrifice fly and a single by Ken Hedin, cutting the deficit to 3-2.

Both teams were hampered by sacrifices and errors, but Navy held on to win, 3-2.

Charles E. Batten Will Give Speech
At Chapel Service

Charles E. Batten, dean of Crozer Theological Seminary in Chester, Pa., will be the guest speaker at Chapel tomorrow at 6:30 P.M. Dean Batten is the fourth of a series of guest speakers contacted by the Student Religious Union.

After completing undergraduate work at Temple University, Philadelphia, Dean Batten finished his special graduate work at the University of Pennsylvania. He is a native of Oaklyn, N. J., and is a member of Crozer's Religious Union, the Student Religious Union.

In his address at Chapel last week, Dr. D. J. Blocker, chairman of the Chapel committee for the past ten years, emphasized the importance of mystery to modern life. Mystery is the enchantment to pursue," he said, after pointing out that, although many questions have been answered by science, the area of discovery is far from exhausted.

If all the unknowns of life were to be explained, there would be no pursuit of knowledge, but, because of the finite nature of man, "no man knows everything about anything," declared Dr. Blocker. "What is within the limits of his knowledge he calls natural; what he is unable to comprehend, he refers to as supernatural," he added.

Fraternity Elects Officers

Kappa Chi Kappa, girl scout fraternity, announced the election of the following officers at their last meeting, March 30: Margaret Brewer, president; Betty Laine, vice president; Sarah Wilson Harold, secretary; Ina Saville, corresponding secretary; Jane Unlandorf, treasurer.

"Why... I smoke Chesterfield" (From a series of statements by prominent tobacco farmers)

"I think Chesterfield is the best cigarette on the market. I've smoked them for about 20 years. It's mild and it's got more real tobacco taste. "Liggett & Myers bug the middle leaves... it's the best leaf... it's mellow... it's got to be ripe. They consistently pay above the average to get the tobacco they want."
