Sororities To Initiate Dorm Rushing
For Freshman And Transfer Women
Rushing In Houses Will Start On Monday,
End With Final Parties On October 18

Dormitory rushing will begin tomorrow afternoon from 4-6 P.M. and from 7-9 P.M. when sorority transfer and freshman women may visit freshmen and sophomore women in the dining rooms of Jefferson Hall for 25 minutes. Dorm rushing will continue at the same time on Thursday, October 7.

After the period of dormitory rushing is concluded, there will be no rushing and no association until midnight will begin in the houses. Rushing will go on an hour longer throughout the next week, with the execution of Wednesday, October 13, and Saturday, October 16.

Final parties will be held on Monday, October 18, when rushable houses will be open to the sorority houses from 7-10 P.M. Tuesday, October 19, will be silent night, and Wednesday, October 20, acceptance day.

If a freshman or transfer cannot accept an invitation to a sorority party, she may notify the sorority by telephone or leave a note in the sorority's box in Barritt Hall. The sorority will then arrange another time for her.

Buses To VMI Game

"There will be no special buses to Martinsville for the game with VMI Saturday," J. W. Wilford Lambert, dean of students, revealed.

Several students planning to leave on the 18:30 A. M. bus are requested to buy their tickets in advance and inform the agent that they are planning to attend the game so that the company will be able to put on extra buses.

Hoccutt Will Discuss
Fraternity Rules Rushes

John E. Hoccutt, dean of men, will address a meeting of freshman men tomorrow night at 7:30 P.M. in Phi Delta Kappa Hall for the purpose of acquainting them with fraternity rushing, rushing rules and interfraternity rules.

"Fraternity rules must be compulsory," Joseph Smith, president, declared, and fraternity and interfraternity will be invited to attend.

Rusher will hold open houses Sunday, November 21, from 2:30 to 5 P.M.

At the September 28 meeting of the association, Dr. Charles Hayter Andrus, assistant professor of jurisprudence, was elected fraternity faculty advisor.

J. W. Lambert, acting registrar, requested all members to expect to graduate in February and to report to me as soon as possible. Stewart added.

H. A. Officials Arrange
Faculty Football Tickets

Athletic Association officers have announced that an arrangement has been completed whereby members of the faculty and administration of the college have been able to obtain season tickets for the home football games this year at a reduced price.

Davis, Williams, Barritt, Donovan, Friedman To Star
In First Production Of William And Mary Theatre

Shirley Davis, Bill Williams, Dick Bethards, Joan Barritt, John Donovan and David Friedman obtained the leading roles in the William and Mary Theatre's production of the year, The Great Campaign, to be presented Wednesday and Thursday, October 27 and 28.

Shirley, a freshman who comes from Groose Pointe, Mich., has appeared in many plays given by the Groose Pointe High School, and served as the vice president and secretary of the dramatic club. She will play the role of the mother, Emily, who stands beside her husband as he launches into his first political campaign.

A junior from Fortworth, Williams will appear for the first time in a William and Mary Theatre production as the father, Sam. Mrs. H. Hooker Harbour, who plays to his son and friends that the world will never end as long as there is integrity and honor among men. As a williams has been a member of the choir for two years, participated in the Common Glee Club, and this summer has worked as a disc jockey for WMUK.

Bethards, a senior from Wilmington, Del., has appeared in ten plays presented by the Theatre, and directed the lead roles in Guiding Son who finally discovers his father, Sam, who proves to his son and friends that the world will never end as long as there is integrity and honor among men. As a williams has been a member of the choir for two years, participated in the Common Glee Club, and this summer has worked as a disc jockey for WMUK.

Young Democratic Club Sponsors
Visit From States' Rights Candidate

To Speak At Matthew Whaley
Campus, Governor J. Strom Thurmond, of South Carolina, the first active presidential candidate ever to stump Williamsburg personally, will be among friends when he speaks here this coming weekend, a spokesman for the local Young Democratic Club said today.

This "pro-constitutents State's Rights" colonial townsman, he said, will give the candidate a "rousing welcome."

The States' Rights standard-bearer accompanied by State Chairman Frank P. Burton and Senator Frank Richardson, of Groove, is scheduled to make an address before the townpeople Saturday evening.

The Flat Hat

A weekly newspaper published by the students at the College of William and Mary every Thursday of the college year in Williamsburg, Virginia. Subscriptions: $2.00 per year. $1.50 for postoffice delivery. Single copies 10c in advance. 4c in post office. 2c in post office, minimum 25c. Address Box 587, Williamsburg, Virginia.

Neglected Musicians

The appearance of the college band at the game on Saturday was almost as disappointing as the band itself. This is a state of mental confusion.

Alan C. Stewart, director of the band, has done a highly commendable job in the past and has shown very little improvement. It is difficult to understand why a college of this size should be unable to support such a worthwhile effort. Despite the fact that the band is probably the least attended of all the organizations on campus, there are still a few wandering soul shakers, provided a sad contrast to the impressive contingent from Wake Forest.

The administration opposes the institution of drum majors, but certainly our band could do with a drum major, a few more uniforms and, above all, hats. Membership in the band demands a great deal of time and effort and, in return, it is, in our opinion, adding insult to injury to make the band members march on the field under the circumstances they faced on Saturday. The experience was a humbling one for students and alumni among the spectators and must have been doubly humbling to the members of the band themselves.

The administration has instituted a number of improvements on the campus this year. The state of the band is another situation which might have been handled more efficiently. This fall was not forthcoming, so we suggest that students and alumni join in a drive to raise the necessary funds for Mr. Stewart's neglected musicians.

J. L. F.

Convocation

Attendance at Friday's Autumn Convocation was an encouraging sign. Only three of these events are held during the school year, and it appears to us that all of them should be equally well-attended.

The spectacle of the Chanticleer Day Convocation last year, when only three rows were required to seat the largest senior class in the history of the college, is another situation which "ought not to be repeated. Convocations are integral part of the traditions of this college and, as is true of all our traditions, ought to be inspired by the existing spirit of the students.

Although the first convocation was a success, several faculty members were conspicuous by their absence. More is required of our faculty members when they participate in an academic procession in an obligation which the faculty ought to be aware of.

Undergraduates turned out in large numbers on Friday but were, for the most part, overly-concerned with their cafeteria lines. Few obeyed the administration's request to wear caps and gowns when the procession filled out. This latter situation might be corrected if the choir were to remain standing in the balcony until the senior class had left the auditorium.

Both students and faculty alike have often been accused of lack of college spirit and lack of pride in the many traditions which they share. Special effort should be made to develop this spirit, which is now lacking. Confused student body through pep rallies and other means, but attendance at the increase.

Letter To The Editor

To the Editor:

I am one of the "overwhelming majority" in early rushing, and though I do not wish to imply that we are a majority of the college that the majority is always right. Perhaps "overwhelming majority" is a question which should be examined more closely. Perhaps the responsibility and disadvantages to both early and late rushing, but in any opinion, the advantages of an early season outweigh all others.

You mentioned last week that sorority women want to "get it over with" as soon as possible. It takes no imagination and no time. It is not the time, however, when the sorority systems are in high gear. They are shifting from the nervous tension which accompanies the pre-rushing season. A feeling of uncertainty pervades both the prospective rushers and sorority women, so that neither can fully relax until the order is set. The sorority systems could be of little use to us, because they are "stale and artificial," but even the slightest uncertainty will be felt as real. The sorority systems are an integral part of the college life and it is difficult to imagine the college without them.

Certainly the associations made through the sorority system are important in the college experience and do not make the sorority woman feel that she is missing out on any experience. When the sorority system is not the same as the outside world, it is a part of the college experience and provides a unique way to make friends. It is important to understand that the sorority system is an important part of the college experience and does not mean that any of the advantages of the outside world are missing.

Campus X-roads

By Eva K. Barron

Labats, we think, are quite improper for the things to which they would be put, and also improper to put things like these into a college. We think, instead, that instead, we should not put these things into a college. We think, instead, that instead, we should not put these things into a college. We think, instead, that instead, we should not put these things into a college. We think, instead, that instead, we should not put these things into a college.

The idea popped up (or occurred, if you prefer) one day this summer. We were sitting around the dorm and listening to the radio. We were trying to competent the impressive constituent from Wake Forest.

The appearance of the college band at the game on Saturday was almost as disappointing as the band itself. This is a state of mental confusion.

Alan C. Stewart, director of the band, has done a highly commendable job in the past and has shown very little improvement. It is difficult to understand why a college of this size should be unable to support such a worthwhile effort. Despite the fact that the band is probably the least attended of all the organizations on campus, there are still a few wandering soul shakers, provided a sad contrast to the impressive contingent from Wake Forest.

The administration opposes the institution of drum majors, but certainly our band could do with a drum major, a few more uniforms and, above all, hats. J. L. F.
President Gives Aims of College At Convocation

"During the last twelve months we have reviewed and revised many things, and we have a right to be proud of our beautiful campus, our lovely lawn, and above all, our unusually great heritage," de­clared Dr. John E. Pomfret, presi­dent of the college, when he began his address at the 256th annual Alumni Convocation, last Friday, in Phi Beta Kappa Hall.

Entitling his address A Profile of the College of William and Mary, Dr. Pomfret stated proudly that "we are a college and not a university." He quoted a famous definition of a university, declar­ing that it is "an institution pri­marily interested in research and secondarily in education." This college, on the contrary, is pri­marily interested in the un­folding of the individual. He also con­sidered of great importance the development of judgment and im­agination among the students of the college. "They must be true to the great heritage and tradi­tions of William and Mary. A high moral and a spirit of cooperation must be maintained among the student body if the high standards of this college are to continue," he added.

"Our purpose," he continued, "is to make our students useful among men and training them for a lifetime service. We believe that this is the main function of education. We believe that this is the main function of the college." Pomfret also spoke of the need for "a new spirit of cooperation."

Bethards Alters Deadline For Royalist; Ann Giesen Named Exchange Editor

"Due to a necessary earlier pub­lishing date, the deadline for ma­terial for the first issue of the Royalist has been changed from October 29 to October 12," Dick Bethards, editor, has announced.

"However, the postponement of freshmen try-outs for the staff until the second semester does not in any way bar freshmen from submitting material for publication," Bethards added. Any ma­terial may be submitted directly to any staff member or may be placed in the Royalist box in the registrar's office. All manuscripts should be accompanied by a full name and a mailing address of the author. Authors will be notified of the disposition of material as soon as decisions are made. Ma­terial which is not used will be returned to the author.

Sam Blaisdell has been named art editor and Johnny Dayton has been appointed circulation man­ager, both for the second consecu­tive year. Ann Giesen will be exchange editor replacing Wiford Leach who resigned from the staff.

"A special effort will be made this year to publish at least one long (6000 words) article or paper in each of the last three Royalist issues," Bethards declared. "All students are urged to submit re­search, critical, or other types of factual papers regardless of sub­ject matter. General appeal of the topic, however, will be of pri­mary consideration in selecting material to be used."

Between 1910 and 1935, fifteen new buildings were added to the William and Mary campus, and the enrollment was increased from 150 to 1,300 students.
New Draft Law, Publicity Combine To Swell Ranks Of ROTC Unit

The return of selective service coupled with an intensive program of ROTC information dissemination is credited with swelling the rolls of the Virginia Military Science Corps.

Eighty-two men enrolled in the freshman year of the course. Last year's freshman numbered 16. Registrants in the remaining three years bring the total to 24,000,000 veterans? benefits. The number, appearing in the freshman catalog, is 7,000 John Browns; 9,000 William and Mary, the Alumni Gazette was adjudged the eighth ranking alumni magazine in the nation at a competition of the American Alumni Council held in Ann Arbor, Mich., in July.

To bring these facts to light and to prevent confusion among the incoming freshmen, a program in conjunction with the usual freshman orientation program was organized by senior members of the corps. Edward Brown addressed the freshmen in a special meeting and other members manned an information table in the Marshall-Wythe building.

Dudley Wood and Austin Fagg were appointed assistant captains to the unit this week. Other appointments include Lieutenants Edgar Roberts, Otis Garrigan, Edgar Brown, and Edward Brown.

New as second lieutenants were Thomas Burt, Winfred Huff, Joseph Lonas, Bruce McAnts, Edgar Roberts, Otis Garrison, and William Burt.

An additional order covering appointment of non-commissioned officers is forthcoming, the department announced.

VA Advises Vets To Learn Numbers

Veterans assigned "C" (claims) numbers under Selective Draft Administration are urged to memorize them, so they can use the numbers readily when they write or call VA about their benefits.

In addition to翘 service to veterans, VA said, a number is issued to each veteran applying for compensation, pension, educational benefits, or training or other VA-administered benefits. The number, appearing on his case folder, will identify him on a list of those who served in the war, and may be used by dependents after his death.

"C" numbers are the only means by which VA can distinguish one veteran from another. With some 34,000,000 veterans' names in VA's files, many of them are duplicated thousands of times over.

The files contain 217,000 Smiths, 12,900 of whom are named John. Also, the files are 23,000 Adams, 900 of whom are named John Quincy. 7,000 John Brown; 5,000 William Brown; 1,000 Bradleys, and 152 Smokey Bears.

The college was suspended in May, 1861, on account of the Civil War and remained closed until 1865.

Dean Umbeck Lists Attendance Rules, Clarifies Absence Probation Regulation

A warning shall be issued by the dean of men or women when one unexcused absence per credit hour of a course has been incurred in 100 and 200 courses, according to Sherry G. Umbeck, dean of the college, and if a subsequent unexcused absence occurs in that course, the student will be placed on absence probation.

Attendance in 300, 400, and 500 courses will be left to discretion of the professor but the names of students whose attendance, in the opinion of the instructor, becomes unsatisfactory in these courses shall be reported to the dean of men or dean of women.

Dr. Baldwin To Speak

Dr. J. T. Baldwin, Jr., professor of biology, will address the annual meeting of the Biology Club tonight at 8 P. M. in Washington 106.

First Again with Tobacco Men!

More independent experts smoke Lucky Strike regularly than the next two leading brands combined!

An impartial poll covering all Southern tobacco markets reveals the amazing preference of the men who really know tobacco—sailors, buyers and workmen. More of these independent experts smoke Lucky Strike regularly than the next two leading brands combined.

Selection Day for ROTC is a possibility draft deferment. A provision of the selective service act provides that certain military science and tactics students will be excused from active service as an enlisted man.

In addition to the third and fourth year program receive pay amounting to almost $25 a month. The college expects to commission its first group of military graduates in June.

Alumni Convention Grants To Gazette Eight Place Honors

Published by the Society of the Alumni of the College of William and Mary, the Alumni Gazette was adjudged the eighth ranking alumni magazine in the nation at a competition of the American Alumni Council held in Ann Arbor, Mich., in July.

This is the first time that the publication has ranked among the top ten magazines, although awards for particular features of the magazine were received in 1949 and 1947.

Individual awards this year went to Fred Frachette, former Flat Hat columnist, for his feature account of Fifty Years with Better Billings, which placed third in the personality features contest. Former Flat Hat photographer Llewellyn received a third place award for his cover pictures. An article on the college's twelve alumni chapters, which appeared in the March issue of the Alumni Gazette, placed first in the alumni and club composition contest.

In 1902 the statue of Lord Botetourt, which originally stood at the Capitol, was purchased by the faculty and placed in the college yard.
Freshman Eleven Downs Maryland Yearlings, 7.0

Taking the opening kickoff all the way on a sustained drive, the W&M freshmen football team won their initial game of the current campaign, defeating the Maryland Yearlings, 7-0, last Friday.

With tailback Dickie Lewis carrying them, the Papooses took the kickoff deep in their own territory and drove to the Maryland 24-yard line. From there, Too Balog, on a reverse pass play, threw the ball to Paul Yusic, who was standing in the end zone, for the only score. Bill Stevens kicked the extra point.

Thereafter the play went up and down the field, though neither team could score a telling blow. The Baby Terps scored a touchdown in the second quarter, but it was called back on a penalty. Lewis' play for the locals was good, and he made several long runs. The Papooses were hurt, however, by an old W&M nemesis, the penalty.

Cross Country Team Drills For Opening Meet Of Year

(Continued from Page 5)

Headquarters for College Men...” says PHILIP MORRIS cigarettes.

PHILIP MORRIS, the South's number one cigarette, is regularly voted Best Taste, most popular, and the cigarette with the lowest tar content. PHILIP MORRIS helps put the pep back into your routine, makes any service any place a lot more enjoyable. So why not try PHILIP MORRIS cigarettes today?

PHILIP MORRIS cigarettes are so much better, because of the way they are made. The PHILIP MORRIS people have developed and perfected their own process of controlled-curing — the process that makes PHILIP MORRIS cigarettes the world's best.

You'll be glad tomorrow you smoked PHILIP MORRIS cigarettes.

PHILIP MORRIS cigarettes are made from the finest tobacco leaves grown in the selecion of this year's crop around three returning lettermen, Clyde Baker, Olaf Hardman and Hugh Delamar, while several others are making strong bids for berths on the first team and may dispute one or more of the bettermen. Among the most promising of the newcomers is Hal "Bible" Lawson, who was an outstanding cross-country runner for the Quantico Marines until last February when he entered the college. Others who look good are Eve and Jean Day, Bill Rawlins, Jack Wiley, Bob Landers, Bob Packer and Cecil Moore. McFall is busy at present laying out a new course in order to accommodate some possible home meets this fall.

The schedule is still tentative, but at least five meets are expected, with some of them on the home course.

There will be a meeting of all team members and any other candidates tomorrow, October 6, in the Blow Gymnasium Lounge,
McCray Teams Play .757 Football Over Period Of Four Seasons Here

By Earl M. Cogg Jr.

Much of the credit for the fine performance that William and Mary football teams have put on in the past few years should go to Big Green's Head Coach R. N. "Red" McCray, who guided the team to its best last season.

McCray, who is now in his fifth year as head coach, began his career on the Reservation in 1939 when he assumed a position as assistant to Carl Vorley. Since then he has not only served as football mentor, but also as coach in other sports, namely baseball and basketball.

Red evenly distributed last year when he not only guided the football fortunes of the Redmen to the Southern Conference championship and a place in the Dixie Bowl, but also when he was named by the other Conference Coaches as Coach of the Year.

Assuming the head coaching duties in 1944, McCray hasn't had one season below a .500 percentage. His teams have amassed a total record of 28 games won, 24 lost, and one tied for a .575 percentage.

Before coming to William and Mary, McCray was both athletic director and head coach at Tennessee Wesleyan for eight years. He is a graduate of Kentucky Wesleyan, though he is a native of the Volunteers State. He was named All-American high school halfback football player while playing in a tournament sponsored by Chicago University.

Married and having three children, McCray turned down at least two offers to go to other coaching jobs after the 1947 season. Rumors have it that other teams also put out offers. To this Dr. John R. Purnell said, "The College naturally is delighted that Mr. McCray has decided to decline the flattening offers."

"In his service as Athletic Director and Coach," the President of the College continued, "Mr. McCray has more than fulfilled what is expected of him. His influence upon the boys with whom he works has been of the finest."

To this McCray replied, "I am very lucky at William and Mary."

Launching a drive this season to retain the Southern Conference championship, McCray is in his second year of a three-year contract that will run through 1949.

Players Drill For Opening Of Murals

With the opening of the tennis singles tournament October 8, William and Mary's (1948-49 Intramural) program will officially be underway. Several new events have been added this year, and intramural Director Howard Smith has stated that he is confident that it will be a highly successful year.

Smith has also announced that a meeting of all touch football managers or their representatives will be held at 3:00 on Monday, Oct. 11, in Loose Gym. All team captains, both independent and fraternity, are urged to attend this meeting to complete plans for the program.

It is uncertain at this time whether last year's tennis cham­pions, Bill Shearin, will be on hand to defend his title. If Shearin is absent, runner-up, Harvey Levens, will be installed as favorite. "Red" Goodwin, who reached the semifinals, and Ron Scott are also rated as strong contenders, as are Ron Nelle, R. Richard, Mat McClur­ney, and Roy Siegel, all of whom showed up well in last year's play. The referee to the campus, Bob Hoffman, is expected to give the favorites some trouble. The schedule for completion of first-round matches has been set at Wednesday, Oct. 12.

This year's struggle for the Fraternity and Independent crown is shaping up as one of the hottest in recent years. Most of the top teams of last year's campaign will be as strong if not stronger, and almost any of the second division clubs are capable of an upset on a good day.

Sigma Ipsi hasn't lost a man from last fall's top ten list, and have bolstered by several new men such as 'Spider' Webb, Bob Kitts, Pat Massaro, Ken Schmalen­berger, Jim Osnow, and Randy Mallory are among those returning.

Hoitsma Anchors Flank For Third Straight Year

One of the outstanding men on the back line of the University of Richmond football team is Lou Hoitsma, co-captain of the 1948 edition of the Indian football machine who is playing his third and final season as a member of the Big Green uniform.

Hoitsma's story is one of exceptional ability along a number of lines, and for his ability as an athlete and a leader he has received a number of deserved rewards. At the close of the 1947 season, which finally came early in 1948, he was elected to co-captain the team with Tommy Thompson at center. The play of Hoitsma in the Indian-laden University of Richmond team while a member of the Navy football team. The Indians led in the race for the center post. His 1945 season was spent away from the gridiron, 186-119.

A focused sophomore High Command, already favored by its own brand of inspired hoopla and baldachin, this week was in a lather over a strange and unexpected "welcome" from the freshman camp.

Basically, it was a question of letters—that is, freshman letters not notable for their plain reverence for sophomores. On a grander scale, it was a matter of tracking down the culprits and finding an unexpected punishment to fit their unprecedented "crime."

Thus, the politicos set upon with a zeal and a determination to match the bravest of Republican funfairs. Thus do many Pagel and Merehors, agents of the sophomore DEVO, be alerted in the morn.

And as the second penny was spent to drop their less important duties and bend their all to the search for the author, or possibly the authumns, of the sinister letters. Only locally, instead of Guru letters, they were the "Bunny Bandit" letters.

Threatening Note
What started all the racket was a note posted last Tuesday and, emphatically, for the writer addressed to the Right Honorable Robert Hendrieh, freshman class president. It read:

"Hendrieh kicks in '46
He went to heaven in '47 (Joke)
Let's put him in a crate in '48
Throw him in the future in '49
It would be silly to bump him in '50

Give him the gun in '51
String him from a tree in '52
The letter, crudely cursive on coarse white paper, bore the signature, "Bunny Bandit."

Jolly enough, the stunt on the envelope was "Youth Making Saluting Young Americans."

This, apparently, was all that Hendrieh needed. With characteristic fervor he speedily roused the b'hoys, gave them detailed instructions as to how to conduct the hunt, advised the sophomore big brother for some 14 opening ceremonies set forth, when "Bunny Bandit" struck again. This time with a sudden disaster until he has notified last week's issue, are from 11 A. M. until noon and from 2-4 P. M. on Tuesday and Thursday, and from 10 A. M. to noon and from 1-4 P. M. daily.

The fee for the examination is $10, payable at the beginning of the first testing session. Testing dates have been set for October 25 and 26.

Visitors.

Cormack To Tell Mexican Experiences At Meeting Of Law Club Tomorrow

Dr. J. Marshall Cormack, professor of jurisprudence, will speak at the regular meeting of the Wythe Law Club on Monday, October 6, at 8 P.M., in the Aloysia Room of Phi Beta Kappa.

Dr. Cormack will speak on A Scholar in Latin America and will discuss his experiences in Mexico this past summer. Among a grant from the Social Science Research Council, Dr. Cormack undertook legal research on the operations of Mexican laborers. He attended the University of Mexico in Mexico City and had his office in the American Embassy there.

Six members of the Wythe Law Club were admitted to the Virginia bar following the examination in June, according an announcement by Stanley B. Hare, recently appointed public relations director of the club. Those who passed the examination are Robert R. Boyd, D. H. Sands, A. B. Smith, Jr., Robert Hornsby and Robert Elliott.

Dr. Arthur W. Phelps, professor of jurisprudence, has returned to the department of jurisprudence following a leave of absence. He has resigned as dean of the department, and Dr. Dudley W. Woodbridge, chancellor professor of jurisprudence, has been appointed acting dean of the department.

Additional Information Concerns Medical Test

In addition to information about the Medical College Admission Test appearing in last week's Flat Hat, may be added the following:

1. A transfer of an individual's score will be free and no payment of one dollar to recognize the transfer of the score from the Medical College Admission Test.

2. Application blanks for admission to the test must be secured from the Pre-medical Admission Office, 3rd floor of the Old Gymnasium.

Cormack's prediction of a high volume of college men's collar favorites in the Van Heusen line is on the mark. The world's smartest collar, Van Heusen's version of the wide-spread button-down collar, deserves top-drawer placement in your shirt wardrobe! Take a close look at this collar. It features new low-setting "Comfort Collar" styling that adds so much comfort, neatness, good looks. In fact, many college men's collar buyers already wear this collar. Its price is well below the cost. In stores now. Ask for it by name!...

Thurmond

**Dixiecrats Advocate Racial Segregation, Strict Constitutional Adherence, Checks And Balances**

(Continued from Page 1)

Thurmond, Texas, last August, is currently on a campaign swing through the South. He spoke last week-end in Baltimore.

The States’ Rights Democratic platform, adopted last July at the Birmingham Conference of States’ Rights Democrats, is composed of eight salient planks:

1. “We believe that the Constitution of the United States is the greatest charter of human liberty ever conceived by the mind of man.
2. “We stand for the segregation of the races and the racial integrity of each race; the constitutional right to choose one’s associates; to accept private employment without governmental interference; and to earn one’s living in any lawful way. We oppose the elimination of segregation, the repeal of miscegenation statutes, the control of private employment by federal bureaucrats called for by the misnamed civil rights program. We believe the populace of legislative functions by the executive and judicial departments. We strenuously condemn the effort to establish nationwide a police state in this Republic that would destroy the last vestige of liberty enjoyed by the citizen.
3. “We demand that there be returned to the people, to whom of right they belong, those powers needed for the preservation of human rights and the discharge of our responsibility as democrats for human welfare. We oppose a denial of those by political parties, a barter or sale of those by a political convention, as well as any invasion or violation of those rights by the federal government.”

The campus of William and Mary consists of approximately 1,200 acres of land. By Act of the General Assembly the college was deeded the several hundred acres of land now in use by the Eastern State Hospital in 1944. Including the airport, the acreage approximates 1,600.

"I smoked CHESTERFIELDS off stage while making my new picture, THE LOVES OF CARMEN. There's no finer smoke. I know... It's MY cigarette."

**Mary Lee Paulson ABC GIRL of University of Colorado says:**

“I smoke Chesterfield because no other brand can offer as MILD a smoke or as good-tasting a smoke... they Satisfy.”

**Copyright 1948, LIGGETT & MYERS TOBACCO CO.**
