GREETINGS FROM THE DEAN OF THE COLLEGE

The dominating motive which characterizes the conduct of faculty and student body at the College of William and Mary is service. For many years, students have left this institution imbued with this spirit and have wrought well.

Your enrolling in this institution puts you into fellowship with this fine group of men and women. We hope you, too, will be imbued with this same spirit and that you will be stimulated to achieve to the full extent of your ability. To this end, broad knowledge, sound scholarship and straight thinking are of primary importance. We commend these objectives to you.

We hope that you will lose no opportunity to prepare yourselves for the service which has characterized others who have gone before you. You can rest assured that you will find help and friendly counsel from students, faculty and administration. Into this fellowship, we bid you welcome.

Very truly yours,

K. J. HOKE,
Dean of the College.
GREETINGS FROM THE DEAN OF WOMEN

Of all the classes in the College of William and Mary, you are most to be envied. By one year, the past of the college is a little richer for you even than for the class preceding. The future holds for you the promise of rich intellectual beauty for this ancient and vigorous institution. Your own fine idealism (if this be the gift you bring to us) will increase such a beauty for yourself and for others.

You have come to William and Mary from different motives. Some of you have been lured by the desire for adventure in community living; others, by the charm of the environment here. Some have followed a path trodden by your families and friends; some have been led by associates whose companionship you crave. Perhaps only a few have thought deeply of what you may seek here for your physical, mental, and spiritual growth. Yet you feel at least vaguely that you want to grow. May it be our privilege to help you to take root securely and to develop into fearless, strong, wise, magnanimous women.

As aids to growth may you find here the friendship of administrators, of instructors, and of fellow-students; the stimulation of able minds; a challenge to your best endeavor; and a simple love of truth which will enable you to face understandingly your own failures and successes and those of your friends.

The intelligent love of a student for a college is one of the most enlarging experiences of life.

GRACE WARREN LANDRUM,
Dean of Women.

It is through the courtesy and efforts of these organizations that this Handbook is compiled and presented to the incoming classes. Student Activity Credit is given by the College to all members of these associations, which wield no little influence in almost all Campus activities, and are foremost in principle and objective of all College societies. They meet on the common ground of all Christian religions for the religious and social advancement of all Christian students.
THE CHRISTIAN ASSOCIATIONS

The Christian work on the campus is carried on co-operatively by the Young Women’s and Young Men’s Christian Associations. Each Association has its own constitution and form of organization and interpretation of purpose. But in order that certain phases of the work may be better carried out, a joint effort is made in these particular respects.

Organization:

1. The Co-operative Christian Council (C. C. C.) consists of three men and three women, chosen from among the officers of the respective associations. They have two duties: (a) the general oversight of the joint budget, which consists of those funds set aside for speakers, socials, office, etc., in which both groups participate; and (b) the right to elect the members of the Advisory Board, and guide the policy of the joint efforts of the Associations.

2. The Advisory Board consists of the President of the College, the general secretary of the Christian Associations, nine members of the faculty, elected three each year by the C. C. C., for a term of three years, and of four students, consisting of the two Association presidents and of two appointed by these in their respective Associations. The functions of this Advisory Board are, (a) to have general charge of the financial campaign and approve the budgets of the respective Associations; (b) to assist and approve the plans and policies of the Associations.

3. The Y. W. C. A. Cabinet and Y. M. C. A. Cabinet are the two executive arms of the student membership. They are ultimately the controlling voice in the carrying out of plans and the directing of the work.

Purpose:

The common purpose of the two Associations ‘‘to try to live like Christ lived, and to aid others in living like Him.’’ This purpose takes its expression in the various forms of activities, found on the following pages.

The Young Men's Christian Association is an organization of the students, administered by the students, and existing solely for the students of the college. Throughout the years, the sons of William and Mary who are devoted to the cause of humanity and unselfish service have been affiliated with this association.

The object of the Association is to create a fellowship of students vitally interested in the highest meanings of life, and thereby to develop the highest type of Christian character in the men who are to represent the College, and to influence them to devote themselves to the Christianizing of all relationships. The Association aims to be the expression of practical Christianity. It is for those who believe not in knowledge for the sake of knowl-
edge alone, but for what it can do in creating deep moral convictions of right and personal standards of worth.

Membership in the Association may be either active, or associate. Every man who pays his regular "Y" fee becomes a member. Opportunity will be given all those who wish some active part in the work.

For the purpose of securing efficiency in the organization the Young Men's Christian Association on the campus has been centralized and divided into four great departments under which all activities of the Association can be classified. Any student, either freshman or older man, who is interested in extra-curriculum work can find some phase of service in one or the other of these departments for which he is particularly suited and which will open the way for a more responsible position on the cabinet the following year.

Administration: Heading this important division is the President of the Y. M. C. A. and those making up this department give their time more to the perfecting of the organization as a unit rather than to aiding in outside service. The regular officers of the "Y", vice-president, secretary, and treasurer naturally are placed in this department. Besides these are the editor and business manager of the Handbook. There is an assistant in finance whose work it is to handle finances and direct the financial campaign.

Christian Education: To aid in realizing the aim of this department, which is "To interpret through various means, the life and teachings of Christ for the College student," the director has divided his work into committees under the guidance of a chairman. Devotional meetings with varying programs such as: open forums, music, pageants, lectures, etc., under the leadership of the chairman, offer unlimited opportunities for service and leadership. The committee on Christian World Education tries to bring to the attention of the campus through speakers, literature, and discussion the importance of education along the lines of new social gospel, industrial relations, race relations, and international relations.
CAMPUS SERVICE: This department has for its aim the meeting of the social needs and general welfare of the student body. Meetings of the entire group are held every other Tuesday evening. A special social committee is planning some interesting things for the coming year. A committee has charge of freshman work. This committee co-operated with other organizations in serving the freshman in every way possible. The "Y" room, which Mrs. Blow gave and so handsomely equipped, is left to this department to care for and keep as convenient as possible for the students.

PROGRAM

To further Christian Fellowship, to maintain the "Y" Room, to aid all Freshmen, to promote better interdenominational feeling, and to better the social relations of the faculty and administration with the student body.

PURPOSE OF THE Y. W. C. A.

The Young Women’s Christian Association of the College of William and Mary, a member of the Young Women’s Christian Associations of the United States of America and a participant in the World’s Student Christian Federation, declares its purpose to be:

"We, the members of the Young Women’s Christian Association of the College of William and Mary, unite in the desire to realize full and creative life through a growing knowledge of God.

"We determine to have a part in making this life possible for all people.

"In this task we seek to understand Jesus and follow Him."

MEMBERSHIP IN THE Y. W. C. A.

Every woman at William and Mary who is interested in the aims of the Y. W. C. A. and who wishes to strive with other women will be given the opportunity to join in September. By her membership in the Y. W. C. A., a student also becomes a member of the World’s Student Christian Federation, which is composed of many different student movements in forty different countries of the world.
BIG SISTER PLAN

Every year the Y. W. C. A., in co-operation with the Women's Student Government, organizes a band of "Big Sisters," who feel that this endows them with a special kind of friendly ownership and interest in their "Little Sisters" of the freshman class. This year, the "Big Sisters" of this year's Freshman Class will be interested upper-classmen.

It is the special duty of the Big Sister to help her Little Sister to get settled into the swing of collegiate life. After freshmen are accustomed to William and Mary, each Big Sister retains her special interest in her protege.

MEETINGS

Alternate Thursday nights is the set time for meetings of the Y. W. C. A. There will be either a lecture, entertainment, Vespers, or discussion groups. This year an activity credit will be given for participation in Y. work.

The Y. W. C. A. Committees represent almost every phase of campus activities and major interests of the college woman's life. Every member is urged to choose carefully the committee in which she feels the greatest interest, and to which she feels the most enabled to contribute by her work and enthusiasm, and participation in the different discussion groups of the several committees.

THE Y. W. C. A. ROOM

The Y. W. C. A. Room is on the first floor in Barrett Hall. It is open at all times for the use of the co-ed students, and they are especially invited to enjoy it.

Committees

The following are the organized groups which control the varied activities of the Y. W. C. A. in all fields of Campus life.

Music Committee

The music committee plans musical programs for Y. W. C. A. meetings. This year the music chairman will try to start a Girl's Student Orchestra.
Social Committee

The Social Group of the Y. W. C. A. has charge of all social activities of the organization. It has for its purpose the encouragement of fun and joy in our play to fill our lives with the happiness they are due to have alongside the work.

Devotional Committee

It is the duty of the Worship Committee to strive toward a creative and working knowledge of God through quiet periods, through fellowship with each other, and through service. It is the duty of this committee to report to the entire Y. W. C. A. its findings by means of worship programs.

Publicity Committee

The Publicity Committee makes attractive posters to advertise all Y. W. C. A. functions. If you are interested in this phase of Y. W. C. A. work be sure and sign up for it.

Poetry Committee

This committee is organized for the benefit of all interested in poetry. It presents two programs a year, one of religious and nature verse and one of romantic poetry.

Dramatic Committee

This committee takes charge of the Christmas pageant and presents a program for the benefit of the group. This year it will try to give some study of dramatic technique.

THE BEST ALL-'ROUND FRESHMAN

For the past four years it has been the practice of the Y. W. C. A. Cabinet to elect the Best All-'Round Freshman and to reward her in some way. The woman selected must be outstanding not only in the Y. W. C. A., but in other activities as well. She must be a capable leader, and have a high scholastic standing.

EDITORIAL COMMENT

This year, more than ever, does the Y. W. C. A. offer the new student exceptional opportunities. Since the Administration of the College has decided to grant Student Activity Credit for membership in this organization, there are few co-eds who can afford to pass up the opportunity of membership. There are a certain number of activity credits to be required before a degree from the College may be given. Do not miss this chance with its double advantages. Join now.

Foreword to Freshmen

The Indian Handbook

You are supposed to carry this book with you at all times during the first month of the college year.

1934-1935
Foreword to Freshmen

Students coming to College do not want to have advice given them by upperclassmen—but a little goes a long way in making your stay long, as well as pleasant, at William and Mary. There are certain things to do, and others not to do. With a little cooperation, the Freshman can make life lots easier and certainly more enjoyable.

William and Mary upperclassmen ask little of the freshmen—'Dues' and 'Duccesses.' In the case of the men the wearing of a 'due' hat, and a green tie—the staying on recognized campus walks, and a few other rules, are substituted for the rhythmic swing of a paddle. There are no public grand spectacles of freshmen running about clad in barrels, etc. All we ask you to do is play the game—go out to the football games, and yell, wear your hats and ties, and obey the orders of the Men and Women's Tribunals—and there will be no trouble.

A Custom

It has been said that William and Mary is one of the most friendly Colleges in the country. Many visitors remark about the greetings and expressions of good will between the students on the campus. It is a custom here to greet everyone with a 'Hae!' or a 'Hae Gentlemen,' and it has made William and Mary a better place to live in. Please do your part—you will find the upperclassmen always ready to greet you with a smile, so meet them half way.

Publications

It takes active student support to make College Publications click—men and women who want to work, and who will come out and give what they have, and who want to have a good time while doing it. So when the call for 'Flat Hat' staff tryouts comes, drop over to the office, and see if you don't think it's a lot of fun. It also takes money to support these publications, so pay your student activities fees—these fees must be paid before you can join a Sorority or
Fraternity, vote in Student Association Meetings, or receive any of the College Publications.

About Class Work

This is a subject which is hard to start on—for we did just what we are asking you not to do when we first came here. Don’t wait around until your first months exams come along before you start studying. Get the work in daily, and keep up on your assignments—and you won’t lose out. The Honor System is a source of pride to us here. It will be fully explained to you at the beginning of the fall term.

In closing remember that College is just what you make it—go out for athletics, publications, debate, or other activities. Fraternities and Sororities are here for you to join. Professional and Honorary Organizations are looking for new members—see that they find you.

BUILDINGS AND GROUNDS

THE WREN BUILDING

The Old Main Building, now called the Wren Building from the well-founded belief that its plans were drawn by Sir Christopher Wren, is the oldest of the campus group. For the most part, its walls are those of the original building structure of 1695. Until the close of the session 1927-28, it housed the academic subjects, exclusive of the sciences, law, and business administration. In the south wing was the original chapel, memorable for its valuable portraits, and its tablets in memory of former professors and distinguished alumni. This building is being restored to its original form and appearance through the generosity of Mr. John D. Rockefeller, Jr.

THE PRESIDENT'S HOUSE

Northeast of the Wren Building is the president's house. Since its erection in 1732 it has been the residence of the successive presidents of the college.
Southeast of the main building and facing the home of the president stands Brafferton Hall. Here are located some of the administrative offices of the college—namely, those of the alumni secretary and the treasurer.

Brafferton Hall was built from funds derived from the estate of the Honorable Robert Boyle, the distinguished natural philosopher, who, in his will, had provided that four thousand pounds sterling of his money should be employed in "pious and charitable uses." Dr. Blair, the first president of the college, being in England at the death of Boyle, urged the Earl of Burlington, Boyle's nephew and executor, to direct the fund to the support of a school for Indians in connection with the College of William and Mary. Burlington invested the funds in an English manor called The Brafferton in Yorkshire, from which most of the rents were to go to the college in Virginia. Brafferton Hall was built in 1723 from the proceeds of the Brafferton estate, and until the beginning of the Revolutionary War was used as a school for Indians.

The William Barton Rogers Science Hall was erected in 1927 as a memorial to the alumnus of the college who founded the Massachusetts Institute of Technology. It cost $300,000 completely equipped with laboratory apparatus and furniture. The ground floor houses the department of physics while the second and third floors house the department of chemistry. In addition to the standard laboratories for the various fields of physics and chemistry, there are lecture rooms, reading rooms, and private laboratories for research work. It is a fireproof building embodying many new features of laboratory construction. This building is the first one of an academic group which is planned.
WASHINGTON HALL

Washington Memorial Hall was erected in 1928 as a memorial to George Washington, licensed as a surveyor by the college in 1749, and the first Chancellor of the college after the Revolution. The building cost $200,000.00.

The ground floor houses the Department of Biology while the second and third floors furnish lecture rooms and offices for the Department of Education, English, Fine Arts, Mathematics, Philosophy, Latin and Modern Languages. In addition to lecture rooms the first floor accommodates the offices of the Dean of the College, Dean of Men, Dean of Women, and the Registrar.

The building is of fireproof construction and is the second of the group of academic buildings planned by the administration.

COLLEGE LIBRARY

Before 1908, the library was immediately back of the Chapel in the main building of the College. In 1908 a new building was erected with funds given by Mr. Andrew Carnegie and other friends of the College. In 1921, the Carnegie Corporation gave an additional $25,000. This money was used in erecting a larger stack room. The rapid growth of the College in the past few years had made it necessary to enlarge the stack room again, and to provide additional reading room accommodations. With an appropriation from the State of Virginia the old building has been enlarged at a cost of $120,000.00 by the erection of a three-story structure between the former reading room and the stack room. The library will now have capacity for about 400,000 volumes and reading room space for 500 students at one time. At the north end of the stack room, cataloging and office rooms have been erected. The basement of the new three-story structure has been so built that it may be used in the future as an additional stack room. The new reading room on
the first floor connects with the old reading room. A fund of $20,000 has been given by Mr. William Lawrence Saunders and Jennie Morton Saunders to furnish this room suitably in memory of their uncle, Robert Saunders, former president of the College. On the second floor there is an additional reading room, almost as large as the first, which will be used for periodicals and special collections of reserved books. On the third floor is a very comfortable reading room, which will be set aside for the law library. The library has at this time 70,000 books, and an unusually valuable collection of rare books and manuscripts. The most valuable books and manuscripts, together with the college records, will be kept in a new concrete vault, built for this purpose. The collection of manuscripts is constantly receiving valuable accessions through gifts from the many friends of the College. The books are catalogued according to the Dewey decimal system. A dictionary card catalog, kept up to date by the use of the printed cards of the Library of Congress, makes the resources of the library available. About 5,000 books are added to the library annually. The number of current periodicals regularly received is 500.

On the walls of the new reading rooms will be hung portraits of distinguished alumni, eminent Virginians and benefactors of the College. The portraits belonging to the College constitute one of the most valuable collections of early original portraits in the United States. Students are encouraged to consult books not only in the reading rooms but also in the stack room, to which they are admitted at all times without any formality. As the library is conducted according to the honor system, any dishonorable practice on the part of a student will be referred to the men’s honor council or to the women’s honor council. To increase the serviceableness of the library, the librarian offers each semester a series of thirty-six lectures in the use of reference books, for which a student receives two credits. The library is open every day in the year from 8:30 to midnight, except Sunday, when the hours are from 2 p. m. until midnight.
SAUNDERS READING ROOM

As a memorial to Robert Saunders, Professor of Mathematics, 1833-1848, President of William and Mary, 1847-1848, the large reading room on the first floor of the library has been equipped at a cost of $20,000.00 by William Lawrence Saunders and Jennie Morton Saunders.

PHI BETA KAPPA MEMORIAL HALL

The Phi Beta Kappa Memorial Hall was completed and opened for use in November, 1926. The funds for the erection of this hall were furnished by the United Chapters of Phi Beta Kappa as a memorial to the fifty founders of the Society. The building is used as an auditorium and as a home for Phi Beta Kappa guests.

THE GEORGE PRESTON BLOW MEMORIAL GYMNASIUM

This building was given to the college in 1924 by Mrs. George Preston Blow, of Yorktown, Virginia, and La Salle, Illinois, and by her children, in memory of Captain George Preston Blow, of the United States Navy, whose father and grandfather were alumni of the college. It is one of the largest and best equipped gymnasiums in the South, containing a standard size swimming pool, shower baths, lockers, basketball court, large gymnasium hall, running tracks, monogram and trophy room, and a large hall for Y. M. C. A. and other meetings. In addition to the dedication tablet, a large bronze tablet in the entrance hall carries an inscription, setting forth the purpose to which the building is dedicated.

CARY FIELD PARK

The whole campus of the college contains about three hundred and fourteen acres, one hundred and
thirty acres of which are cleared. The eastern portion of the campus, covering about thirty acres, is used for buildings; the western portion is used for athletic purposes. The latter portion of the campus is known as Cary Field Park, named in honor of T. Archibald Cary, who gave the funds for grading the baseball and football grounds and for building the grandstand. Additional ground has been graded and affords ample room for all outdoor sports.

THE MIRIAM ROBINSON MEMORIAL CONSERVATORY

The Miriam Robinson Memorial Conservatory was erected in 1926, on the South Campus, adjoining Tyler Hall, through the joint efforts of the Board of Visitors and friends of the College, in memory of the little girl whose name it bears.

It consists of a greenhouse for decorative plants, a well-equipped laboratory or class room for teaching practical floriculture, and a cool house at the opposite end of Tyler Hall for class work.

An apartment for the use of the Director of the Conservatory, between the north greenhouse and Tyler Hall, has been enlarged during the past year. The purpose of this Conservatory is to provide for classes in practical floriculture, which are given as electives, without fee from the students or cost to the College, and emphasizes the cultural value of flowers and decoration in education.

Due to the activities of the Conservatory, considerable planting has been done on the campus, and a beautiful natural park, with an artificial lake, has been begun.

DORMITORIES FOR MEN

There are three dormitories for men with total accommodations for more than three hundred seventy-five students.

All dormitories are heated with steam, lighted with electricity, and screened. Each room is supplied with pure running water from the artesian well on the
campus. There are hot and cold shower baths on each floor. The rooms contain all necessary furniture, such as steel lockers, dressers, tables, chairs and single iron bedsteads and mattresses. All freshman students except those coming daily from their homes are required to live in the college dormitories and board in the college dining hall.

Tyler Hall

Tyler Hall, built in 1916, is a three story brick building containing twenty-seven very large, airy rooms, some of which have separate study and sleeping apartments. The construction of the building in two distinct units obviates the noise incident to long corridors. This hall also is distinctly modern in all its equipment.

Monroe Hall

The men's dormitory known as Monroe Hall was opened for use in September, 1924. The cost of this hall, including equipment, is $200,000.00. It is a thoroughly modern, fireproof structure containing memorials to many distinguished alumni and affording accommodations for 168 students.

Beginning with the session 1929-30 this building will be used exclusively by freshmen and adequate supervision for insuring satisfactory conditions for study will be provided.

Old Dominion Hall

The Old Dominion Hall, "'The Virginia Hall of Fame," was completed in 1927 as a dormitory for men. It contains one hundred rooms, each room bearing the name of a Virginian who has played a prominent part in the making of our country. This building cost $175,000.00 and houses 170 men students. In addition to the dormitory rooms, it contains a Social Hall 90 feet by 40 feet, and two memorial parlors. It was opened for use September, 1927.
DORMITORIES FOR WOMEN

All women students of the College, except those who come daily from their homes, are required to live in the college dormitories and board in the College dining hall. Exceptions to this rule will be made only in the case of mature women who are twenty-five years of age or over.

Jefferson Hall

Jefferson Hall, the dormitory for women, was erected by funds provided by the General Assembly in 1920. This brick building is two hundred feet by forty-one, and is in every respect modern, sanitary, and attractive. In the basement is a gymnasium eighty-eight by forty-one feet, and a swimming pool of the capacity of forty-five thousand gallons. The main, or ground floor, contains the main entrance, the parlors and the apartments for the director of women and for the women teachers. The second and third floors are the dormitories proper. The rooms are fourteen by fifteen feet in size, and each accommodates two students. There is in each room running water, hot and cold; two large closets, and two single iron beds, besides a dresser, a table and chairs. The building accommodates one hundred and twenty-five students.

The gymnasium in the basement of Jefferson Hall is modern in all respects. Its floor space, eighty-eight by forty-one feet, is sufficient for basketball and indoor games and exercises. Adjoining this open court are the swimming pool and the dressing rooms. The gymnasium is supplied with steel lockers, shower baths and modern equipment.

Kate Waller Barrett Hall

The Kate Waller Barrett Hall was erected by the college in 1927 as a memorial to Dr. Barrett, one of the leading figures in the movement for the higher education of women in the South, and at the time of her death in 1925 a member of the Board of Visitors
THE INDIAN HANDBOOK

of the College. It cost $225,000.00 complete, and houses 176 women students. It is the central building of three women's dormitories, one of which (Jefferson Hall) is already completed, and the other is to be constructed in the future. Barrett Hall is of modern fireproof construction.

Chandler Hall

This dormitory for women is the latest addition to the campus. It is located next to Barrett Hall and is of similar architecture. The conveniences afforded by this dormitory are those of a modern building.

FRATERNITY HOUSES

A number of fraternity houses afford comfortable accommodations for men or women. The Board of Visitors considers that the fraternity houses are subject to the same rules and regulations as the college dormitories. They can be entered at any time for inspection by members of the faculty and officers of the College.

THE PRACTICE HOUSE

The practice house, a feature of the department of home economics, is a large two-story frame structure. All remodeling and renovating were done under the supervision of the department, it presents a very attractive appearance.

Under the supervision of a professor, who is a member of the practice house family, a group of three or four students, juniors and seniors in home economics, lives in the practice house for a period of twelve weeks, and, during this time, does all the work of the household. Although it is not the purpose of the practice house to duplicate home conditions exactly, every effort is made to create a pleasing, home-like atmosphere, in which the students should form the highest possible standards for home-making. Visitors are welcome at all times.

42
TRINKLE HALL

The old dining hall, which has been remodeled and enlarged for the use of both men and women, has become one of the most attractive buildings on the campus. The building complete has cost $150,000.00, and seats from 900 to 1,000 students. It is sanitary, artistic, and beautiful. Especially has the main dining room hall been commented upon for its great beauty.

INFIRMARY

The College maintains one large and spacious infirmary for the use of the students. This infirmary is one of the latest additions to the buildings of the College and is modern in every respect. Nurses are on duty at all hours and the College doctor has regular office hours to the students.

BUILDINGS IN RICHMOND

The Richmond division of the College occupies two buildings at the corner of Shafer and Franklin Streets, Richmond, Va. The main building, a substantial three-story and basement structure, is used both for class rooms (first floor) and as a dormitory (second and third floors). The dining hall is in the basement, which has high ceilings and is well lighted. In the east wing of this building are the laboratories and studios. The College buildings in Richmond are valued at $140,000.
NEW BUILDING PROGRAM

Work on the new building program of the College is well underway. This program has been made possible by a loan of $650,000 from the PWA funds. When all the work is completed on this program the College will have a complete plant on the plan projected by the late Doctor J. A. C. Chandler, President of the College until his death on May 31, 1934. This was part of Dr. Chandler’s extensive plan for building up the College to its present position among the Colleges of the State and Nation.

Taliaferro Hall, new men’s dormitory, will be the first building completed, and is expected to be ready for occupancy by February, 1935. It will face Tyler Hall, and complete the rectangle formed by Tyler Hall, the Dining Hall, and the Jamestown Road.

The Marshall Wythe Building, to be located next to Rogers Hall, will contain the offices of Administration and class rooms. It will be similar in style to the other College buildings.

The Student Activities Building will fill a long felt need for the student body to have a separate building for Club meetings, social gatherings and the like, as well as for offices of student publications. The Y. M. C. A. and the Y. W. C. A. will also have quarters in this building. It will contain rooms for banquets and receptions, and will have facilities for indoor sports.

The Stadium is to be built directly behind the campus. It will contain one playing field, with facilities for football and track, and will accommodate approximately 10,000 people.

With the assistance of a C.C.C. unit the College is developing a 1200 acre tract adjoining the campus. This area will become a park and will contain many miles of beautiful trails. A natural amphitheatre near the College Lake when completed will be used for open air concerts.

THE HONOR SYSTEM AT THE COLLEGE OF WILLIAM AND MARY

Among her many priorities, William and Mary justly claims that of leading the way in the formulation and adoption of the Honor System. It was inaugurated here in 1779. Early in college days when no other idea of college government prevailed throughout America than that the student should be watched like a suspected criminal for offenses, either actual or potential, the faculty of William and Mary appointed a committee, whose head was the distinguished jurist, Beverly Tucker, to draw up a statement of the spirit and content of an honor system by which the conduct of the students of the old college was to be guided. At once put into operation, this system has been in continuous existence since its establishment.

But glorious and inspiring as is the historical origin of the Honor System, it is with its operation now and in the future that the men and women of the new day at the old college are primarily concerned. In the first place, it is of vital importance that every new student enrolling in September, should clearly understand what the Honor System really is and what it means in his life and in the corporate life of the College. Ignorance of it may bring the possibility—even the probability of breaking it, and at once there follows a well nigh irreparable injury to the character, the reputation, and the future of the individual student and an equally grave lowering of the morale of the student body, for this must always suffer by the disgrace of any of its members. It is in this spirit that the present serious attempt is made to set forth, especially for the benefit of the students, just what the Honor System is and what is required of each in order to translate it into his life.
The Honor System may be defined in a word as individual responsibility. It brings home to the individual man or woman who would stay at the noble old college and get the advantages she offers, his personal responsibility for her fair name and honor. It emphasizes two things: first, that the student must recognize that he is answerable in the very fullest degree for every one of his actions and dealings with the members of the faculty and with his fellows, in his or their rooms, in the dining halls, the athletic fields, the social centers, and the class rooms; and, second, that he must recognize his personal responsibility for the well-being of the college in every phase of life in which he touches her existence.

Such phases, in the large, will at once suggest themselves to every one. They include, primarily, everything which touches the securing of aid, assistance, or profit in scholastic work of whatsoever kind, whether in term class work, periodical tests, or in the work handed in to the instructor, though it is to be regretted that in the formal examinations, as well as in all latter respect, students otherwise most sensitive to the Honor System do not seem to feel its demands so keenly as in regard to the others. A slight reflection, however, will convince one that work of this kind should also be included in the scope of the Honor System. It is a source of pride to all lovers of the college that public opinion of the students is now, and has always been, most healthy, vigorous, and uncompromising in its condemnation of all infractions of the Honor System falling under the heads just enumerated.

As to all offenses touching the taking of property which is not one's own, in any form, it goes without saying that these come most completely under the condemnation of the Honor System, and find swift and deserved punishment at the hands of the student body itself.

To the Students and Prospective Students of the
College of William and Mary:

In order that there may be a thorough understanding of the Honor System as it is interpreted and will
be applied in the College of William and Mary in Virginia, we, the members of the Students' Honor Councils are sending each student and prospective student this circular letter.

By matriculation into the College the student pledges himself to maintain the Honor System. If the student does not wish to uphold this Honor System he must not matriculate.

The Honor System is the very foundation of student life in the College of William and Mary. This must be understood by every student at the outset. The Honor System is not merely a name nor is it a convenient means of escaping spying by the Faculty. The College of William and Mary has the distinction of having first originated and introduced the Honor System into American collegiate life, the System having been established here in 1779, and has been in continued existence here ever since. The Honor System has always been and must be maintained as the working principle of student life and as the indispensable expression of the spirit of the College of William and Mary. The Honor System simply requires that a student should act honorably, no more, no less.

Stealing, defrauding, and lying, are breaches of honor upon which a student may be placed on trial by his fellow students, to determine whether he is fit to continue as a member of the College.

As applied to scholastic work the following interpretations of the Honor System are set forth by the Student Honor Councils:

I. All scholastic work, whether it be in the lecture room, the library, the student's room, or elsewhere, is under the Honor System. All cheating, whether in work pledged or unpledged, whether in tests, assignments, or examinations is a violation of the Honor System. Giving aid to any student or receiving aid from any student, without the consent of the professor, in tests, assignments, or examinations, is cheating.
II. All written tests and examinations given in the classroom will require a formal pledge. The pledge is required not for the purpose of creating the obligation but to remind the student of the obligation already existing under the Honor System.

III. For any forms of scholastic work other than written examinations and tests in which the professor desires the use of a pledge, the professor or instructor will prescribe the form of pledge to be used and will make clear the scope of the pledge and responsibility of the individual under the pledge.

The student's "sense of honor" is not inherited; it is acquired. And it is acquired in some specific environment. It is therefore relative to that environment. In the College of William and Mary the older students furnish the environment; and unless the older student jealously guard the Honor System by reporting cases of dishonor and ostracizing the dishonest, the new students will not acquire that "sense of honor" necessary for an efficient Honor System.

The Honor System is supported and handled by the students themselves and they are wholly responsible for it. Violations of the Honor Code are reported, not to the Faculty, but to the Student Honor Councils. It is the duty of every student to report another student seen in a dishonorable act. Loyalty to the student body demands it. If a student fails to report another student because he is a close associate the Honor System is defunct. Reporting cases is not spying or tale-bearing, for the Honor Councils are representatives of students themselves.

Reread this letter carefully and keep for reference. The System will be explained by the representatives of the Honor Councils at the beginning of the session.

Faithfully yours,

THE STUDENT HONOR COUNCIL.

Increasing its ambitious athletic program both internally and externally, William and Mary is fast advancing in the realm of sport. Teams of high calibre are putting forth everywhere the name of William and Mary. The Indians are starting to press for first-rank recognition. Schedules are becoming more difficult and more representative. The future of the Indians seems bright.

Inter-fraternity and non-fraternity events have aroused tremendous interest on the campus. Baseball, track, swimming, and bowling are sponsored by the athletic department.

Sports at William and Mary are classed as either major or minor, according to the decree of the 3-3-3 committee. Those recognized as major include football, baseball, basketball and track. The minor sports are tennis, fencing, swimming, golf and probably this year boxing. Here is ample opportunity for the ambitious candidate to earn his letter in any field he
chooses. The freshman teams are football, basketball, track and baseball. Schedules somewhat similar to the varsity are arranged with prep and freshmen teams of other institutions.

The usual collegiate eligibility rules are in effect at William and Mary. The college is a member of the Virginia-North Carolina Conference and abides by its rules.

The Indians went through a fair season winning six games and losing five, but made up for it with a beautiful climatic beating of our traditional rival, Richmond, in the annual Thanksgiving tilt. Throughout the season, the cry was "Get the Spiders" and with Billy Palese and Stumpy Bryant running wild, victory was ours.

This year the prospects of a successful season loom brightly. With Bryant, Bridgers, Murray, LeGrande, Stewart, Smith, Blaker, Shade, Yerkes, Young, De Goutis, Zable, Hatke, Spack, Sorensen, Franklin, and Marino will form the nucleus of the 1934 aggregation.

ALMA MATER

Hark, the students' voices swelling,
Strong and true and clear;
Alma Mater's love they're telling,
Ringing far and near.

CHORUS

William and Mary, loved of old,
Hark, upon the gale,
Hear the thunder of our chorus,
Alma Mater—hail.

All thy sons are faithful to thee
Through their college days,
Singing out from hearts that love thee,
Alma Mater's praise.

Iron shod and golden sandaled
Shall the years go by,
Still our hearts shall weave about thee
Love that cannot die.

God, our Father, hear our voices,
Listen to our cry.
Bless the college of our fathers,
Let her never die.

THE INDIAN WAR CRY

The Indians are taking the warpath today,
Old Green, Gold and Silver plunge into the fray.
The fight may be hard and the game may be long,
We'll rally against them and sing the old song: RAY!

Chorus

William and Mary forever and aye!
Cheer her again, boys, we'll yet win the day—Ray!
Tri-colors waving, it floats there on high,
An emblem of vict'ry touching the sky.
So shout out the war cry and fight to the end,
They'll never, no never, beat W. and M.!

II

Their line's shot to pieces, their backs cannot gain,
Just watch the old Indians romp away with this game.
We've got them all going, there's nothing to fear,
So rally again now and give the old cheer: RAY!

III

When the fight goes against us, struggling in vain,
When all of their efforts seem surely to gain,
When hope seems to leave us, the chances all gone,
We'll rally against them and sing the old song: RAY!

Social Fraternities

The Indian Handbook 1934-1935
SOCIAL FRATERNITIES

There are at present thirteen social fraternities for men on the William and Mary Campus. All of these are national fraternities. While William and Mary may claim the distinction of having the oldest fraternity in the country, Phi Beta Kappa, this has been an honorary fraternity for a long time. The first social fraternity was Theta Delta Chi, which established a chapter here in 1853. Second was Sigma Alpha Epsilon which established its Virginia Kappa chapter on this campus in 1857. Pi Kappa Alpha established the third fraternity chapter here in 1871, the Kappa Alpha Order and Kappa Sigma completed the list of those established before 1900 by installing chapters here in 1890.

Very little changes in fraternities took place during the next few years, and Sigma Phi Epsilon was the only fraternity to establish a chapter here during the years of 1900 to 1922. Virginia Delta chapter was established here in 1904.

With the increasing enrollment of men students in the College about 1919 there arose a need for new fraternities. Epsilon Iota chapter of Sigma Nu was installed in 1922, and there was again a lull in fraternity establishment at William and Mary. In 1926 a local fraternity, Phi Epsilon Beta, joined the Phi Kappa Tau national fraternity to become Alpha Theta chapter. Following this fraternities were established here in rapid order. Lambda Chi Alpha and Phi Alpha both established chapters here in 1927. Pi Lambda Phi came into fraternity affairs in 1929 to be followed in 1930 by Alpha Phi Delta, and in 1931 by Sigma Pi. Thus it has only been during recent years that fraternities have been settled on the campus. About one-half of the men's student body belong to social fraternities.

The fraternities are supervised by the Inter-Fraternity Council, composed of two representatives from each
chapter. This Council draws up rules and regulations for the conduct of chapters, lays down rules for rushing, and promotes inter-fraternity relations. For the past three years William and Mary has had a deferred system of rushing, but with this year an early rushing season will be established. The Inter-Fraternity Council provides penalties for the breaking of rushing rules, and supervises rushing. The new rushing rules are as follows:

A. Time and Limits—
   1. The formal Rushing Period shall commence the first Saturday in November of each year at two o'clock p.m.
   2. The formal Rushing Period shall close the following Friday at twelve o'clock midnight.
   3. From twelve o'clock midnight, on Friday until the following Sunday at noon no Fraternity man may speak or mention a Fraternity to a freshman.

B. Pre-Rushing Regulations—
   1. Any fraternity house may have up to four freshmen in their house at one time. The freshmen may stay until 12 P.M. This will be allowed until two weeks before rushing begins, after which time NO FRESHMEN will be allowed in fraternity houses. Penalty for not observing this will be delaying of rushing for the house concerned until after the regular rushing period.
   2. Fraternities are on their honor not to talk Fraternity to any freshman until the formal rushing period begins.
   3. No freshman may be invited to meals by any fraternity man before the formal rushing period begins.
   4. A Fraternity's communication with a freshman through an alumnus with the purpose of "sewing up" shall be considered a violation of the rushing rules and shall be subject to the same penalty as direct communication.

C. Penalties—
   1. A violation of Section B by either freshmen or fraternity shall be immediately reported to the President
of the Inter-Fraternity Council, who will immediately call a meeting of the said Council for the purpose of hearing the case and charges. If any freshman is found guilty, he shall be denied the privileges of being formally rushed and pledged until one week after Silence Day. If any Fraternity is found guilty of violating said rules, it shall be prohibited from rushing during the formal Rushing Period. Any Fraternity refusing to accept the disciplinary action of the Council after a proper hearing has been had, shall be suspended from the Inter-Fraternity Council for the remainder of the school year.

D. Formal Rushing Period Regulations—

1. Parties, banquets, smokers, oyster roasts, and other social functions are to be limited to a total of three by each Fraternity.

2. Total rushing expenses per Fraternity is not to exceed $85.00, and an itemized account of all expenses is to be turned in to the President of the Inter-Fraternity Council by each Fraternity not later than noon on Silence Day.

3. No freshman is allowed to spend the night in a Fraternity House.

4. No fraternity may pledge a man who has failed to pay his activity fee. Each Fraternity shall give a list of their pledges to the Secretary of the Inter-Fraternity Council not later than six o'clock p. m., on the day of pledging, who will check all lists with the Treasurer for the Board of Control.

5. The penalty for violation of any of these rules pertaining to the formal Rushing Period, shall be the loss of the privileges of pledging men for one month following Silence Day. A second violation shall mean suspension from the Inter-Fraternity Council for the remainder of the school year.

WOMEN'S SOCIAL FRATERNITIES

PANHELLENIC RUSHING RULES

The Panhellenic Council approves the following system of preferential rushing and bidding. The rules are printed here in order that you freshmen and new students may know them and co-operate with us in upholding them. There is to be no fraternity talk by any sorority member, and information about each sorority will be found in the "Indian Handbook" so that such talk will not be necessary. Miss Helen Weeks, the Panhellenic faculty advisor, will give a short talk to the new students during the first week of school, to explain the fraternity system on this campus, and the rushing rules.

I. The following rules have been adopted by the Council:

1. There shall be no fraternity talk during the period of rushing by any sorority member or alumna. Fraternity talk consists of "sewing up" at any time before the end of rushing, any discussion of one's own or other sororities, any exhibition of the publications or scrapbooks of any sorority, any sorority songs.

2. Rushing shall be confined to William and Mary campus, and the first block of the Duke of Gloucester street, and there shall be no riding of rushees in cars.

3. No money shall be spent by any sorority beyond the sum of $30, which the Council has fixed as the maximum amount to be spent on parties.

II. The following program for the period of rushing has been adopted by the Council:
1. Rushing will begin the Monday, Sept. 10. The hours of rushing will be from 9 to 5 on Monday, Tuesday, Wednesday and Thursday. During this period any sorority girl may visit a new girl any place on campus except the houses for a time of one half hour a day.

2. From Friday, Sept. 14, to Friday, Sept. 21, rushing hours will be from 4-6 and 7-9, with the half hour rule holding. This is with the exception of the Mondays falling within this period, when the evening rushing hours will be from 8-10.

3. On Friday, Sept. 21, each sorority will hold open house from 7-10. Panhellenic will allot dates for visiting at the various houses to each rushee.

4. On Saturday, Sept. 22, and Sunday, Sept. 23, there will be no rushing.

5. Beginning Monday 24th, and continuing through Thursday 27th, rushees may visit houses from 4-6 and 8-10 on Monday and Tuesday; and from 4-6 and 7-10 on Wednesday and Thursday, according as Panhellenic has arranged dates for them.

6. On Friday, Sept. 28, from 7-10, each sorority will give a preferential party. Rushees may attend only three parties each.

7. On Saturday, Sept. 29, there will be no rushing. On this day in the morning each sorority will send a list of bids to a disinterested faculty committee of three, selected by Panhellenic. The committee will then send one form letter to each girl who has received a bid, asking her to write out her three preferences in order, and telling her where to take these. Of course, if she will will consider going only one, or two, she is
only to write out the ones that she will consider.

8. On Sunday, Sept. 30, each rushee will hand in to the committee her preferences. The committee will organize these, and notify the sororities of the girls who have accepted them, by five o'clock on Sunday.

III. The following rules have been made for trying possible cases of violation of rules:

1. All cases shall be tried and judged by the Panhellenic Council.

2. If at any time during the period of rushing a sorority be found guilty of fraternity talk, that sorority must suspend all rushing and sending of bids until Monday, October 1st.

3. If a rushee has stated for her first choice a sorority which has so been penalized, the committee shall allow her to wait for the possible bid of the penalized sorority if she so desires. If she does not wish to do this, she may take her second choice.

4. If a sorority be found guilty of violation of the program or of any rule except that of fraternity talk, Panhellenic shall fix the penalty, to consist of deprivation of rushing hours, the number to be decided by the Council.
