WHAT CAN A LITERARY SOCIETY DO FOR YOU?

The ability to speak in public on all occasions is an asset few people have, but one which most people can develop. By active interest in a literary society, this ability may be stimulated and developed, and by constant association with men interested in forensic work, the new student in college will gain an appreciation of literary work that will remain with him during his college career.

There are many activities at William and Mary, and the new student in college should select only those of most interest to him, and then strive to make a real success in his chosen field. No matter what field you choose, the Phoenix Literary Society stands ready to help you. Meetings are held once a week at which time there is a program consisting of readings, orations, declamations, and debates. The first meeting of the year will be a social for all new men in college who care to be guests for the evening.

The Phoenix Invites You!

Join the Oldest Literary Society At William and Mary.
HAT DOES IT PROFIT A MAN TO GAIN WISDOM AND NOT BE ABLE TO EXPRESS IT?

During the next four years you will be led on to speak at various functions under widely differing conditions.

Will You Know How?
The purpose of the Philomathean Literary Society is to teach you how to express yourself on all occasions.

JOIN THE PHILOMATEAN LITERARY SOCIETY YOU ARE WELCOME!

Meets every Friday night in Philothean Hall.

THE TRUE GENTLEMAN

The True Gentleman is the man whose conduct proceeds from goodwill and an acute sense of propriety, and whose self-control is equal to all emergencies; who does not make the poor man conscious of his poverty, the obscure man of his obscurity, or any man of his inferiority or deformity; who is himself humbled if necessity compel him to humble another; who does not flatter wealth, cringe before power, or boast of his own possessions or achievements; who speaks with frankness, but always with sincerity and sympathy, and whose deed follows his word; who thinks of the rights and feelings of others rather than of his own; who appears well in any company, and who is at home what he seems to be abroad—a man with whom honor is sacred and virtue safe.

—JOHN WALTER WAYLAND.
DEDICATION

1927

To the Class of 1931 this little volume is dedicated with the hope that you will read it carefully, preserve it during the coming years, and derive a real and lasting benefit from it.

A welcome to William and Mary can best be expressed by a warning and a challenge—a warning to avoid those influences which separate a man from his family and a challenge to use his ability to the fullest advantage to himself and to the College he will come to love.

Maintain and guard your individuality. Do not too quickly adopt new ideas and customs which may perhaps be different from those your training tells you are right. Think for yourself—strive early to get a definite aim in life, and work toward this aim. Do not become "collegiate" too rapidly. It is natural that certain changes will soon result from your contacts at college—but be sure that these changes are natural, and not mere superficialities.

It is to you of the Class of '31 that we look for the future of this ancient College which we love. In you we see the new generations that step by step will supplant us, and go forward holding aloft the banners which we carry today. We want to influence you, guide you, stimulate you to do for William and Mary more than we have done. We shall jealously watch to see whether you accept our ideals, or replace them with better ones.
DR. J. A. C. CHANDLER, PRESIDENT
GREETINGS FROM THE PRESIDENT

You are about to become students of the College of William and Mary in Virginia for the session 1927-'28. In the name of the College, the oldest in the Southland, I welcome you. May the memories that cling around this institution and the thought that in its halls were educated such men as Jefferson, Monroe, and Marshall, and that here Washington and Henry and many of Virginia's famous men often visited and were in one way or another closely associated with it, inspire you to great endeavors, and may these endeavors be guided by lofty religious ideals, love of Alma Mater, and true patriotism.

My young friends, the State is offering you a rare privilege and a wonderful opportunity. Remember that you are the architects of your own fortunes. Value highly the privilege that you have of attending college, and seize with avidity the great opportunity that is now in your grasp. If the privilege is cherished and the opportunity is used to prepare you for real service to humanity, the faculty of this time honored institution will rejoice, and the people of Virginia will feel that the provisions made here for your education are a benefit to the State. God grant you success.

J. A. C. CHANDLER.
GREETINGS FROM THE DEAN OF THE COLLEGE

Admission to this venerable institution for many of you represents the realization of a long cherished hope; for others it is possibly only a traditional thing to do. Be that as it may, all of you have before you a magnificent opportunity to live and to work during the most critical period of your lives under influences which will enable you to become men and women of sound bodies, strong minds and noble ideals. The future is before you. It is yours to make of it what you will.

It is the hope of all those connected with this institution that you will take advantage of every possibility to improve yourselves. You will find friends among students, faculty and officials who will welcome an opportunity to assist you in any way they can. Do not hesitate to seek those who are in a position to assist you.

To the men in particular, may I ask that all of your conduct be dominated by honor, service, respect for authority, and veneration for womanhood.

If all of you can so live and grow that your time is well spent and the sacrifices made for you justified, you will know the joy and gratification which come from honest effort, you will bring happiness to parents and friends, and you will reflect credit on your Alma Mater.

K. J. HOKE,
Dean of the College.
GREETINGS FROM THE DEAN OF WOMEN

It is a pleasure to send a word of greeting to you women students who in September will enter for the first time the College of William and Mary and, through William and Mary, the great college world of to-day.

Each fall the army of new students marching into the colleges of our land grows larger, testifying thereby to the worth-whileness of the thing they are seeking. Varied and rich experiences lie before you—achievements, friendships, pleasures, at times disappointments. It is for you to take these experiences as they come and weave them into the fabric of your character towards the making of the finest type of woman. I urge you to enter upon your college life with high hopes and endeavors, born of the finest ideals, and, with determination, to press forward to the goal, first of your graduation, and afterwards towards that larger goal of useful service in life.

I bid each of you welcome to this ancient college. Its rich traditions of the past and its glowing promises of the future are yours to enjoy along with its actual, vivid present, to which it will be your privilege to contribute. May the years that you spend at William and Mary be both profitable and happy—years that will send you forth proud of your heritage in being one of her daughters.

ANNIE MARION POWELL,
Dean of Women.

FRESHMAN RECEPTION

During the first week of College, probably on the night of the sixteenth, the annual "Freshman Reception" will be held in Blow Gymnasium under the auspices of the combined Christian Associations. All freshman students are cordially invited to this "get acquainted" party where they will meet the faculty and officers of the student-body. This reception affords a wonderful opportunity for new students to meet their future classmates.

"IT COULDN'T BE DONE"
By Edgar A. Guest.
Somebody said that it couldn't be done,
But he with a chuckle replied
That "maybe it couldn't," but he would be one
Who wouldn't say so till he'd tried.
So he buckled right in with the trace of a grin
On his face. If he worried he hid it.
He started to sing as he tackled the thing
That couldn't be done, and he did it.

Somebody scoffed: "Oh, you'll never do that;
At least no one ever has done it";
But he took off his coat and he took off his hat,
And the first thing we knew he'd begun it,
With a lift of his chin and a bit of a grin,
Without any doubting or quiddit,
He started to sing as he tackled the thing
That couldn't be done, and he did it.

There are thousands to tell you it cannot be done,
There are thousands to prophesy failure;
There are thousands to point out to you one by one,
The dangers that wait to assail you.
But just buckle in with a bit of a grin,
Just take off your coat and go to it;
Just start in to sing as you tackle the thing
That "cannot be done" and you'll do it.

ALMA MATER

Hark, the student's voices swelling,
Strong and true and clear,
Alma Mater's love they're telling,
Ringing far and near.

Chorus

William and Mary, loved of old,
Hark, upon the gale,
Hear the thunder of our chorus,
Alma Mater—hail.

All thy sons are faithful to thee
Through their college days,
Singing out from hearts that love thee
Alma Mater's praise.

Iron shod and golden sandaled
Shall the years go by,
Still our hearts shall weave about thee
Love that cannot die.

God, our Father, hear our voices,
Listen to our cry.
Bless the college of our boyhood,
Let her never die.

—J. S. Wilson, '02.
The large building facing the entrance is known as the Main Building. It was designed in 1694 by Sir Christopher Wren, from whom it takes its name and prestige. The Main Building has been burned three times and rebuilt each time on the old walls, with some alteration in the design. From the time of its erection until 1723 when Brafferton was built, it was the dormitory, lecture hall, library, and dining hall of the College.

Brafferton (Administration) Building—1723.

Brafferton, on the right of the Main Building, is the second oldest building on the campus, having been erected in 1723 by funds given from the estate of the famous English chemist Robert Boyle and named after his estate in Yorkshire England. It was the first Indian school in America. It is now used as the Administration building.

President's House—1732.

Facing Brafferton is the President's House, built in 1732. It was burned by
the French accidentally in 1781, but was restored by money given to the college from the private funds of Louis XVI of France. The House has stood unchanged since that time, and is still used by the President. This building completed the original quadrangle of the campus.

Taliaferro

This building was erected by the Congress of the United States in payment for damages done by Federal soldiers to the College during the War between the States. It is a men's dormitory on the Jamestown Road in front of the Dining Hall.

Deanery.

The Deanery is used as an office for the Dean of Women and as a girl's dormitory. It is on the right of the Dining Hall and faces the Jamestown Road.

Citizenship.

Before the erection of the Blow Gymnasium the building now called Citizenship was the gymnasium. In it are the
PRESIDENT'S HOUSE

student publication offices and the government, law, and business lecture rooms, as well as the Law Library. It is to the rear and right of the Main Building.

Science Hall—1905.

In this building across the campus from the Citizenship Building are located the science lecture rooms and laboratories with the exception of Chemistry, which has a separate temporary building, until the completion of the new Science Hall, when all the sciences will be housed in the new building.

Tyler Hall—1916.

Tyler Hall, on the left of the main campus, was originally intended for a boys' dormitory, but because of the large number of girls who entered when the college became co-educational in 1918, it was given over to them to use as a dormitory. Because of its arrangement it is peculiarly suited for studying.

Library—1908.

To the left of the Science Hall and facing the Phi Beta Kappa Memorial
Hall is the Library, which was built by funds donated by Mr. Andrew Carnegie and others. In 1921 it became possible to add to this a stack room capable of storing 150,000 volumes, through a gift of $25,000 from the Carnegie Corporation. In the Library are many of the old treasures of the college including a very valuable collection of paintings as well as many things of interest to the student of history.

Refectory—1914-1926.

Behind the men's dormitory, Taliaferro Hall, on the Jamestown Road is situated the College Refectory, to which in 1926 was built an addition costing $125,000. The original structure built in 1914 was used with a temporary building, destroyed by fire in the summer of 1926. Since its remodeling it has become one of the best designed and equipped College Refectories in the South.

BOTETOURT'S STATUE
BLOW GYMNASIUM

Jefferson Hall—1920.

The first building facing the Jamestown Road on the main campus, is Jefferson Hall, one of the women's dormitories. It contains the girl's gymnasium, swimming pool, and social rooms. Its style of architecture harmonizes with that of the other buildings on the campus and is in sympathy with the general atmosphere of the campus.

Practice House—1922.

On the Richmond Road behind the President's House is located a building formerly a residence, but now used by the Home Economics Department as a practice house for its students.

Monroe Hall—1924.

Built on the same plan as Jefferson Hall, this building is used as a boy's dormitory. It is a fire proof structure and modern in every detail. Nearly all
the rooms are dedicated to distinguished alumni and famous men. It will accommodate 168 men.

**Blow Memorial Gymnasium—1925.**

Beyond Monroe Hall is the new Gymnasium, built by funds given by Mrs. George Preston Blow in honor of her husband. It is a fully equipped gymnasium having a swimming pool, handball court, basketball court, Monogram Club Trophy Room, and Y. M. C. A. Room. On the wall of the entrance is a handsome bronze tablet bearing an appropriate inscription.

**Phi Beta Kappa Memorial Hall—1926.**

This was erected as a memorial to the founders of the Phi Beta Kappa Fraternity. The new auditorium, which was much needed on the campus, is in this building. There is also a replica of the Apollo Room that was in the old Raleigh Tavern and a guests' room for visitors. This is one of the newest buildings on the campus.

**Rogers Memorial Science Hall—1927.**

The William Barton Rogers Memorial Science Hall was built in honor of William Barton Rogers, founder of the Massachusetts Institute of Technology, and former professor of Chemistry at William and Mary. It will be ready for use by September, 1927.

**Barrett Hall—1927.**

There is probably no more beautiful building on the campus than the Kate Waller Barrett Hall, a dormitory for women, built in honor of Kate Waller
Barrett, a former member of the Board of Visitors of the College and prominent in Virginia during her lifetime. It is connected to Jefferson by an arcade and faces the Blow Gymnasium, being located at one of the corners of the proposed quadrangle.

Old Dominion Hall—1927.

Next to the Blow Gymnasium, Old Dominion Hall, a boy’s dormitory, is being built. It will contain a number of rooms to which the various counties in the State will send a student and pay his rent. It is the only building on the campus built on a slope sufficient to warrant an extra floor at one end.

Botetourt’s Statue

In the front of the main building stands the statue of Norbonne, Baron de Botetourt, who was one of the best liked of the royal governors of Virginia. This statue is one of the first to be erected in America by act of a legislature, and is the only statue in America erected to a Royal Governor. It is at present badly damaged by the actions of the people who lived in Williamsburg during the Revolutionary War.

Spottswood Cannon

By the side of and a little to the front of Botetourt’s Statue is an old cannon taken from Fort Christina in Brunswick County established in 1712 by Governor Alexander Spottswood. This fort was used as a frontier outpost against marauding Indians. The cannon has been spiked to prevent students from firing it.
The Live Oak

On the left side of the entrance to the campus stands a gnarled old live oak. It is the oldest in the city and as far as we know is the only live oak in this vicinity, being one of the original trees on the campus.

Kate Waller Barrett Memorial Gates.

In front of Jefferson Hall hang two wrought iron gates presented by the Daughters of American Revolution. These gates were found in a storeroom in the old Capital Building at Richmond. Before the wings were added they were used to separate the governor's office from the other rooms in the building. Many things of great historic interest and importance have been done within sight of these gates. So that they would be the proper size it was necessary that nearly one foot of them be removed, a thing which in no way lessened their beauty.

The Mortors on the Entrance to the Main Building

These mortors, taken at the siege of Yorktown, are elaborately decorated and bear the names of the companies to which they belonged as well as that of His Brittanic Majesty. An interesting thing to notice is that the names of the casters are placed on them with the Latin word meaning "made by."

Sun Dial

Between the Library and the Main Building stands an old sun dial by which one can tell time in seven different cities. This sun dial was taken by Federal troops while quartered on the campus and was found recently in a junk shop in New England. The finder kindly
returned it and it has been reset to carry on its duty.

Lake Matoaka

At the western extremity of the college grounds lies Lake Matoaka named after Pocahontas. It is passed by the new road to Jamestown which the State is building. To old inhabitants of Williamsburg this lake is merely "Jone's Mill Pond." The old mill with its wheel was occasionally used until the present year when a new spillway was built when the road was under construction.

Miscellaneous

In front of the President's House and on the end of the wall behind the new refectory are two large stone balls which originally were placed at the entrance to the Governor's Mansion on the Palace Green.

In front of Monroe Hall and the Blow Memorial Gymnasium is a little graveyard in which is buried "The Old Bell Ringer" Col Benjamin Ewell, president of the college after the Civil War, and Lucien A. Minor, one of the last professors of law at the college before the Civil War and a leading advocate of temperance in the State of Virginia.

On the left of Tyler Hall, built by the college architect and his wife in memory of their daughter is the Miriam Robinson Conservatory in which it is planned to have a course in horticulture given.

At the corner of Jamestown Road and Boundary Street there is a large iron flag pole presented to the college in 1926 by the Knights of the Ku Klux Klan.

On the entrance of each of the newer buildings there is placed on an urn the figure of a pineapple the symbol of hospitality. It is found on nearly all the old colonial homes along the James River.
PLACES OF INTEREST IN AND AROUND WILLIAMSBURG.

At the East end of the Duke of Gloucester Street are the foundations of the old capitol building. It was here that Patrick Henry delivered his famous speech that ended with "If this be treason make the most of it." Across the street from this a little to the north is the office of the secretary to the Colony.

In the rear of this building stands the old jail in which Governor Hamilton of Detroit and many other Royalists were imprisoned. Here also story has it certain pirates were imprisoned before their hanging.

Peyton Randolph House

This house is located on Francis St., and the Newport News Road. It is in the eastern end of the town. Peyton Randolph, president of the first continental congress lived here.

Bassett Hall

This house directly to the south of the old capitol sits at the head of a long avenue of trees. It was the home of John Tyler. An interesting story concerning this hall is told. It seems that while he was yet vice-president, indeed the day before he became president, he had attempted to borrow money from a banker in Williamsburg. The loan had been refused him. The next day the official coming to notify him of President Harrison’s death in passing what is now the College Shop Corner, leaned from his coach and asked the way to President Tyler’s House. The banker who was
standing there replied that President Tyler did not live there but vice-president Tyler did. On learning that Tyler had succeeded to the presidency he ran all the way to Bassett Hall to try to lend Tyler money, the official coming up shortly afterwards found Tyler on his knees playing marbles with some of the boys in this city. The following day when Tyler left he was forced to borrow a suit of clothes that would be in keeping with his position. This is merely one of the interesting stories about Williamsburg.

The Old Raleigh Tavern

This building stood on the sight of Lane and Christian’s store. It was in the Apollo room of this Tavern that the General Assembly met after having been dismissed by Governor Dunmore. The Phi Beta Kappa society, first of greek letter fraternities in America, was founded in this room. In the Phi Beta Kappa Memorial Hall there is a replica of the old Apollo room.

The Court House

Sir Christopher Wren is supposed to have designed this building which stands in the center of the Court Green. It is the most complete Court House of its size in the country.

The Powder Horn

Built by Governor Alexander Spottswood, the old Powder Horn stands directly in front of the Court Green. It was intended to hold munition supplies for the colonists. It was in this building that Dunmore had stored the powder that was seized by Patrick Henry, just before the outbreak of the Revolution. At present it its used as a museum.
The Palace Green

This is a long park on the north side of Duke of Gloucester Street that ran back to the Colonial Governor's Palace. On the left side of this Green at the farthest end is the home of Didwiddie, the governor who sent Washington to serve notice on the French that they were on land claimed by England. Below this house is all that is left of the Governor's terraced gardens, part of which were ploughed up by people who did not know their worth.

The square brick house on the left of the Green is the Wythe House home of the first professor of law at the College of William and Mary. He was the teacher of such men as Jefferson and Marshall. He first declared the right of a court to declare unconstitutional a law of the legislature contrary to the constitution, indeed, he it was who first exercised this right in the judiciary of Virginia, and taught it to John Marshall. This house was also used by Washington as his headquarters during the Revolution.

Across the Green from this is the St. George Tucker House used by LaFayette for his Headquarters. The family of Tuckers so prominent in Virginia lived here. On the lot next to them and immediately on the Green was the site of the first Theater built in America in the year 1716 by William Livingston. Next to this lot is the Audrey House made famous by Mary Johnston's novel "Audrey."

Bruton Parish Church

This is one of the few old Church buildings in America, having been built in 1710. The history of the Church goes farther back than this date, but the
present building was erected at that time. It stays open to visitors at all times and any one interested can go there and learn a great deal more about it than can be told here.

The Blair House

The Blair House, in the second block from the College, was the home of John Blair. The stone steps in front of it were the old steps that led up to the entrance of the first Theater in America.

The Galt House

On East Francis Street is what is perhaps the oldest house in Williamsburg. It was nearly a hundred years old at the time of the Revolution.

Carter's Grove

Five miles east of Williamsburg is Carter's Grove on the road to Yorktown. It was built by King Carter and was used as Tarleton's headquarters. There on the balusters of the stairs are the marks made by an officer in Tarleton's cavalry with his sabre.

Jamestown

Here on May 13, 1607 a small band of Englishmen landed and made the first permanent settlement in America of English speaking people. From the time of its founding until 1610 it never had any serious misfortune. In 1610 there came what is known in history as the first starving time. During this period 450 of 500 people died. It was the seat of government from then until 1699 when Middle Plantation, now Williamsburg,
was named the Capital. It had a chequered existence from that time until it gradually fell into disuse. In 1837 there was but one house on the island. During the Civil War it was occupied by about 500 Confederates. It is now kept as one of Virginia’s historic spots.

Yorktown

In 1691 a tract of land was sold for a town on what is now Yorktown. Seven years later it became the county seat. The first custom house in America was built here in 1715 and is still standing. Cornwallis surrendered here in 1781 so ending the Revolution. During the Civil War it was used as a base by McClellan, and again in the World War it served as a base of supplies.

Student government means student honor.

The College Bell

The college bell sounds a warning five minutes before the meeting of each class. The bell is also rung for all student meetings and Chapel Services. It is very important that each student find out why the bell is being rung and if there is a meeting at which he should be present, he should go at once. There is little excuse for lateness.

What To Learn

1. Learn to laugh. A good laugh is better than medicine.

2. Learn how to tell a helpful story. A well-told story is as welcome as a sunbeam in a sick-room.

3. Learn to keep your troubles to yourself. The world is too busy to linger over your ills and sorrows.

4. Learn to stop croaking. If you cannot see any good in this world, keep the bad to yourself.

5. Learn to greet your friends with a smile. They carry too many frowns in their own hearts to be bothered with any of yours.—St. Paul Rotary.

It is a William and Mary custom that when passing a man on the street you greet him whether you know him or not. The phrase “Hae Gentlemen” and a smile with it goes a long way toward increasing the spirit of co-operation and making friends among the student body. Above all, don’t be snobbish; the fellows soon find it out and it goes against you. You have all heard that phrase “Smile and the world smiles with you, frown and you frown alone”. Then act accordingly.

The proceedings of the Honor Council shall be conducted under the Honor Code established at William and Mary in 1792, and from its decision, under action of the Board of Visitors, an appeal may be made. The said resolution is made a part of this article and reads as follows:

1. "That the Board of Visitors of William and Mary is appreciative of the purposes and ideals of the student government plan, but it cannot recognize an action taken by the body as final.

Agreement Concerning Government of the Women Students of the College of William and Mary

To the Women's Student Government Association is intrusted the enforcement of the rules made by the college and the power to legislate in all matters that do not fall under the direct jurisprudence of the said authorities.

The degree of power intrusted to the Association is dependent upon the efficiency of its members. If at any time the Association or any of its officers should fail to uphold the standing of the constitution, the President of the college reserves the right, after investigation, to modify or revoke this grant of student government.
The Executive Council of the Women's Student Government Association, elected by the women students, handles all official business of the Association and acts upon problems concerning the welfare of the women students.

The Judicial Council, elected by the Association, deals with infringement of rules on the part of women students.

The Honor Council, composed of the Junior and Senior members of the Executive and Judicial Councils, deals with all dishonorable conduct on the part of the Women Students.

The Freshman Commission consists of not less than fifteen members chosen from the sophomore class. This commission is appointed each year by the Executive Council, the chairman of the Commission being a representative member of the Council. The purpose of the Commission is the instructing of freshmen in the ideals and application of the honor system and of student government rules as they are understood at the College of William and Mary. Women Students, on arrival at the college or previously, are assigned to groups—each one of which is under the direction of a member of the Commission. The groups meet for an hour once a week for the purpose stated above, and after four meetings a written examination on Student Government rules is given.

Lodge

The Executive Council of the Women's Student Government has built, and maintains, a lodge on Lake Matoaka. This lodge belongs to all of the women students of the College of William and Mary.

In order to keep the lodge from being over-crowded permission must be obtained from the President of the Women's Student Government, or the Social Director, for its use.

G. MULLEN
Dry Goods and Notions
Williamsburg, Va.
Among her many priorities, William and Mary justly claims that of leading the way in the formulation and adoption of the Honor System. It was inaugurated here in 1779. Early in college days when no other idea of college government prevailed throughout America than that the student should be watched like a suspected criminal for offenses, either actual or potential, the faculty of William and Mary appointed a committee, whose head was the distinguished jurist, Beverly Tucker, to draw up a statement of the spirit and content of an honor system by which the conduct of the students of the old college was to be guided. At once put into operation, this system has continued in actual and successful working without interruption until the present day.

But glorious and inspiring as is the historical origin of the Honor System, it is with its operation now and in the future that the men and women of the new day at the old college are primarily concerned. In the first place, it is of vital importance that every new student enrolling in September, should clearly understand what the Honor System really is and what it means in his life and in the corporate life of the college. Ignorance of it may bring the possibility—even the probability of breaking it, and at once there follows a well nigh irreparable injury to the character, the reputation, and the future of the individual student and an equally grave lowering of the morale of the student body, for this must always suffer by the disgrace of any of its members. It is in this spirit that the present serious attempt is made to set forth, especially for the benefit of the new students, just what the
Honor System is and what is required of each in order to translate it into his life.

The Honor System may be defined in a word as individual responsibility. It brings home to the individual man or woman who would stay at the noble old college and get the advantages she offers, his personal responsibility for her fair name and honor. It emphasizes two things; first, that the student must recognize that he is answerable in the very fullest degree for every one of his actions and dealings with the members of the faculty and with his fellows, in his or their rooms, in the dining halls, the athletic fields, the social centers, and in the class rooms, and second, that he must recognize his personal responsi- for the well-being of the college in every phase of life in which he touches her existence.

Such phases, in the large, will at once suggest themselves to every one. They include, primarily, everything which touches the securing of aid, assistance, or profit in scholastic work of whatsoever kind, whether in term class work, periodical tests, or in the work handed in to the instructor, though it is to be regretted that in the formal examinations, as well as in all latter respect, students otherwise most sensitive to the Honor System do not seem to feel its demands so keenly as in regard to the others. A slight reflection, however, will convince one that work of this kind should also be included in the scope of the Honor System. It is a source of pride to all lovers of the college that public opinion of the students is now, and has always been, most healthy, vigorous, and uncompromising in its condemnation of all infractions of the Honor System falling under the heads just enumerated.

As to all offenses touching the taking of property which is not one's own, in any form, it goes without saying that these come most completely under the condemnation of the Honor System, and find swift and deserved punishment at the hands of the student body itself.
To the Students of the College of William and Mary:

In order that there may be a thorough understanding of the Honor System as it is interpreted and applied in the College of William and Mary in Virginia, the following statement is set forth:

Our entrance into the College places upon each one of us the responsibility of maintaining the Honor System and of rigidly living up to its requirements ourselves. It is therefore necessary that there should be a complete understanding of just what the System is.

The Honor System is the very foundation of student life in the College of William and Mary. This must be understood by every student at the outset. The Honor System is not merely a name nor is it a convenient means of escaping spying by the Faculty. The College of William and Mary has the distinction of having first originated and introduced the Honor System into American collegiate life, the System having been established here in 1779, and has been in continued existence here ever since. The Honor System has always been and must be maintained as the working principle of student life and as the indispensable expression of the spirit of the College of William and Mary. The Honor System simply requires that a student should act honorably, no more, no less.

As applied to scholastic work the following interpretations of the Honor System are set forth by the Student Honor Council.

All scholastic work, whether it be in the lecture room, the library, the student's room, or elsewhere, is under the Honor System. All cheating, whether in work pledged or unpledged, whether in tests, assignments, or examinations is a violation of the Honor System. Giving aid to any student or receiving aid from any
student without the consent of the pro-
fessor, is cheating.

Any one, believing that a breach of the Honor System has been committed, shall request such person to report to the Honor Council and confess. In case the student fails to do this then the student shall be reported to the Honor Council, but no student will make any accusation involving the violation of the Honor Sys-
tem to any other person or persons than to the Honor Council. Upon report being made to the Honor Council a thorough investigation shall be made.

If, after hearing the explanation of the student accused, or after he has refused to make explanation, the Honor Council is convinced of the student's guilt, the Honor Council of the student body shall thereupon demand that he leave College at once.

Reread this article carefully and keep it for reference. The System will be explained by representatives of the Honor Council in all classes at the opening of the College. We ask you to help make it perfectly clear that in the College of William and Mary in Virginia there is not place for the liar, the thief, or the cheat.

PHOENIX AND PHILOMATHEAN WELCOMES YOU
FRESHMAN HINTS

1. First of all, wear your Freshman cap with the proper spirit.
2. During all football games the Freshmen will occupy the sections of the stadium set aside for them.
3. Follow the walks on the Campus. Don’t make new ones.
4. Learn the songs and yells printed in this book for your benefit and join in whenever you hear them.
5. Attend all your class meetings and take an intelligent interest in their proceedings.
6. Always stand and uncover when the “Alma Mater” is being sung or played.
7. Obey all college traditions to the letter. To disregard them is not clever, nor is it loyal.
8. Always remember that the college is judged by the conduct of its undergraduates.
9. Good Freshmen make good upper classmen.
10. College spirit is obtained only by loyalty. Believe in your college and then give it all you have.
11. “Rough stuff” is not a form of Varsity patriotism; “collegiate” need not be made a synonym for “asinine.”

When the new student has properly adjusted himself to his studies for the year, there is nothing to which he should determine his correct attitude sooner than to athletics. As an individual he should do two things. He should determine the best manner in which to keep himself physically fit, and he should strive to do everything in his power to contribute to maintaining what is known as college spirit. Without the proper college spirit college life is worthless.

The individual may contribute to this spirit by participating to his fullest capacity, whether a member of the first team or not, in the athletics of the college and by cultivating an ardent but correct attitude in his support of the teams representing the college. He should remember that by these teams and no less by the support given them, the college will inevitably be judged on the outside. He should remember that the college takes a just pride in its hard playing and winning teams. He should remember that the college takes a greater pride in the spirit which renders it unwilling to win at any price and in its reputation for teams composed of clean sportsman-like gentlemen. His every act should be based on a wish to increase this just pride and to enhance this reputation.

Mass Athletics

The college uses a system of mass athletics which has been adopted by all the leading colleges. Under this system every student is given some form of athletic training, unless he is physically unable to receive it. This training is compulsory for freshmen and is required for all degree applicants. This applies to both men
and women. Besides the college teams there are classes in gymnastics and physical education which are adapted to the needs of those who wish to become directors of physical education in the public schools. Full details of these courses may be found in the college catalogue. There are also inter-dormitory, inter-fraternity and inter-class teams.

**Athletic Management**

General supervision of athletics is exercised by the 3-3-3 or Athletic Committee, which is composed of the President of the college and two members of the faculty appointed by the President, three students elected by the student body, one from each of the upper classes, and three alumni appointed by the President. This committee determines and directs the general athletic policy of the college, authorizes the expenditure of money, and selects the coaches and the athletic director. The athletic director has general charge of athletics under the committee. He arranges for the entertainment of visiting teams, and for trips, umpires, etc., and has charge of the athletic buildings, equipment, and general affairs. The coaches exercise absolute authority over the players, substitutions, and tactics.

Every student, by paying the college athletic fee, becomes a member of the Athletic Association and is entitled to a vote in the election of officers and the members of the Athletic Committee.

Schedules of interesting inter-collegiate games are arranged for all of the first teams representing the college and wherever possible for the scrub teams. There is probably no better advertisement for a college than a successful, hard-fighting athletic team.

The 1927 Football schedule as announced by Manager A. K. Turner is as follows:

WOMEN'S ATHLETICS AT WILLIAM AND MARY

In the last few years the women of the college have won fame for themselves in the athletic world.

The past year has been especially notable for its achievements. The Hockey team started the season by defeating George Washington University in the only intercollegiate game they played this year. Next year several games are to be played. Among the colleges to be our opponents are Sweetbriar, George Washington, and Westhampton.

The season of 1927 was a great one for the Indianette basket ball team. They played the entire season with no defeats. Among their opponents were some of the strongest teams in the east.

In addition to the varsity competition a well planned intra-mural program is carried out. In all the sports games are played between classes, dormitories, and fraternities. In this way a great number of girls compete in athletics and, incidentally, have had a lot of fun.

YELLS AND SONGS

GET THE INDIAN SPIRIT!

Every old student knows what is expected of him. Every new student has this to learn. Remember that you are at William and Mary; not simply at college, but at William and Mary College. Once knowing that, there are certain responsibilities and obligations incumbent upon you. In your athletics these things are paramount: First, support your coach in every way; second, support your team from the ground up; third, attend every game, rally and bonfire working to make it a success; fourth, help keep up the morale of the team by giving good cheers and yells.

These suggestions will lead to good cheering:

Learn the songs and yells.

Keep your eyes on the Cheer leader during all songs and yells.

When a yell or song is called for, work hard on it!

Do not use a "cat call" on anyone at any time.

Show appreciation for opponents good plays.

Stay in the stands until the end of the game.

Always stand up during the seventh inning of a baseball game. This is known as the "Lucky Seventh."

WATCH FOR BIG ATHLETIC RALLY ON FIRST THURSDAY AFTER REGISTRATION—SEPTEM-BER 22.
Always uncover your head when ALMA MATER is sung.

The Indian War Cry

I

The Indians are taking the war path today,
Old Green, Gold and Silver plunge into the fray.
The fight may be hard and the game may be long,
We'll rally against them and sing the old song: RAY!

Chorus

William and Mary forever and aye!
Cheer her again, boys, we'll yet win the day—Ray!
Tri-color's waving, it floats there on high,
An emblem of vict'ry, touching the sky.
So shout out the war cry and fight to the end,
They'll never, no never beat W. & M.!

II

Their line's shot to pieces, their backs can not gain,
Just watch the old Indians romp 'way with this game.
We've got them all going, there's nothing to fear,
So rally again now and give the old cheer: RAY!

III

When the fight goes against us, struggling in vain,
When all of their efforts seem surely to gain,
When hope seems to leave us, the chance all gone,
We'll rally against them and sing the old song: RAY!

—Carl Andrews, '27.

Religious Activities

1927
In realization of the great advancement that has been made on the campus by the Young Men's and Young Women's Christian Associations, and in consideration of the fact that this growth has been largely the result of the untiring efforts and faithful services of one man, the Editor takes pleasure in dedicating the Religious Activity Section to the General Y. M. C. A. Secretary at William and Mary for the last two years.
THE CHRISTIAN ASSOCIATIONS

The Christian work on the campus is carried on co-operatively by the Young Women's and Young Men's Christian Associations. Each Association has its own constitution and form of organization and interpretation of purpose. But in order that certain phases of the work may be better carried out, a joint effort is made in these particular respects.

Organization:

1. The Co-operative Christian Council (C. C. C.) consists of four men and four women, chosen from among the officers of the respective associations. They have two duties: (a) the general oversight of the joint budget, which consists of those funds set aside for speakers, socials, office, etc., in which both groups participate; and (b) the right to elect the members of the Advisory Board, and guide the policy of the joint efforts of the Associations.

2. The Advisory Board consists of the President of the College, the general secretary of the Christian Associations, nine members of the faculty, elected three each year by the C. C. C., for a term of three years, and of four students, consisting of the two Association presidents and of two appointed by these in their respective Associations. The functions of this Advisory Board are: (a) to hire the general secretary and fix his salary; (b) to have general charge of the financial campaign and approve the budgets of the respective Associations; (c) to assist and approve the plans and policies of the Associations.

3. The General Secretary of the Christian Association has the general adminis-
tration of the work of the Christian Associations.

4. The Y. W. C. A. Cabinet and Y. M. C. A. Cabinet are the two executive arms of the student membership. They are ultimately the controlling voice in the carrying out of plans and the directing of the work.

Purpose:
The common purpose of the two Associations "to try to live like Christ lived, and to aid others in living like Him." This purpose takes its expression in the various forms of activities, found on the following pages.

The Young Men's Christian Association
is an organization of the students, ad-
ministered by the students, and existing
solely for the students of the college.
Throughout the years, the sons of Wil-
liam and Mary who are devoted to the
cause of humanity and unselfish service
have been affiliated with this associa-
tion.

The object of the Association is to
create a fellowship of students vitally
interested in the highest meanings of
life, and thereby to develop the highest
type of Christian character in the men
who are to represent the College, and
to influence them to devote themselves
to the Christianizing of all relationships.
The Association aims to be the expres-
sion of practical Christianity. It is for
those who believe not in knowledge for
the sake of knowledge alone, but for
what it can do in creating deep moral
convictions of right and personal stand-
ards of worth.

Y. M. C. A. CABINET
Membership in the Association may be either active or associate. Every man who pays his regular student activities fee, of which one dollar each semester is given to the work of the Association, becomes a member. Those who go farther and sign the "active members declaration card," signifying their desire to co-operate actively in the promotion of the local program, become active members with the right to vote and hold office. All others become associate members with all other privileges, except those above stated. Membership cards are given each one at the beginning of the year.

For the purpose of securing efficiency in the organization the Young Men's Christian Association on the campus has been centralized and divided into four great departments under which all activities of the Association can be classified. Any student, either freshman or older man, who is interested in extra curriculum work can find some phase of service in one or the other of these departments for which he is particularly suited and which will open the way for a more responsible position on the cabinet the following year.

Administration: Heading this important division is the President of the Y. M. C. A. and those making up this department give their time more to the perfecting of the organization as a unit rather than to aiding in outside service. The regular officers of the Y., vice president, secretary, and treasurer naturally are placed in this department. Besides these are the editor and business manager of the Handbook. There is an assistant in finance whose work it is to handle finances and direct the financial campaign. A chairman of Publicity has charge of conduct-
ing a campaign to keep the Association before the student body. Correspondence with the students' parents and Alumni of the Association, which was undertaken last year, has been turned over to the vice president.

**Christian Education:** To aid in realizing the aim of this department, which is "To interpret through various means, the life and teachings of Christ for the College student" the director has divided his work into committees under the guidance of a chairman. One of the important of these committees is the one in charge of the Wednesday Night fireside. These devotional meetings with varying programs such as: open forums, music, pageant, lectures, etc., offer unlimited opportunities for service and leadership. The committee on Christian World Education tries to bring to the attention of the campus through speakers, literature, and movies the importance of education along the lines of new social gospel, industrial relations, race relations, and international relations. Besides these a committee has charge of working up and development of special inquiry groups. These groups meet voluntarily to discuss problems which confront them as members of the higher civilization of the world.

**Community Service:** This department aims to extend the purpose and message of the Christian Association to groups outside the college community, and to provide ample means of expression to students for their ideals of service. A committee on Boys Work promotes this work in Williamsburg by means of Christian guidance in club work. The 180 boys of Williamsburg need college men to organize them into scout troops, Pioneer Clubs, Hi-Y clubs and Friendly In-
ians while the college students need these opportunities for leadership. Deputation to churches is one of the most useful of any of the Y. functions. This work was initiated last year and from the responses received it proved most satisfactory. Many men will be needed this year to take places on these teams for plans have been made to cover the whole peninsula. Another work which is just beginning is the sending of deputations to high schools and prep. schools. Another committee of this department has charge of the social welfare work in Williamsburg. Here the Eastern State Hospital offers unlimited opportunity for unselfish service. Last year trips for freshmen were made to Jamestown and study groups visited Hampton Institute. This year the committee in charge plans to conduct, besides these, educational tours to study in Richmond and Norfolk the social welfare work and such industries as these two cities afford.

Campus Service: This department has for its aim the meeting of the social and general welfare needs of the student body. In this department comes the important social committee which has charge of the Saturday Night "Open House", Sunday Afternoon tea, Faculty reception, Freshman parties, and entertainment of visiting delegations. A committee has charge of freshman work. This committee co-operated with other organizations in serving the freshman in every way possible. The Y room, which Mrs. Blow gave and so handsomely equipped, is left to this department to care for and keep as convenient as possible for the students. Last year an employment bureau was attempted and accomplished some results. The committee in charge this year is attempting to enlarge and increase this service.
Carr Cup
The Carr Cup is a cup awarded during each annual commencement to a senior who has been selected by an impartial committee on the basis of scholarship, character, and leadership. The name of the senior is engraved on the cup which remains the property of the College.

General Information Contest
The general information contest to be held this year in April, is an annual affair. The prizes given will probably be the same as the thirty dollars given last year. In this contest the upper classman has no advantage on the freshman.

Pow-Wow
The freshman Pow-Wow on May 2 will be a real "blow out" for the first year men.

Camp Oropax
Each year groups interested in Y. work on the campus spend week ends at Camp Oropax, ideally located on a lake about forty miles from Williamsburg. Here plans are made and programs worked out.

Blue Ridge
At the end of college each year the Y. sends several men who have been active in the work to Blue Ridge where they get a full week of education, inspiration and recreation.

Purpose of the Y. W. C. A.

The purpose of the Young Women’s Christian Association is:
To lead students to faith in God through Jesus Christ.
To lead them into membership and service in the Christian Church.
To promote their growth in Christian faith and character, especially through the study of the Bible.
To influence them to devote themselves, in united effort with all Christians, to making the will of Christ effective in human society, and to extending the Kingdom of God throughout the world.
At the biennial meeting of the National Student Assembly held in New York City in May, 1924, the following was adopted as the national objective for all Student Associations; for the next two years:
“'We unite in the determination to live unreservedly Jesus’ law of love in every relationship and so to know God.”

Membership in the Y. W. C. A.

Every girl at William and Mary who is interested in the aims of the Y. W. C. A., and in the various activities of the organization on the college campus, has the privilege of becoming a member. By her membership in the Y. W. C. A. a student also becomes a member of the World’s Student Christian Federation, which is composed of many different student movements in forty different countries of the world.

The “Big Sister” Plan

Every year the Y. W. C. A. organizes the band of “Big Sisters” who feel that their title endows them with a special kind of friendly ownership and interest
in their "little sisters" coming to college in the fall as freshmen. They help their "little sisters" get settled and into the swing of collegiate life. After the freshman are accustomed to William and Mary each "Big Sister" retains her special interest in the welfare of her protege.

Meetings

On the first and third Wednesday nights of each month there will be a regular, interesting program for Y. W. C. A. members in the College Chapel.

Committees

On the second and fourth Wednesday of every month there will be committee meetings for the Y. W. C. A. members. The Y. W. C. A. functions through the work of its various committees. The committees represent almost every phase of campus activity and the major interests of a girl's life. Every member is urged to carefully choose the committee in which she feels the most interested and to which she feels most able to contribute by her work, enthusiasm, and participation in the different discussion groups of the several committees.

Publicity

Watch the Y. W. C. A. bulletin boards for attractive posters, interesting events, and the things you ought to know. Main board in Jefferson Hall. Notices are posted in every other dormitory, and the Main Building.

Services of Worship

Every Friday morning at 7:35 in the Chapel, Morning Watch is conducted by
members of the Y. W. C. A. It is an inspiring before breakfast service, simple in presentation and happy in morning thoughts.

Every Tuesday afternoon during the winter in the Chapel for an hour before supper, Vespers are held—a quiet hour of candlelight and meditation and communion in which soft music is played and no word is spoken during the service.

Vesper services are also held in each dormitory one night a week, a Y. W. C. A. member conducts the services each time, and to those who care to gather together for a while before bedtime much is added to the richness and happiness of dormitory life.

Blue Ridge Conference

BLUE RIDGE: What happy memories that name brings to everyone that has ever been there. Ten lovely days on the mountain tops of North Carolina. Here in June of each year gather several hundreds of college girls from all over the South in order to work and play together. There is real inspiration to be gained from thinking out problems together, singing together, and making new friendships.

William and Mary has as many representatives as possible attending the conference in order that they might bring back to the Association a broader outlook and a wider knowledge of the work and purpose of Y. W. C. A. The delegates for 1926 were:

Elizabeth Lam
Frances Gordon
Marjorie Lacy
Phyllis Logan
Eleanor Williamson.
FOLLOW THE GLEAM

(1)
To the knights in the days of old 
Keeping watch on the mountain heights 
Came a vision of Holy Grail 
And a voice thru the waiting night.

(2)
Follow, follow, follow the gleam, 
Banners unfurled, o'er all the world; 
Follow, follow, follow the gleam 
Of the chalice that is the Grail.

(3)
And he who would serve the King 
And loyally Him obey, 
In the consecrate silence know 
That the challenge still holds today.

(4)
Follow, follow, follow the gleam, 
Standards of worth, o'er all the earth, 
Follow, follow, follow the gleam 
Of the light that shall bring the dawn.

GIVE THY THOUGHTS NO TONGUE,

Nor any unproportion'd thought his act.
Be thou familiar, but by no means vulgar.
Those friends thou hast and their adoption tried,
Grapple them to thy soul with hoops of steel;
But do not dull thy palm with entertainment
Of each new-hatched, unfledged comrade.
Beware
Of entrance to a quarrel, but being in,
Bear't that the opposed may beware of thee.
Give every man thy ear, but few thy voice;
Take each man's censure, but reserve thy judgment.
Costly thy habit as thy purse can buy,
But not express'd in fancy; rich, not gaudy;
For the apparel oft proclaims the man.
Neither a borrower nor lender be;

For loan oft loses both itself and friend,
And borrowing dulls the edge of husbandry,
This above all: to thine own self be true,
And it follow, as the night the day,
Thou canst not then be false to any man.

CAMPUS ACTIVITIES

During the latter part of May, 1921, the students asked for a student Activities Fee, to which the faculty and the Board of Visitors consented. For purpose of administration it will be collected by the treasurer of the college, and by vote of the students is divided as follows:

9-27 to the Colonial Echo.
5-27 to the Flat Hat.
5-27 to the Literary Magazine.
4-27 to the Y. M. C. A. or the Y. W. C. A., as the case may be.
4-27 to the literary societies.
The fee is $6.75 per term.

In addition, the Men's Literary Societies give one-half of their fees to athletics and the Women's Literary Societies give one-fourth of their fees to athletics.

Each student will be entitled without extra charge to a copy of the Colonial Echo, a subscription to the Flat Hat and the Literary Magazine, to membership in the Y. W. C. A. or Y. M. C. A., as the case may be, and to membership in the literary society of his choice; and all women are entitled to active membership and vote in the Women's Student Government Association.

The Colonial Echo
William Linn. Editor-in-Chief
Kenneth Beatty. Business Manager

The Colonial Echo is the William and Mary year book. It is published in May, and contains an artistic presentation of the academic year, the classes, and the events in all phases of activity. It is a handsome and valuable souvenir of the college and the year's life on the campus.

The Flat Hat
Willard N. James. Editor-in-Chief
Lawrence I'Anson. Business Manager

The Flat Hat is the weekly newspaper of the college. It consists of eight pages, and is issued every Friday. The Flat Hat gives an account of student life, news, opinions, and events, and if kept each week and bound at the end of the year, they make an invaluable record of the year's activity, as well as an attractive souvenir.

The staff of the Flat Hat is selected from the students who show interest in this type of work. The first week of each fall, a call for reporters is sent out, and it is from these freshmen who are reporters their first year that the future editors are usually selected. All freshmen, both men and women, are urged to try out for reporters when they enter school in September, for the Flat Hat represents one of the most pleasant activities on the campus to those who are literarily inclined. The college offers no higher honor than the editorship of the Flat Hat.
The Straw Hat
M. Weldon Thompson, Editor-in-Chief
George T. Morecock, Business Manager

The Straw Hat is the official students publication of the summer term. It is published weekly, and is on the same general order as the Flat Hat. It consists of four pages and contains an accurate record of all the happenings of the summer term.

Literary Magazine
Donald K. Van Wormer, Editor-in-Chief
William West, Business Manager

The Literary Magazine is issued six times a year by the students and alumni. It contains poetry, prose, short stories, translations, and other literary work of the William and Mary students. Valuable prizes are given by the Literary Magazine for the best essays, poems, and short stories published. The editorial staff of the magazine is appointed each year by the Editor from those students with literary ability who have shown interest in the publication during the preceding year, and have contributed to its content.

Indian Handbook
M. Weldon Thompson, Editor-in-Chief
J. Edward Zollinger, Business Manager

The Indian Handbook is compiled during the spring and is mailed out to the incoming freshman class during August. It is designed for ready reference throughout the college year, and provides accurate information about the college. The Handbook is sponsored by the Christian Associations on the campus,
and the Editor-in-Chief is appointed by the C. C. C. of the Christian Associations. The staff is made up of active members of the Christian Associations, and is appointed by the Editor.

**Literary Societies**

The men students of the college have two literary societies, the Phoenix and the Philomathean. The women students also have two literary societies, the Whitehall and the J. Lesslie Hall. 

These societies hold weekly meetings in their respective halls, having for their main programmes orations, declamations, and debates. This year the professor of public speaking will coach the members of the societies in developing a high standard of literary work.

In December of each year the Phoenix and Philomathean Societies hold a Freshman Contest. The contest is for the possession of a banner given to the society winning the most points in declamation, oration, reading, and debate. The men who win their points in this contest are presented with gold medals. Winner last year, Phoenix, 4 to 1.

The Annual Celebration of the Phoenix and Philomathean Societies is held early in May. Each society is represented by an orator, a declamer, and two debaters. It is a high honor to appear in this contest and the winners are presented with handsome medals. Winner last year, Phoenix, by forfeit.

Are You going to join

a Literary Society

Why not the PHILOMATHEAN?
The work of the societies has been of such a satisfactory nature that the college offers one credit for good attendance and literary work. Each student is urged and expected to join a literary society and attend its meetings regularly. There is no greater accomplishment than the ability to deliver an eloquent and powerful address.

The J. Lesslie Hall Literary Society offers annually a prize to the member of that society writing the best short story, and the most original poem.

INTER-COLLEGIATE DEBATE

Inter-Collegiate debating at William and Mary is under the jurisdiction of two Debate Councils, one for the men and one for the women. The representatives to these Councils are elected by and from the four literary societies of the college. It is the custom of the college that the men's team will meet the men's colleges in debate, while the women's team will meet women's colleges. Each Council elects to its membership a number of faculty members who serve as advisors, one of whom usually serves as debate coach.

The women's debate teams are chosen by preliminary contests held in advance of each debate. The men's debate teams are chosen in a general preliminary contest held during the first semester, and once chosen these men are on the team for the remainder of the year. During the past season, the team has consisted of nine men.

During the past session at William and Mary, debating has gained in interest in every way. The women varsity debaters have held dual debates with Westhampton College, and Duke University, besides Freshman debates with John Marshall High School and Farmville. The men's debate team has enjoyed the most ambitious debate schedule ever attempted by William and Mary, having met on the home floor such teams as Oxford University, University of South Carolina, Furman University, Davidson College, Bucknell University, Wake Forrest College, and Westminster College of Fulton, Missouri. Also during the season just passed, a William and Mary team went on the first Northern debate trip in the history of the college, meeting Fordham, Gettysburg and Amer-
ican Universities. However, Inter-Collegiate Debating is still in an undeveloped stage at William and Mary. A department of public speaking was established last year, and this department is to be increased this year. It is believed that by these additions, debating standards at William and Mary will be greatly raised.

The college offers no higher honor than that of representing her in debate or oration. This is a much coveted honor, and one for which every new student, and every old student, should work. Handsome medals are awarded by the Debate Councils to those students who represent the college in Inter-Collegiate debates and orations.

During the past session, William and Mary was represented in debate by Messrs. R. E. B. Stewart, M. Carl Andrews, William Elliott, Jr., William B. Bolton, George Hunt, L. L. Born, Edwin Lamberth, and M. Weldon Thompson. The women's debate teams have consisted of Minnie Rob Phaup, Ruth Yeamans, Miriam Silberger, Kathryn Topping, and Carolyn Borders. Women freshman debaters have been Irella Lawson, Margaret Morris, Helen Moffett, and Evelyn Steele.

**Oratory**

William and Mary is a member of the State Oratorical Association which is composed of the eight leading colleges in Virginia. Each year in May a State Oratorical Contest is held at one of these colleges. William and Mary's representative is chosen by an elimination contest usually held in late April. The winner of first place in the State Contest is given a handsome fifty-dollar gold medal; however, the college gives its representative a gold medal similar to
that given to its Inter-Collegiate Debaters, even though he does not take first honors. William and Mary was represented last year at the State Contest held at Randolph Macon College by D. Arthur Kelsey, who tied for fourth place.

**Dramatics**

During the past year dramatics at William and Mary have assumed a position of greater prominence than ever before. Under the direction of Miss Althea Hunt, Associate Professor of English, the work presented here has been of a high character.

During the past year the Dramatic Club presented "The Goose Hangs High», a play in three acts. It also presented "The Neighbors," a one-act play by Zona Gale. The play production class presented three one-act plays, each play representing a different type.

Dramatics at William and Mary are just beginning. During this year, it is expected that they will continue to expand and develop.

**Musical Comedy**

The Monogram Club presented the musical comedy “Minus Mary” during the past season. This was the first time a regular musical comedy has been presented at William and Mary, but it is planned to make it an annual production. Formerly the Monogram Club has been presenting a minstrel show, but it is believed that a musical comedy will be better in every way than the minstrel show. The cast, of course, is made up entirely of men.
Glee Clubs

The William and Mary Glee Clubs have made a lasting name for themselves this year under the able direction of Mrs. Kathleen Hipp.

After many tedious hours of practice and of "playing lady," the Men's Glee Club assisted the Monogram Club in presenting the musical comedy, "Minus Mary," which met with great approval. The ablest critics could scarcely discern behind the dainty feminine makeup of the beauty chorus the robust persons of the leading campus Romeos.

Not to be outdone, the Girl's Club presented a delightful musical comedy entitled, "Mistress Mary," depicting prominent historic events in the history of William and Mary. Beautiful musical numbers, quaint costumes, and the attractiveness of the "Marys" made this event most popular.

Both presentations were doubly appreciated due to the fact that the librettos, costumes, and properties were all the products of our own campus talent.

The two clubs also presented an evening's concert, which testified to the musical talent which William and Mary has to offer, and to the skill of the director.

Monogram Club

The Monogram Club has for its members those men who have received a Varsity monogram in a major sport. Its purpose is to discuss and decide the athletic policy of the college, and to give fitting awards to the members of the Varsity teams who have earned them.
Women's Monogram Club

The Club is composed of members of Varsity athletic teams, who have earned a monogram. The club seeks to give to the women athletes fitting awards for their services.

"13" Club

The "13" Club is a social organization, membership in which is supposed to be limited to the thirteen outstanding social leaders on the campus.

Cotillion Club

The Cotillion Club is the men's dance club. It selects new members at the beginning of each year from students interested in the social life of the college. Its purpose is to generally promote social activities on the campus, and especially to sponsor the formal Cotillion Club dances which are given three times each year.

German Club

The German Club is the Women's organization corresponding to the Cotillion Club. Its membership is also selected at the beginning of each year, and membership in it is limited to those who show an interest in the campus social activities. It sponsors two formal dances each year, one in the fall, and one in the winter.

Seven Society

The Seven Society is a secret organization which seeks to select the seven most representative men students on the campus during their senior year. The members of the Society are not announced until the time the Seniors are graduating.
The members last year were:

B. B. Club

The B. B. Club is a purely social organization, selecting its members from the social leaders on the campus.
Members—Jack Irwin, Bill Linn, Mike Britton, Mac O'Farrell, Bill West, Paul Everett, Doc. Turnbull, Jimmy Robertson, Louis Rueger.

Ribbon Societies

There are two women's ribbon societies on the campus, the G. G. G. and the K. O. B. These societies usually present some feature of the semi-annual German Club dances.

Edith Baer Club

The Edith Baer Club is an honorary Home Economics Society. Its membership is chosen from those who are outstanding in this department. The club is very active during the school year. Its motto is "To make the world more homelike."
Its officers are Kitty Rhodes, President; Olerta Belle Martin, Vice President; Alice Crutchfield, Secretary and Jane Abbitt, Treasurer.

Megaphone Club

The William and Mary Megaphone Club has for its purpose the stimulation of school spirit by maintaining an organized cheering section at the inter-collegiate games, each member of which is equipped with a megaphone for use in
cheering. Freshman who are interested in showing their school spirit are cordially invited to join.

Gibbons Club

Confronted with the absence of a Catholic Church in town, and realizing the need of some place where Catholic students could gather together and express their devotion to God, there was organized in 1923, by the Catholic students in college, the Gibbons Club. The purpose of this club is to help, in its way, the Catholic students worship God. It is the purpose of this club to hold mass every two weeks of the college year. The time and place of meetings and mass are posted in time for every one to attend. All Catholic students are urged to be present.

Art Club

The Art Club exists for the purpose of stimulating an interest in the study of art at William and Mary. Membership is open to those who have a special interest in art.
ORGANIZATIONS

The campus of William and Mary is very highly organized, and the new student at William and Mary will need some knowledge of the function of the various ones with which he might come into contact. It is for this purpose that on the following pages will be found listed all the organizations on the campus. After the name of each organization a statement of the aim and purpose of the club has been printed.

The American Greek letter fraternity system originated at William and Mary in 1776 with the founding of Phi Beta Kappa (now honorary). The Greek letter fraternities are national organizations represented by local chapters in the various colleges and universities. Their purpose is fraternal, and as secret brotherhoods they seek to ally men of one type—men who are congenial, and who, by close association, will mutually benefit one another. The chapters own or rent houses, in which many of the members live.

Because the aim of the fraternity is to bring together in close bond of brotherhood such men who have similar tastes, talents, or ambitions, it must necessarily follow that none can join except on invitation by the members. If an invitation is extended you, do not decide hastily. You will be no better or worse for having declined or accepted an invitation. A fraternity may be a distinct help or it may be a hindrance. It will not raise you to sudden eminence among your fellows; the best it can do is to inspire you to greater endeavors, manliness, and higher achievements. There is a possibility of mutual helpfulness in the intimate association of like-minded men, but be sure to retain your individuality. Before joining be certain you understand the following facts: First, the character, reputation, and ideals of the national organization; second, the object and general pur-
pose or policy of the local chapter; third, the character of the men in the local chapter, and fourth, the dues, assessments, room rent, initiation fee, etc.

Do not allow your membership to interfere with your personal ideals. Do not place your fraternity before the college that is to become your Alma Mater. If you narrow your college life to an intimacy with none but your fraternity brothers, you will lose much of the best that the life at William and Mary holds for you. You will find that some of your warmest friends will be made among non-fraternity men. Be broad and generous, non-partisan, and democratic.

There are highly organized fraternities of social and honorary nature at William and Mary. Of the honorary fraternities, Phi Beta Kappa is the first and the greatest. It was the first fraternity established in America and is composed of eminent and distinguished scholars. Other honor fraternities are Omicron Delta Kappa, composed of both graduates and undergraduates; Tau Kappa Alpha, an honor fraternity for orators and debaters; and Sigma Upsilon, the literary fraternity.

Inter-Fraternity Council

The Inter-Fraternity Council is composed of two members of each of the men's social fraternities. It is through this council that all relations between the various groups are promoted a better understanding and a greater cooperation between fraternities, and to further the interests of Greek letter fraternities on the campus.

Pan-Hellenic Council

The Pan-Hellenic Council serves the same purpose for the women's social fraternities as does the Inter-Fraternity Council for the men. It is composed of two members from each of the sororities on the campus.
