How Green Was the Grass

How green was the grass of our campus. That was one day last summer, when the dust of my office door was lightly brushed aside. It was a day of mild weather and a soft breeze, and the campus was decorated with a fine dusting of newly mown grass. The sun shone brightly, and the air was warm and inviting.

there is no opportunity to think about the govern- ment. The time may be an excellent one for the students to consider the way in which decisions are made before they are施行.

As the war continues, the government will be more and more on the minds of the students. In order to be well-informed, students must be aware of the facts that are being presented to them. The government must be held accountable for its actions, and the students must be able to make informed decisions.

Men Needed As Volunteer Plane Spotters

An attraction of the current meeting of the Airplane Spotters held last Thursday was a discussion on the necessity to take regular practice in the area during the day. It was pointed out that if a sufficient number of new volunteers were signed up, regular practice may be reduced from 8 hours to 2 hours each week. More volunteers are needed to help maintain the field at the present time.

Washington's Birthday is a holiday that is observed with more than special interest in Williamsburg. In the past, the City of Williamsburg, under the direction of Mrs. Jane Felton, head of the Colonial Williamsburg Foundation, has been a团圆 in the celebration. However, this year, due to lack of funds, Williamsburg will observe Washington's Birthday with fewer than usual festivities. People have been asked to save their money for the spring season, when the City will have a full program of events.

Washington's Birthday is held on February 22nd. This year, the City will hold a small ceremony to honor Washington, who was born on this day in 1732. The ceremony will include a reading of Washington's speeches and a brief talk by a historian about Washington's life and times.

The celebration will take place at the City's Capitol Building, which was built in 1776 as a symbol of American freedom. The building has been restored and is now open to the public. Visitors can tour the building and learn about the history of the City of Williamsburg.

In addition to the ceremony, the City will hold a free library program for children. The program will feature stories about Washington and his life, as well as games and activities for kids.

Overall, the City of Williamsburg is looking forward to a fun and informative celebration of Washington's Birthday. Visitors are encouraged to come out and enjoy the festivities.
