We met great service and officers went by 25 muskets. We found a man occupying the house of a customs officer and could not get any rooms. The next day we went to customs house and found a number of letters to pass our passports which we were mailed. We then went to the fort and found 3 soldiers up there at the fort. On the road by a very bad road and had to pay 24 pesos to pass each. He told us we might remain all night. At Acapulco I recommend to find a letter to our passports to General Calloway of Pala Buigas. I was then recommended to good advice and letters. But being very late we got to that we should go with some of day breaks in the morning. We could get little.
