TRIBES TOURNAMENT OPENS TODAY

Redmen, Spiders Meet in Second Engagement

The Indians wind up their baseball season this week with a return game against Richmond, there to face the Spiders in a single game against the Little Creek Amphibia here on Thursday.

The game with Richmond, will be one of the big games in the up-and-down season for the Tribe. Richmond has been a strange number this year since they are the only team to blank the Spiders. Richmond rebounded majestically after their 1-0 setback at William and Mary and blanked the Tribe twice in the last week.

The Tribe's last week was a great success due to their five-game winning streak, which ended with three straight wins. They defeated the Pirates and the Norfolk Air Station once.

Last Tuesday, Bob Banner hit the distance and the Indians ended out 0-7 over the Norfolk Air Station.

The Indians, who ran second to Southern California last year, were defeated, 6-3, 5-7, 6-0.

Dick EK, writing in the Utah Chronicle, presents a most interesting column on the ridiculousness of certain regulations that are laid to protect amateur sports from the evils of professionalism.

The subject was the case of Barbara Scott. Canada's skating star, who was forced to return a new automobile, the gift of the people of Ontario, or be declared ineligible for the 1948 Olympics.

He compares this proscription to that which Jim Thorpe suffered in 1913. In the previous year he had proved his terrific prowess by winning both the penthalon and decathlon in the Olympic games, being the first and only man to accomplish this almost unbelievable feat. Gamblers who bet on Harvard against Thorpe's Carlisle team in '13 lost their shirts and vowed revenge on the Indian star. They finally dug up the fact that Jim had played semi-pro baseball during '13.

The baseball squad has been hot and cold all year. There has been wiffle hitting, uncertain fielding and pitching which was only hit and pitch hitting.

For the past two months, the William and Mary sports picture has been completely dominated by the incomparable Indian tennis team. Gardener Larned, Brown, and Mary are included among these colleges. The new Electric Hour "HOUR OF CHARM" by Walter Raymond

Co-op To Compel Students To Use Quill Pens Only

At the final General Cooperative committee meeting of the year on Thursday, May 15, it was voted that henceforth all students will be compelled to use quill pens, thus obviating the necessity for the projected raising of $5,000 needed for putting pencil sharpeners at all strategic points on the campus.

Any student found writing with a pencil will be tried by the Honor council, John LEE Dayton revealed in an exclusive interview with a REBEL ROUSER reporter immediately after the Cooperative committee adjourned. The student will probably be dismissed from college except in exceptional cases, declared Dayton, when nothing but feathers from Northern geese are available.

W-M Theatre Abandons Uncle Tom For Drama Of Lovable Old South

Abandoning all plans for the presentation of "Uncle Tom's Cabin," scheduled for tomorrow and Wednesday, May 20 and 21, the William and Mary Theatre is now planning a production of "Magnolias Bloom Forever," for Thursday night at 8 p. m. in Phi Beta Kappa hall.

Miss Althea LEE Hunt declared that the early date of production of a play which went into rehearsal only yesterday is made possible by the fact that "all the cast love the old south so much that they were able to absorb the true color of this delightful drama of the lovable old south and present the play with only three days of preparation. It should be a wonderful play."

Ginna LEE Lewis and Clint LEE Atkinson will take the leads in the play, to nobody's great surprise.
