Monday Night.  Moneta Va,

My dear Lilian,

Well don't have the least idea what you are thinking of writing tonight nor what I will do so am hoping that this may an agreeable surprise and not a shock. Now don't you wish that it had not been raining one more day so we could have gone to church.
Suppose you all went to the city as I went this morning and didn't see anyone as I passed. I'm glad I didn't get back pretty early, you had a pretty slick time, but I got in just as it started raining. Surely are lucky sometimes.

Did you hear about the snow getting C. to phone for me. Rucker said he said that he would not come, now isn't it awful to get
to be so little thought of
that the Dr. will not come in.

Claim was so putting on a big one in his new car.
Expect had better have mine at home hereafter so I won't get ruined over.
Just as you will ride with me, it won't worry me as very much.

Rexen I can get plant some more tobacco tomorrow if it is not raining too much.
Fingers some kind this morning as I was just in time for the rain.

Have a question to ask you and want your to answer it to the best of your knowledge.
Intended asking you Sunday but didn't get a chance.

Do you think you are treating me fair to keep me waiting so long, and to carry out all of your plans and to 
spend mine. Don't you think it would be right to meet half
way so as we can help each other?

Tell as I could live a better Christian life with your help, although try to the best I know how to.

Please write me what you think of this if I don't see you before.

Would be glad to hear from you this week if you feel like writing. Then it will be my time to write next week!
Worked on the car all the afternoon and didn't finish with it then.

There's always something to be done no matter how much you work on them.

It's a good deal cheaper to do the work yourself than to pay someone else.

As I haven't any news you can keep looking for it.

Good night and pleasant dreams.

Forever,

Yours,

Rob.
