Monday Night
Dec. 20, 1920

My dear Leila:

Don’t expect you are expecting a letter as soon but thought I’d go to Bedford tomorrow night and better write tonight so you could get it before Xmas.

I helped Mr. Tomcat with this evening and expect will go back in the morning and that will finish up sawing for this year unless some one chances in.

How is your curiosity by this thing? Of course you know what it will be and wish you
I'm satisfied now.

It isn't much but hope it will be of service to you and will try to do better next time.

The present job has for Homer is just as cute as can be. Wish I had one like it myself now if I do possess two.

Guess will have to write to Miss Ruth Comic tonight, as there don't seem to be any way out of it.

It surely is hard for some folks to take a hint; don't know whether they don't want to argue just don't catch on. Rather think what they just don't care to take a hint for some reason.

If it wasn't Sister Comic's niece I would know how to do but as it is I wasn't your to tell me what to do, because you know more about girls than I do.

One thing sure I don't want to fool anyone, because it's not right.
I came very near being trapped over and am hoping that it is the last time.

Don't you say anything about this to anyone, and don't believe you will, if I did it would keep it to myself.

That affair had about as much to do with my not going to Boston next year as anything, at least it was a big objection.

Expect this is about as much as you want to hear about this now so I will keep the balance to tell you when there is a good opportunity.

Hope our records will come before March, and we can have a good time.

Don't you hope the roads will be good during times and we can get around and have a good time.

Sister Lucie wants me to come to Lynchburg and spend reaction but don't think it will make any difference into when I will go.

Think I can have a good time here if can anywhere. I always have a good time when with you and don't you think it would be better for me not to leave this time?

Dad! you think it about time we were coming to some agreement now? We have been putting it off for a year or two years and I feel we don't know any more now than we did then about some things.

Hope to see you Friday night and we will start Christmas if it does not go any further.
