

My dearest Lillian;

Jan. 1st. 1923.

I haven't any new year cards so
am going to send you this to wish you the
happiest year of your life and the richest blessings
that one could wish his dearest lover.

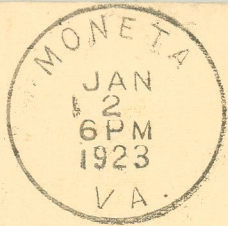

Hope this may find you well and hope you
felt better after a nights rest.

am still enjoying the good time that had
with you this Xmas. While am at work am

thinking of those pleasant ~~not~~ never forgotten
hours that we spent together.

Mamma just written Ruth a card of thanks for
the things that she sent me. Told you that
I was not going to write to her any more last
year so you see I kept my promise.

You don't know how that has bothered my aunt
does till yet but hope to keep my head so she can't
get me ~~bothered~~, any ^{way} I can ^{well} explain enough what she
is working for. Good night darling,
Yours Rob.
