My dearest Lilian,

wish could 

see your night now and 
find out just exactly how 
you are getting along, but 
as can’t be there will take 
a few minutes and write 
you a short note even 
if was there last night. 

Lilian she pain is just 
beautiful and just as it 
thank you enough to 
express my appreciations 
of your thoughtfulness. 

This must be a poor world 
to the one who do not have 
some one who is interesting
their welfare and happiness.

Can anyone else appreciate a thoughtful act any more than I.

No hope you are much better tonight than last night, but you were much better than expected to find you after getting your letter.

I am so tired that I can hardly hold my eyes open and guess it is from such a busy day and judging you as much.

 Seems like we are going to have some rain on the way it sounds after the roof my hand has so that I can hardly hold a pen, etc.
I hope you are over the chickenpox and feeling the best.

The flowers are just beautiful you sent mom and she was so proud. I thought that I hardly got the door open before she said, look at the flowers you sent her.

Good night,

Yours, Rob.
is hunting besides, but think I helped it very much chucking axes.

Had to take a few jokes but sure hard to do what as don't feel any worse.

Now please take good care of your self as you will soon be well, because I don't like for you to be sick.

Wish you would give me an idea what you want Santa to bring for dad lots rather he would bring something you want and would be of some service to you as well as a gift, know something that would never be worth anything.
Miss Lilian Nance,

Moneta,
