My dear Caroline,

It appears that you prefer the Mansion of
Morpheus, to the habitation of us Poor Mortals
and that your fancy shuns above our ordinary
Pangs, don't have too long, and let your Betty
Face be visible, but, for a moment, she beholds
should not be buried in Obscurity, therefore
Take pity on us and extend us the, rest in this
That immediately guess that permit carriage us.
If my luck, that would permission to do
House a place at your Figure. I do not could
anticipate every little with your present State
I am inquiring, but value above mortality, because
Just would receive a letter from Sally this
present.

your aff. friend
