dear sir:

My attention was called  
on yesterday to an article in your paper of the 14th  
of this month headed "Williams College"  

Other things in which it appears that the Ex. Comm.  

named my name as Treasurer, which was so badly  

writ so that his resignation was asked for, unless I  

"gave him in which to settle his debts." It being  

true as we were willing to some justice  

as you have asked point me to make the following  

statement, the Ex. Committee did not accept my  

resignation, on the 12th of this month upon a  

written of my debts: as Treasurers with them  

they claimed I was indebted to them in the  

sum of $245.00, which I did not admit but  

stated that I could produce some bills  

which would greatly reduce this amount, it being it the  

Saturday of the Committee going to do my, I had not  

time then to produce further vouchers, & voluntary oblige.
To place this amount of $248.01 in Bank to the Credit of the College, which sum a final settlement of my bill of same, I owe to the College. I am his money but on the contrary, I did not see it in this part. There the Committee were to refund it to me such amount as might be accepted. We did see, I did on the 18th day of this month make the deposit held as paid. The matter stand awaiting further action to make this Committee, for the correctness of this statement I refer you to Dr. J.E. Rushmore, Chap., or any other member of the committee.

Dear Sir:

I cannot understand from Mr. Smith whether you decline to give up the vouchers and papers on which your reports are based or not. I am perfectly willing to give you a receipt for each paper if necessary or you can bring them up and help me post the books and make out a statement, and take them back again. Anything I have agreed to you provided you enable me to comply with my duty in the premises.

Otherwise I can but report the fact to the Executive Committee and the Legislature and place the facts where it belongs in the Treasurer of the Institution.

Please let me know by letter what I am to do. Every day is precious.

Yours truly,

Yours truly,

Dear Sir,

In attempting to save the college books agree with the balance in hand, I find that there appears to be another error in your account but it appears to be to your advantage. You do not claim to have charged for the quarter ending August 10, 1889, making 787.50 due you on this item. If you let Mr. Smith have the checks from July to the time of your resignation and a copy of your settlement with the Executive Committee, I think this can be ascertained beyond a question. I mean a copy of the papers presented to the Executive Committee and allowed at its meeting in September last, from which you were allowed 61.35.

If you have a Bank statement supplementing the one I gave you, I would like to see that. By allowing these errors the books very nearly square with the cash in bank.

Yours truly,

N. B. G. Tyler,

[Handwritten text]:

Dear Sir,

I am directed to acknowledge your two notes of the 19th instant.

Before answering your recent note of the 20th instant, I will briefly state to you my views upon the subject of the College of William and Mary, in so far as I understand them. As you may have observed, the College of William and Mary, which I believe to be an institution of the utmost importance, is at present under the management of the late President, who, I believe, is now free from all responsibility for its management.

I am, therefore, at a loss to understand your note, which I must say was so brief and peremptory as not to add to my assurance of the matter at all.

Very truly,

Mr. B. Smith, Esq.
N. B. Smith, Legislator, Williamsburg,
Dear Sir,

It will afford me pleasure to place technically in your possession a report of N. B. Smith, Legislator, concerning the circumstances of making each report or statement as may have been requested by any legislator, Senator or Representative in any view of the case may be to the interest of the Legislature. For this purpose I turned over the records of my office together with my personal assistance in making the investigation report, and again when as soon as I can consult with our draftsmen and get a draft of the report.

I write this in the belief that the Committee will first desire your men to sign all of your books, acts, reports, and examinations in a like manner to the House of Representatives which are among the greatest in the country.

I believe you will learn me at once in addressing you by the report of your examination of the case. The House Committee has refuses to amend that previous report of the House Committee.

Very truly yours,

W. H. E. Morecock.
