Dear Mom and Dad,

Hi, I got another package from you today, for which I want you thank you. The fruit and chicken dumpling were outstanding just 2nd more. Those are the things I can really use and the tillfote I got his letter and my Income tax check. Also tell him I will answer the letter as soon as I can. I also got a letter from Bert today, and she said she hasn't got a letter from you in 2 months. Your letter answered her last letter.

Today is Sunday, and this wasn't much today. Being the typical I had a few things that I had to get out to the Colonel. But since then, I've been listening...
to records. This buddy of mine, who went out on patrol today, let me use his portable record player and the albums. You don't know how good it is just to sit here and listen to records. It helps a lot of pressure to be able to relax.

Well, mom, that's all I have for today. Don't worry about me. We're all just fine. Give the kids my love. I think of you at home, and I love you.

John.

Dear Mom and Dad,

Hi, just a few lines to say hi. I'm enclosing a picture that was taken in March while I was still going on patrols in the one sitting down with the black hat. The officer in our platoon command.

You aren't really much to write about, the weather is just fine, not too hot. I'm just here for today. Take care and give everyone my love.

Your son,

There isn't really too much to write about. I'm glad you liked Judy's picture. She is an outstanding person. The weather is piss poor it's raining. I'm able to go to Tokyo Japan in August for which I can't wait. Well this is a real short letter but that's all I can think of for toite. Take care and write.

Dear Mom & Dad,

I received your letter from 8 June, and was very happy to hear from you. Boy, our house must really look nice. The yard smells out of sight, can’t wait until I come home. Well, it’s finally getting hot in Michigan, now it’s kind of warm here. HA! Toasting is more like it! I’m used to it, and it really doesn’t bother me now.

Rudy and I have this deal about the saving all strangers out now. This guy about 240 in the book, is the swamp bonds that she is yelling every month. I know she has all of bills to pay, and it is a good idea for...
her to get them paid off before we get married. We'll be alright.

She's a real good girl.

Tell Dad that all the times I worked with him building houses, really paid off for me.

And a buddy, are building us a house we're framing it, and all the whole works! So yourself it really helped me a lot working with Dad.

Well, folks, that's all for today.

Oh, before I forget, I'm glad you like Cheryl, because I know she is a real sweet girl. Pete made a good choice this time. Well take care and give my love to everyone.

Love

Tom
