After a special meeting of the student body today, President Pomfret reviewed the fraternity situation on this campus, outlined the resolution adopted by the Board of Visitors on October 2, and conferred a general discussion of the resolution. The Board has instructed President Pomfret to proceed with plans for the erection of men's fraternity lodges and has authorized the College to negotiate for the acquisition of the present properties. The Board of Visitors on October 2, approved a resolution to proceed with plans for the erection of men's fraternity lodges and has authorized the College to negotiate for the acquisition of the present properties.

The resolution adopted by the situation 'on this campus, outlined if acquired, will be converted into acquisition of the present properties.

Familiar figure On Campus

The FLAT HAT editorial staff will meet tonight at 7:15 in the Flat HAT office. Miss Kate Noon will be a guest. A business staff will also meet, at 7:30 in the FLAT HAT office.

Attention Coeds, Warn Corps starts recruiting Tuesday

You've all heard of the Waves and the Waves, but now we have the Warn Corps sponsored by the Warn Corps." There are a few jobs available for girls who have not yet read the "Due Rules," so get busy, everyone, and give five hours of your time to the Warn Corps sponsored by the Warn Corps. There is great need for the Warn Corps to keep the old rule from taking too long.

Attention Coeds, Warn Corps starts recruiting Tuesday

The Warn Corps will be held on Tuesday at 7:15 in Phi Beta Kappa Hall. There will be a drum major, and give five hours of your time to the Warn Corps sponsored by the Warn Corps. There is great need for the Warn Corps to keep the old rule from taking too long.

Navy Specialists Revive Vaudeville With Emphasis On Variety, Music

Navy Specialists of the Chaplains’ School of the College presented a program of varied musical entertainment for the chaplains, students, and faculty Friday evening at 7:30 in the Phillips Memorial Hall.

Mr. Krouse, Specialist, First Class, led community singing in the beginning to help create a friendly and musical spirit throughout the audience. “Filipino Convoy,” a favorite of Navy men, who have made many trips across the Pacific, was also sung along with a “Little Tommy Tucker” round and other familiar songs.

Specialist Sam Anderson began the program playing some Moogie Woogie. Charles Addis, accompanied by Clarence Hooper, sang “There’s a Crowd,” Double piano selections, a medley, followed by the song “Don’t Blame Me,” played by Gene Sullivan and Walter Williams.

Harold Switzer led a double quartet of the two negro spirituals, “Were You There When They Crucified My Lord?” and “Swing Low, Sweet Chariot,” which he arranged and directed.

A band composed of six instruments: two clarinets, one horn, a piccolo, violins, and washboard drunm gave the song “Der Falper’s Face.” The band also played “Pistol Packing Mama” as an encore.

Dr. Hooykstra started the second half of the program by singing “Swing Low, Sweet Chariot,” “Rhapsody in D Minor,” and “Night and Day” by Sullivan, accompanied by Sullivan.

The closing number was a dual piano selection, “Rhapsody in D Minor,” played by William Morris and John LeMarthone, both Specialists, Third Class. As an encore, a small group of students sang a song, “Night and Day” by Sullivan.

Women students outnumbered the men in the audience this fall for the first time in history. The normal proportion is two men for each woman, but in this war year, registration of women is 2,191 as compared to 2,153 men.

Pennsylvania has more colleges than any other state in the Union.

Mysteries Cavity In Sunken Garden Puzzles Experts; Theories Invited

William and Mary’s famous mathematician, Dr. George K. Armacost, stated that the problem in question is still unsolved.

The puzzle is that of finding the best way to divide a circle into nine equal parts, using straight lines only. This problem, which is known as the “nine-point circle,” has been studied extensively by mathematicians for centuries.

The question arises, “Who done it,?” The puzzle has been the subject of many investigations, and the best solution so far has been found to be the one discovered by the mathematician.

A number of theories have arisen. Some of the more obvious explanations are:

1. That the nine-point circle is the best way to divide a circle into nine equal parts.
2. That the nine-point circle is the best way to divide a circle into nine equal parts.
3. That the nine-point circle is the best way to divide a circle into nine equal parts.
4. That the nine-point circle is the best way to divide a circle into nine equal parts.

The Oldest and Largest in Williamsburg

The Oldest and Largest in Williamsburg

With the Naval Chaplains’ School of the Navy and the Army Specialized Training Units, the college is preparing to welcome a large number of students from the Army and Navy. The college is open to all students, both men and women, who are interested in pursuing a career in the navy or army.

Collins CLEANING & DYEING CO.

COLLINS CLEANING & DYEING CO.
Versatile Marjorie Lentz Active
In W.S.C.G., Sports, Publications
By NANCY OUTLAND
One of the dormitory rooms most popular with the women students of William and Mary is room 224 in Barrett Hall. The reason? Marjorie Lentz, one of the most versatile girls on the campus.

Five feet seven inches tall, Marjorie greets everyone with a charming smile and has an amazing faculty for remembering names. Short in build, she has brown wavy hair and green eyes. She is as even-tempered as she is as green as her many talents.

Most of her time, however, has been spent in Florida and New York, and Marge calls Rochester, New York, "home." While in high school, Marge played on the hockey team and won a prize for best furnished presentations, which she says, is very ironic because no one can read her notes today.

Entering William and Mary in 1940, Marge led the life of a typical freshman. She became a member of the Kappa Kappa Gamma sorority later serving it in the capacity of treasurer. Massachusetts in student government began when she was elected treasurer of the Women's Students' Cooperative Government Association in her senior year. In her junior year she became secretary, and in her senior year she was elected president of the W.S.C.G. A record which is exceptional because of Marjorie's record combined with exceptional qualities of leadership would be enough to warrant her for versatility, but she has abilities over a wider range. A good businesswoman, she has served as Business Manager of the Flat Hat, Secretary of the Student Assembly, and Secretary of the Publications Committee, and Manager of the Tennis Team.

In addition to engaging in all these activities, Marge holds down several jobs. She works in the Registrar's office and assists in the Special Traveling Office where she gives jelly and jam, and records. Marge is an excellent tennis player and hits tennis as her favorite sport. Other sports she likes are swimming, water polo, and Reading novels, especially historical novels, in a hobby of Marge's, and she asks anyone who shares her enthusiasm for Virginia Wood to come and read with her. She enjoys both popular and classical music and she likes to dance. Marge has no definite place for the future but would like to work in New York City. A history major, Marge held interest in classification work.

Dr. Morton Succeeds Dr. Swem As Editor Of W. and M. Quarterly
Dr. Richard Lee Morton of the Department of History will become the new editor of the William and Mary Quarterly with the retirement of Dr. Karl Gregg Swem as editor. A new series of the Quarterly will begin in January, and this new publication is widening its field of interest to include early American history as well as Virginia history, and will be entitled "The William and Mary Quarterly, A Journal of Early American History, Institutions, and Culture." Associated with Dr. Morton as the Board of Editors will be chosen from among the outstanding historians and scholars in the country. This Board includes: Thomas P. Aberle, University of Virginia; Randolph G. Adams, Clemson University; Julian P. Boyd, Princeton University; Charles S. Mims, Colonial Williamsburg, Inc.; Leonard W. Labaree, Yale University; Curtis F. Natoli, University of Wyoming; Stanley Percival, The Newberry Library; Arthur N. Schlessinger, Harvard University; John E. Farnell, College of William and Mary; and Ernest J. Babler, Princeton University; Louis B. Wright, Huntington Library.

Since 1910, Dr. R. L. Morton has been head of the Department of History at William and Mary. He has written several articles and reviews and has just returned from a leave of absence to write a History of Virginia, on which he is still working.

17 Year Olds Now Eligible For Military Scholarship
The Army has recently announced "military scholarships" for 17-year-old men. They are limited to those who successfully passed the April 17 qualifying examination and to those who qualified for similar tests to be given in the future. The individual must volunteer. He is signed to an institution for the basic phase of the Army Specialized Training Program courses but retains his civilian status without compensation. At the end of the term or semester in which he begins, he will be called to active duty and sent to an Army Replacement Center for basic military training. After completion of such training he may be selected for return to college through the Army. Alaska and Hawaii and the Philippines may be assigned to the Army by $2,500 and only a portion of this quota will be assigned at this time.

Chaplains Go On The Air In 'Navy Sings'
"THE NAVY SINGS," a program over CBS, from 8:45 to 9:00 A.M. by the Chaplains and their aides, who are studying here at William and Mary, will go on the air Tuesday, October 5. The 15 running students of William and Mary have been awarded the Roll of Fame Scholarships in Navy ships. Each scholarship is in effect for the present school term and none is available to students of the same school. With the exception of Mary, is heard every Sunday morning. The Chaplains' assistants, who compose the bulk of the choir, must all be professional musicians to serve in this capacity.

The choir is under the direction of Charles J. W. Taylor of the William and Mary Audio Office.

Freshman Tribunal

Tribunal. So mind your p’s and q’s, freshmen.

DUC RULES

Here are the Duc rules as copied from the Indian Handbook:

I. Duc Caps

A. All freshmen must wear duc caps when on the campus or in Williamsburg and vicinity:

1. From 7 A.M. to 10 P.M. on weekdays.

2. From 7 A.M. to 6 P.M. on Saturday.

3. No caps are worn on Sundays.

B. Freshmen men are required to wear black bow ties on Saturday nights and Sundays.

II. Campus Walks:

A. Freshmen will use only the middle campus walk when going to and from town.

B. When passing the statue of Lord Botetourt, freshmen men are required to tip their hats, the women to curtsey.

C. II., A. and B. will not apply after 6 P.M.

III. Attendance at College Functions:

A. Freshmen are expected to attend all convocations, student body meetings, tribunal meetings, freshman class meetings and popular dances.

1. In cases of necessity, permission to be absent may be obtained from any member of the Tribunal.

B. Freshmen are expected to attend all major home athletic contests and will:

1. Occupy a cheering section designated for them.

2. Use their megaphones at all games.

3. Learn all college cheers and songs before the first home football game.

IV. Courtesy and General Conduct:

A. In accordance with William and Mary’s long record of friendship, it is expected that freshmen will show the respect and courtesy to their classmates, to other students, to the faculty, and to visitors to the College.

V. All freshmen rules will continue until Christmas vacation, but, if William and Mary beats Richmond in football, the rules will be suspended at once.

Any violation of the above rules is subject to the action of the Tribunal.

Fall Convocation

Committee, a Quaker organization, that the administration had the good fortune to obtain Oliver Freud as a professor. His experience in teaching has definitely made an impression on him, for he may make it his life-work.

Mrs. Freud is a familiar figure in the Fine Arts Building where she is enthusiastically taking up her painting again. This is the first chance she has had to do any painting since she was in Europe where her work was exhibited several times in Germany and in the Salon d’Automne of Paris, on pandemic exhibition.

The couple have slipped quietly and contentedly into the general routine of college life. They both frequent the library. Mrs. Freud, looking among the science shelves, and her husband going through American poetry at present. Though casual and sports held no interest for him, Mr. Freud finds hiking one of his favorite hobbies. Photography, however, has become a secondary profession with him. When asked how the American college compares with the European schools, Mr. Freud laughed but added just as he hopes we will bear with the College in the unavoidable inconvenience created by the emergency situation. Dr. Pomfret went on to say that we are here to get an education, not to work aimlessly. He concluded his speech with a quotation from Anatole France - that we are here on earth "Not merely to live, suffer and die, but to think, to strive, to build, and to create."

ARMY JOINS STUDENTS IN INTRAMURALS
COMPANY A COMMANDOS LEAD IN ARMY SERIES

SEVEN TEAM LEAGUE FORMED; FIRST GAMES PLAYED MONDAY

William and Mary has geared its intramural system to a wartime scale, and has outlined one of the finest intramural athletic programs the college has ever planned to carry. A league of seven teams has been set up with the idea of giving every boy on the campus, whether a civilian or an A.T.S.P. trainee, a chance to participate in what can truly be called a beneficial physical training program.

The Army Unit on the campus will oppose itself to seven teams, three from Company A and two from Company B. A team picked from the civilians will also be added to the league, making a total of seven teams. Company B has assigned its teams as follows: "The Indians," a premium team, is under the leadership of Coach Voyles; "The Papooses," under the guidance of Coach Anderson. From Company A, the teams will be known as "The Indians," "The Fighting Colonials," and "The Rambler," with Coach Gilmour in charge of the former, Coach Voyles in charge of the latter.

The civilian team will be combed of the finest players from the college. Among them are Ben Raimondi, a fullback, who was a member of the varsity football team last year. The Indians' games are to be played on the Army Air Base at 4:30 p.m. on the first and third Mondays of the month.

FRESHMEN DRILL;

WILL PLAY NAVY

B'S IN TWO WEEKS

Last week, the familiar sight of pigskin being kicked around came back to the campus of William and Mary as fourteen candidate reporting to Coach R. N. McCoy for football practice.

Due to the scarcity of older, experienced men, the freshmen and sophomore teams were able to hold practice with some success. The offense has two talented running backs in Ben Raimondi and Ben Cudahy, both of whom are expected to make contributions to the team this season. The defense has been strong, with several promising players who will be expected to take the field with the freshmen and sophomores.

In their initial workouts, the team showed great promise, making a strong effort in blocking and timing. Coach McCoy is looking forward to a successful season for the freshmen, with the hope of making a strong showing against the Navy team in two weeks.

EXTRA POINTS

Klaiber of the Spiders, the noted gunner, got the ball unchallenged at the last second, making a very rough one.

The B's pounced themselves with a surefire touchdown in the last minute of the game, winning 10-0.

In the Army-B's game last week, the Spiders outplayed the Commandos except for a four-yard touchdown, which cost them the game.

On fourth down the B's quickly advanced to the Spiders' 15 and 30, but were stopped.

The game ended with the Army on the 30-yard line, but they couldn't produce the touchdown they needed.

This was the last scoring threat until the Commandos, spearheaded by Everett's 25-yard run, brought the Spiders' only line.

The final score was 13-0, with the Army leading the Spiders 9-0 at the half and 13-0 at the final gun.

Took this in the trophy room where it belonged.

Here and There

Bob Longstrege, talented tailback and Indian captain-elect, now performing for Richmond, was seriously injured in last Friday's Coast Guard game and will be lost to the Spiders for the remainder of the season. He played brilliantly against prep schools and other teams.

The full realization that William and Mary will not be rep­

Ported back to the campus 0

r

Making a total of seven teams.

This fall the league will participate in the following sports: Six Man Touch Football, Soccer, Basketball, Obstacle Course Running, and Badminton. Due to the late hours of commitment, the majority of the football team will be made up of the students.

The league will participate in the following sports: Six Man Touch Football, Soccer, Basketball, Obstacle Course Running, and Badminton. Due to the late hours of commitment, the majority of the football team will be made up of the students.

From the seven sections, teams will be picked to represent the various groups in all Fall, Winter, and Spring athletics. Any boy that belongs to the Army on a group can tryout for any sport in which his specialty should be noted is boys playing freshman or one (Continued on Page 6).

RHYTHMS GIVEN PLACE IN PHYSICAL EDUCATION

A new addition to the physical education department is the new rhythmic class in Rhythms conducted by Miss Arlene Gunderson, a new member of the department. This class is similar to modern dance taught in past years, but with a higher degree of technique and strength rather than dancing routines. The students will be taught the latest dance steps and those who show progress will be selected for the Dance Club later in the year.

Classes are being held in the Great Hall of the Dance building until the printing of the gymnasium is completed.

For Women Only

BY EYDITH MARS

Here it is. The column you have been waiting for. Each week we keep you posted on latest sports events. And there will be enough news to keep this reporter hopping because of this year's new and more extensive program.

Intramural leagues including theletics and dancing and rhythms are among the recent additions. These rhythm groups are revived from the former modern dance classes. You talented dancers will still have a chance later in the season to try out for the Dance Club.

Greek Letters

BY RUTH WEBER

The Alpha Nu Chapter of Delta Delta Delta was happy in announcing the initiation of Ann James, Dorothy Scarborough and Virginia Tipton last Monday, October fourth.

Gammas Alpha of Phi Mu is pleased to announce the initiation of Elaine Hall, Pat Biker, and Josephine Osthein on Tuesday, October fifth.

Women's Rush Rules Posted In Dorms

Soberly rush rules have been posted on the bulletin boards in all the dormitories in order that all intramural sports may proceed without incident. The Panhellenic Council urges strict compliance with these rules.

A mass meeting for all new women students will be held on Wednesday, October 6, at 8 P.M., in Washington 100, for the purpose of discussing fully the rushing rules and answering any questions concerning them.

Many Turn Out For Hockey; Good Season Promised

Despite tall guns, the advanced hockey class courageously stream-lined out on the field last week for their first practice. Due to a breakdown of equipment, the playing field in poor condition, only light practice was attempted. Coach Parkdale has challenged the prospective players to push the hard-nosed around the field one lap, asserting that the breast can equal any record set.

Although there will be no inter-collegiate hockey this season due to transportation difficulties, an active intramural schedule is being planned. Returning from last year's squad and forming the backbone of the intramural team will be nine upperclassmen girls who have earned their monograms in hockey. They are: Davis, Duval, Menz, Lawson, Levet, Elymore, Boyd, Gill, Davis, and Rutherford. There are 25 freshmen in the advanced group and much is expected from them as well as from the upperclassmen who have turned out.

Miss Constance Applebee, who introduced the game in America, visited Williamsburg last week and helped to coach our team. She is expected to return later this season. Last month Miss Barkdale, Miss Reeder, and Jean Boyd visited Miss Applebee's Hockey Camp. Miss Applebee introduced new ideas about hockey with other representatives from all sections of the country. Two members of the All-American Hockey Team were among the instructors. Work and spirit were stressed.

Although the schedule of intramural games is not yet fixed, Miss Barkdale says that the season's outlook is a bright one.

League Formed

(Continued from Page 5)

hundred and fifty pound football chest, lounge body, easy fitting sleeves, cloths demands casual shoulders, a drape and tweeds, and you sir, will all go-well together.

A.S.T.U. Boys and Campus Coeds Dance To "Sophisticated Swing" Of Army Band

During the intermission, Lebo and Ann Miller took the floor, announced the election of the officers to fill the student government office. The German Club planned for these girls' dorms were well attended, and with a $100 War Bond to be used German Club could chalk up another toward a Student Union Building, other successful dance.

German Club Gives $100 Bond To Union

"Where's the bit of feminine patronizing William and Mary is giving me for tonight?" asked one A.S.T.U. man of his buddy as they waited for their dates to come down the stairs of Chafee Hall. In all of the girls' dorms Saturday night, uniforms and evening gowns were adorned with a smiling mock looking for their other halves. Gradually, after cries of "Oh, are you my date?" the two strangers strolled over to Blow Gym where the smooth strains of the army orchestra's theme song, "Sophisticated Swing", attempted to set the mood for the first German Club dance of '43.

Dressed up for the occasion, Blow Gym was resplendent in hues deepest and green and white streamers. The orchestra added to the "night club" atmosphere by playing really good dance music. As promised more and more couples took refuge in the balcony from the crowded dance floor. This was also a good spot from which to watch the floor show which consisted of songs by Joan Crawford, a Hawaiian dance by Marion Ross, and songs by the A.S.T.U. quartet.

Elections Held Soon To Fill Student Posts

Student body elections to fill the many student government offices left vacant by men entering the service, are to be held in the near future, announced Dr. Arrasmont, Acting Dean of Men. Such important offices as President of the Student Body, Bident Class President, and Men's Home Council positions must be filled. This must be done as soon as possible in order to have the government in function efficiently.

Dr. Arrasmont expects to call a meeting of the election committee immediately. Results of this meeting and plans for the coming election will be announced in next week's FLAT HAT.
Coeds Throng Barrett Hall

Dripping from the weather, but not at all dampened in some four or five hundred big and little sisters throned Barrett Hall Thursday evening from 8:30 until 10 P.M. The intrammarion had planned a big evening containing skits, takes-offs and several warm-up songs. Marian Ross as master of ceremonies led the group in singing, "Hall, Hall, the Gang's All Here," with Betty Aurell as announcer. After the girls piled in on a popular song, Jackie Adams announced a skit featuring the "Cracker-Jack Family"—a domestic drama with a little love interest for good measure. "Papa" Jean Schwartz, "Daughter" Marian Lott and "DomesticITH态al膨胀" Honey McGuire presented this little skit (and they all lived happily ever after) with the help of the able stage crew: Jean Beazely.

A pamphlet of general information which contains an admission identification form may be obtained at Marshall-Wythe 312, the Army Specialized Training Program B-12, which will be given on Tuesday, November 9, at Phi Beta Kappa Hall. This is the first of a series of five programs planned by the "Friends of the College of William and Mary." Mr. Vein, in the leading exposition of Modern Dance in America, Miss Thimney's vitality and rhythm together with her masterly technique make her an artist of charm and distinction. The program has a wide range including the dramatic and comic as well as the lyrical. Their program has been praised very favorably by responsible critics. The Worcester Telegram says it was just bound to turn over, I heard the more joyful words of "We're Dreaming of a White Christmas" and "Jingle Bells." Could I have slept that long?

Me and My Bunx

MONDAY — Yes, the Happy Bunk and I are in the act of getting settled. After unpacking five stray tins and one faded bedspread, we settled at Chen Cai by purchasing a can of paint. We're doing it the easy way this year. We also have considered stealing chairs and old Post Gazettes to brighten the locus color.

TUESDAY — The Other Bunk dropped in today—lids as usual. We spent the entire day making out her schedule which tends to be on the amusing side as well as on the almost 1-feel-like-crying side or now-how-did-this-happen side. She's taking six hours of the Nutraceutical Valuen of Vitamin B. Boost (without laboratory fee), and three hours of Drama, as well as History 806R, which is a five-year continuous course. We did not feel that she should overlook a special war course in Educational Entertainment of the A.S.T. Union. We feel that the Curriculum Committee Markere that she for one was going to make her an artist of charm and distinction. The program has a wide range including the dramatic and comic as well as the lyrical. Their program has been praised very favorably by responsible critics. The Worcester Telegram says it was just bound to turn over, I heard the more joyful words of "We're Dreaming of a White Christmas" and "Jingle Bells." Could I have slept that long?

THURSDAY — It's positively marvelous. Here I want to be a bank president, and everyone is against me. A short-haired soldier told me woman just never are, and even the Other Bunk told me not to work so hard that I never know a break, and I'd born myself out by the time I was forty. She also advised me not to show, but I want to intrigue at forty.

FRIDAY — Early this morning, I'm dreaming of a good week-upperclassmen, twelve seniors, five stray curtains and one faded ternationally known choreograph-

annie Primrose, a viola virtuoso, by the time I was forty. She also advised me not to show, but I want to intrigue at forty.

Saturday — Hippity, trippity, women and two hundred eighteen for students is $2.20 (tax included) and faculty, $3.00. The price of season tickets will be $5.00 for individual performances and $10.00 for faculty and 50 cents for students.

663 Women, 216 Men Register

Eight hundred eighty-six students registered during the two-week period preceding the beginning of fall classes. Of this number, 500 women and 200 men were freshmen, while 300 women and 100 men were sophomores. Only sixty of the men are upperclassmen, with twenty-nine juniors, forty-one sophomores. Army Specialized Training Program B-21, which is for students in the upper floors of the town stores.
Cooperation

Today the student body of William and Mary is composed of two groups. The one—the Army Specialized Training Unit—is here because certain authorities chose this school. The other—the civilian student group—is here because each individual selected this college as his particular choice. Regardless of where they are from, all students are in the same college and we should strive to work together as one unit.

There are, of course, certain privileges which we cannot share with the A.S.T.U. Many students are now in the armed services, either at home or on the battlefront. We must try to understand and appreciate the fact that a few are interested in reaching a more united spirit between the groups on campus. We hope that we will see more evidences of this feeling in the future.

As students of this college, the Army Specialized Training Unit should have the privilege of contributing to this publication. The FLAT HAT would like to print their news and opinions. However, the FLAT HAT is in no way financially able to give them free copies. The regular students pay an activities fee when they enroll. This entitles them to weekly copies of the FLAT HAT throughout the school year. Some such arrangement must be made by the A.S.T.U. before we can assure them copies of this paper.

Full Speed Ahead

We are all prepared to bear with the College the necessary inconveniences created by the present emergency situation. We go happily along our separate ways, bearing with us, just as we did our separate ways, bearing with us, just as we did during the World War. We are all prepared to bear with the College the necessary inconvenience of the FLAT HAT. In future columns, we hope to present what we feel are important issues to the Burg. •

Mr. Burks, superintendent of the college staff, Lynchburg, Va., have suggested that the FLAT HAT be made a class assignment. This is something we cannot afford to do. However, we are always interested in the opinions of the students. If you have suggestions for the FLAT HAT, please let us know. We will try to incorporate your ideas into our future columns.

Students Face Challenge; Issue Up to Women

By JERRY BROWN

It is my intention to fight for those things that will keep the government of the student body in the hands of the students, to fight against undue interference with student independence, to attempt at censorship or co-operation of the FLAT HAT.

There is not now a strong student assembly. The vacant offices must be filled by the Student Government. Precedents have shown that at least a few are interested in reaching a more united spirit between the groups on campus. We hope that we will see evidences of this feeling in the future.

I have a question which I defy any college student or official to answer. Why are the women students in the Dining Hall?

There are about 500 or more women who smoke—some of them long time habitues. Far be it from me to forward the practice of smoking, but permit me to say, as a smoker of long standing, that the majority of women would be happier otherwise.

I know three good reasons why the women students of this college choose to smoke in the Dining Hall. First, they would prevent much chaos in the College. The women would not be allowed to smoke, and as such would prevent much smoking by the men. Second, they would be more likely to smoke, for the school is "realistically democratic" and student government prevails. Third, although it may be foolish to some, they have a right to smoke, for the school is "realistically democratic" and student government prevails. Why should a student, in his own domain, be forced to refrain from doing what he wishes to do? To say that a woman, in her own domain, in her own home, must be forced to refrain from doing what she wishes to do, is an example of a man thinking about a woman's thinking. But if I shall convince you of the rightness of my view, you will be the speaker next Tuesday evening at the offices of Colonial Williamsburg which have been given to the student body.

True, the news in it comes in part from the world, but it is the only news that comes in from the world, and the only news that we can be interested in. We can accomplish the aim of intelligent organization only by voting for candidates who think and work with us. The Federal Americanism of 1943 is different from the Americanism of the 19th century. The FLAT HAT stands ready to accept and print signed editorials.

The editors of the FLAT HAT only wish to see a few arrangements that affect us. We will be glad to receive any letter to the editor concerning subjects we have touched upon or subjects we have overlooked. What your opinions may be, it will be gratifying to know that you have thought long enough about this subject.

It has always been our belief that a college education should teach men and women to think for themselves, to form an opinion, to give that opinion to the world, and to be interested in the world. We can take part, in a community as small as this, in forming our system and making it a better system. We can take part in community affairs when the student body elects us. Our hope is that we will be able to accomplish the aim of intelligent organization only by voting for candidates who think and work with us. We can accomplish the aim of intelligent organization only by voting for candidates who think and work with us. We can accomplish the aim of intelligent organization only by voting for candidates who think and work with us. We can accomplish the aim of intelligent organization only by voting for candidates who think and work with us. We can accomplish the aim of intelligent organization only by voting for candidates who think and work with us.

Lectures Continued

On Restoration

By request the series of lectures on "On Restoration" will be continued on Thursday evening, October 8, at 8:00 o'clock. The last lecture of the series was held on Tuesday evening, October 6, at 8:00 o'clock. The last lecture of the series was held on Tuesday evening, October 6, at 8:00 o'clock. The last lecture of the series was held on Tuesday evening, October 6, at 8:00 o'clock. The last lecture of the series was held on Tuesday evening, October 6, at 8:00 o'clock.

Two non-academic members of the Randolph-Macon women's college staff, Lynchburg, Va., have been with the school since the founding of 1879. The two are Mr. Burks, superintendent of the buildings and grounds, and "Aunt Martha," for half a century a steward in the college depositories.

Students face challenge; issue up to women.
