Orchesis Demonstrates Group Physical Fitness

By KATIE RUTHERFORD

 Though thrilled under dirigibility, because of the absence of a number of key dancers, Orchesis, the modern dance demonstration, went off remarkably smoothly. Instead of a last-minute, unoriginal one was staged, but thoroughly amusing, the mud picnic May 15 from 4 to 8. It was sponsored by the Student Government Association and was well attended. The Mud Pit, an area between the lawn and the Chemistry Building, served as the site for the mud picnic. Many of the performers were decked out in mud-covered outfits, and the crowd was animated by the lively music provided by the campus radio station.

Senior Class Day Exercises June 4

Senior Class Day exercises will be held on Friday, June 4, at 7:45. The exercises will include the presentation of the class medal and the reading of the class story. The class story will be read by the class officers. The exercises will conclude with the singing of the class song, "The Greek Letter Song," and the presentation of the class gifts.

Club Notes

The annual bowling and tennis tournaments were held this month. The bowling tournament was won by the chemistry department, and the tennis tournament was won by the biology department. The next tournament will be held in September.

College Girls Now Chant "Number Please" Routine

The measure would provide grants of $100 a year to help war bond salesmen and their aides who have served in the armed forces.

Cong. Voorsah Proposes Bill For Post-War Education

The purpose of the bill is to provide for the education of the veterans of this war who have served in the armed forces.

The bill would provide for the establishment of a post-war education fund, to be administered by the secretary of the treasury, for the purpose of providing grants of up to $1,500 to veterans of the armed forces who have served in the armed forces.

The bill would also provide for the establishment of a post-war education loan program, to be administered by the secretary of the treasury, for the purpose of providing loans of up to $5,000 to veterans of the armed forces who have served in the armed forces.

The bill would also provide for the establishment of a post-war education scholarship program, to be administered by the secretary of the treasury, for the purpose of providing scholarships of up to $1,500 to veterans of the armed forces who have served in the armed forces.

The bill would also provide for the establishment of a post-war education training program, to be administered by the secretary of the treasury, for the purpose of providing training opportunities for veterans of the armed forces who have served in the armed forces.

The bill would also provide for the establishment of a post-war education research program, to be administered by the secretary of the treasury, for the purpose of providing research opportunities for veterans of the armed forces who have served in the armed forces.
Welcome, The American Golfer Plays satin-in woven check cotton

A perfect combination of classic good style, and good fabric—this two piece play suit. With the button-in skirt, it's a suit for any summer occasion. With the short off—a play suit for your hours of sun. $485.

**The Benchwarmer**

**By JOAN BRANDSTEIN**

An oddity of the VMI baseball game last Saturday was the fact that Washington staggered teams in two innings. No matter how illegal it sounded, it's true. Tex struck out six batters in the first inning and then in the second by striking out three. After that he was hitting at the time, dropped a third strike and the runner reached first even though Tex got credit for the strike out. Washington then proceeded to strike out the next man, making it four out one inning. He now has the collapse record for strike outs for this season with 29 in one game which isn't "hay".

"It's a pleasure to watch Coach McCray face around Washington when he's pitching. Tex failed to run out ground ball that he hit in the seventh inning of the game. When he got back to the bench, McCray was there to meet him. One of the keys in the Indians started yelling, "That's your around him, Boble," The Coach smiled and replied with the request.

We would like to suggest a Faculty-Student softball game to be played on or before exams start. This has been a tradition in the past and we think, most of the F-S's are clear up by this time, that it should be played for the last time for the duration of the war. Our faculty will be strong contenders with S-A-E and Sigma Alpha Epsi-

The team will be in next week's FLAT HAT and we think the game should be played on Wednesday, May 19th.

**PAGE FIVE**

**Indians Defeat V. M. I. 7-3, Tex Sets Record; Trackmen Take Third In State Meet, Cadets Win**

**Calif Whiffs 19, Indians Hit Hard**

With both the V.M.I. baseball game a new degree season record set by Calif Whiffs. The Big Green from Calif Homestead produced the biggest hits. The Tribe was hit in the first three innings. A 1-0 lead didn't last long. After the third, Calif allowed three more. The next five more and out the Cadets down with three

**S.A.E. Wins Big Ten Meet**

S.A.E. took top honors in the Big Ten Meet last out of thirty six. The conference pitched well, hitting out from the beginning two weeks. Nick Harris of S.A.E. was high scorer, taking the 100 and the 200 meter dash. The runners were as follows:

**Netmen End Season With Good Record**

Eudies and the Nick Warrington scored the big hits. Dicksie had a season's average of .515 with a high of .600 in a tie game.

The team traveled to Maryland and V.M.I., placed second in a triangular meet with Army and Navy, who are tops in the State. Coach Foster called him the State's best distance runner.

And so till the end of the war. And so till the end of the war. And so till the end of the war. And so till the end of the war.

**The Commandant hard oil on no Dixon Foster and Al**

Stewart go down the hallway on the oncoming heavy.
Admiral Richard E. Byrd, flying his elliptical Dirigible, the U.S.S. "Eureka" crossed the North Pole, marking the first flight of an airship over the North Pole. The flight started from Thule, Greenland, on April 14, 1925, and lasted for 18 days. The Eureka then returned to Thule, completing the first successful flight over the North Pole.

The flight was part of a series of expeditions led by Byrd, who was known for his exploration and scientific work in the Arctic. Byrd was a decorated war hero who served in World War I and was a member of the U.S. Navy. His work in polar exploration earned him numerous awards and accolades.

This flight was significant because it marked the first time an airship had flown over the North Pole, and it demonstrated the technological advancements in aviation. Byrd's expeditions continued to push the boundaries of exploration, and his work would later contribute to the development of long-range air travel and scientific research.

The Eureka's flight over the North Pole was a milestone in aviation history, and it paved the way for future expeditions and discoveries in the Arctic region.
Biology Open House Has Cats, Fish

By Mac Karmelville

Biology Open House had its opening today. Fish were the stars of the show, but they were not the only stars to captivate the audience. The event was a success, but it was not without its challenges. The fish were all swimming in a tank, and their movements were mesmerizing. The event was a hit, and the audience was captivated.

Me And My Bunx

Saturday — The Other Bunx had the most attention today. She was not afraid to show off her beauty and charm. She was the belle of the ball. Formats., are Tuesday, May 11, 1943 — Wednesday May 12 — Thursday May 13.

Wednesday — The Happy Bunx looked lovely when she arrived at the theatre. She was wearing a beautiful dress, and her hair was perfectly styled. She was the talk of the town. The Happy Bunx had a perfect evening, and she was the star of the show.

Errol Lynn Ann Sheridan

Edge of Darkness

Sunday — The Happy Bunx was not the only star of the show. Mr. Harkavy, a member of S.A.E., was also there. He was the talk of the town. Mr. Harkavy was wearing a beautiful suit, and his presence was felt throughout the theatre.

Ronc Harkavy's Article In Your News

I wonder if he (Mr. Harkavy) has evidently disapproved of the answer as well as I. Are they praised and condemned for their hard work and effort? The FLAT HAT knows that for all the outstanding public contributions this group has made and for the hard work and effort they have put into their projects, they look-feebly disinterested when I asked how much they knew about the event of the evening.

“UNDERGRADUATES”

If you plan to attend summer school and are interested in becoming involved in campus activities, check out the Undergraduate Office. This is a great way to get involved and make new friends. If you have any questions, please feel free to visit the Undergraduate Office. The office is located in the basement of the Administration Building. The office is open Monday through Friday from 8:00 AM to 4:00 PM.
One Jeep, $900

A jeep rents around $900. A dollar from each William and Mary student will fill the bill. Just miss the movie three times. The Flat Hat may sometimes sit at a table. But it realizes its folly, don't mind so much sitting in the corner, but it

It Looks

As If ...  

by ARNOLD PRUNCE

Looking back to the fall of 1948, a lot of changes have certainly taken place since then, but at the same time now, as we look at the college today, we can see a great deal of similarity with the past.

The Flat Hat, Tuesday, May 11, 1949

How High Morale?

by H. ALAN HARKAWY

With the system of random selection is likely to fulfill becoming the exception rather than the rule, and with the war economy, as has been mentioned, drying up, morale may be expected to slip a few notches. The morale of these war colleges has been very high and it is up to the individual reviewer to do his job.

Letter To The Editor

(Continued from Page 7)

Mr. Harkavy, congratulations on your questionnaire, a group of students have been working on a project for General Classification. The questionnaire is a group of questions that the student is asked. The questionnaire is a group of questions that the student is asked. The questionnaire is a group of questions that the student is asked.

The most significant thing that happened, as a result of the questionnaire, is that all of the students, no matter what their major, will be able to study in a co-ed dormitory and have a permanent peace at the end of the war.
