Bradford Dunham To Continue As Editor
At Request Of Publications Committee

Does Not Modify Protest
Against Activities Committee

In the regular meeting of the Publications Committee to reconsider his resignation, Bradford Dunham declined his invitation as a member of the Board of Directors, it was learned last week.

The resolution, which had been put upon the agenda for last Tuesday night but refused to accept the resignation, was presented in the interest of the Publications Committee, in the absence of the magazine editor, editor-in-chief.

The Assembly, accordingly, in its by-laws, in Section 11, to permit certain members to resign, was referred to the By-Laws Committee, as requested by the Board of Directors.

Frosh Elections This Saturday;
All Post LANterns in Full

The first election of the year is due this week. The students will elect new officers for the College Press, and officers for the Freshman class. The election will be held on Saturday, January 10th, at 10:00 A.M. in the student center. The voting will be open to all students.

The process of voting will be handled by the Freshman Class Officers. All students will receive a ballot on the day of the election. The ballots will be collected at the close of the voting period.

The election is open to all students, and all candidates are eligible to run for office. The candidates will be announced shortly.

The results of the election will be announced on Sunday, January 11th, at the Assembly meeting. The new officers will take office immediately after the meeting.

Richard Scott

Frat Inquiry Begins
As Committee Named

Appointed at the Assembly meeting last Tuesday, a committee to investigate the fraternal-sorority problem will work under the direction of President Cunningham, President of the Student Body.

The committee is composed of four members—two men and two women, one from each of the sororities.

It will consist of one chairman, one vice-chairman, and two members.

President Cunningham, who graded two fraternities last year, will be a member of the committee to handle the investigation.

The committee's charge is to investigate the existing and past problems of the various sororities and fraternities, and to make recommendations for future action.

The committee's first meeting is scheduled for next Wednesday, at which time they will begin their investigation.

John W. Todd, President of the Student Body, will serve as chairman of the committee.

The committee's findings and recommendations will be presented to the Assembly at a later date.

Rushing Rules
For Freshmen
Are Clarified

Two Meetings
 Held Last Night

Rushing rules and regulations, which were reported by the Rush Committee last week, were discussed and clarified at two meetings held last night.

The meetings were held on Wednesday and Thursday, and were attended by all members of the Rush Committee.

The rules and regulations were discussed in detail, and any questions or concerns were addressed.

The rules and regulations are as follows:

1. All freshmen will be allowed to attend the rush process.
2. The rush process will take place during the hours of 6:00 PM to 9:00 PM.
3. Freshmen will be allowed to attend the rush process in groups of no more than 5 people.
4. Rushing will take place in the Rush Room located in the Student Union.

The rules and regulations are intended to ensure a fair and orderly rush process for all freshmen.

The committee's next meeting is scheduled for next Wednesday, at which time they will present their findings to the Assembly.

John W. Todd

The Male Animal

The Male Animal, a weekly publication, was presented at the Assembly meeting last week. The publication was sponsored by the Male Animal Society, and was established to provide a platform for discussion of issues affecting men.

The publication's first issue was presented at the meeting, and the attendees were given copies to read.

The publication's content includes articles on a wide range of topics, including politics, culture, and society.

The publication's goal is to provide a voice for men, and to encourage discussion and debate on issues affecting men.

The publication's next issue will be presented at the Assembly meeting next week, at which time the attendees will be given copies to read.

John W. Todd

Versatility, Beauty, Brains Abilities
Of Busy W. S. G. A. Judicial Chairman Schieck

For the past two years, Schieck has taken on a variety of roles within the W. S. G. A., including serving as the President of the Student Body, the Vice-President of the Freshman Class, and as a member of the Rush Committee.

Schieck's ability to juggle multiple responsibilities has been noted by his peers, and he has been praised for his leadership and his dedication to the W. S. G. A.

Schieck's ability to balance his responsibilities is a testament to his versatility and his passion for service.

Schieck's next goal is to continue his work as the Rush Committee, and to bring about positive changes to the rush process.

The committee's next meeting is scheduled for next Wednesday, at which time they will present their findings to the Assembly.

Counseling Service Now Operating: Freshmen Tests Already Graded

Sixteen Faculty Members Helping Mr. Embee With This Program

"The necessary period of giving Freshmen tests and operating the Counseling Service has reached its point, says Mr. F. C. Embee, Director of Counseling at the College. The Counseling Service, which began last year, was introduced by� the College during 1941-42. Of this number 250 took tests and had interviews. According to Mr. Embee, more faculty assist across the entire school."

One of the special features this year is that the work now being done will see the end of the Freshmen Tests and the improvement of reading given to students. The College has had these tests for several years, though most of them have been in the basement. In the majority of cases it has been done by 2 o'clock. Anne asked students interested in taking the tests.

The College has had these tests for several years, though most of them have been in the basement. In the majority of cases it has been done by 2 o'clock. Anne asked students interested in taking the tests.

Dr. Edgar Foltin Promises To Tell Nothing But Truth

"I promise to tell the truth and nothing but the truth, not by whole number, to my conscience, and to my best ability, in any position of any kind."

"The theory back of the courses, based on the assumption that the majority of students should have some opportunity to learn about some of their individual problems, will be discussed by the group. The group will be comprised of the students themselves, the majority of contacts should be made with the group of 10 counselors, Mr. Embee said.

Mr. Embee described the first thing that the students would do if it were possible for a Faculty Counselor to see them was the attitude. He wants to come to his office and talk about the problems of any student interested in taking the tests.

Indians Tangle With V.M.I. In Norfolk Sat.

Big Green Easily Takes Randolph-Macon In Stride By 40-0

BY DOM MATTEUCCI

-- The unbeaten Indians of Coach Carl Voyles will be out to repeat last year's victory over the Keydets of V.M.I. when the two teams meet on Friday afternoon.

Last year the Indians were held scoreless in the first half, then outscored the Keydets 33-0 in the second half.

Voyles, for his part, will have a number of new formations in store for the Keydets.

The next week would be on hand to do it. The Indians were held scoreless in the first half, then outscored the Keydets 33-0 in the second half.

Voyles, for his part, will have a number of new formations in store for the Keydets.

Tilt With Keydets To Test Muha; Decides State Race

Undefeated Big Green Seek Seventh Win;
Southern Conference Lead Hinges On Game

BY ROGER WOODLEY

With or without the mighty Muha, the three-time Southern Conference champions will be the host team. The victory march of William and Mary, now on its third season under Coach Carl Voyles, will be the focal point of the Southern Conference. The Northern Conference will not be able to stop the Southern Conference.

German Club Coed Dance Like Three Ring Circus Thriller

Hannner Plays Under "Big Top"

By SUNNY MANOR

Big top is the Big Top was the term of the recent novelties from the German Club a few days ago. The local German Club put on their cli-

The Philharmorna Orchestra performed under the baton of Theodore R. Pohl, and the Civic Chorus under the baton of Miss Beverly Lewis.

The dance was held in the German Club's new auditorium, which was decorated in a circus theme.

The dance featured a variety of performances, including a musical number, a dance, and a talent show.

The German Club members wore costumes that were representative of different countries, and the theme was reflected in the music and decorations.

The dance was a great success, and the German Club is looking forward to hosting more events in the future.
Quiet Friendliness Keynote Of Haines, New Professor

By EDWARD M. HAMNER

Quiet friendliness is the keynote of the new Professor George B. Haines, the new academic year's most recent addition to the faculty. Mr. Haines was the youngest member of the faculty in 1920, and he is now as noted in his work as he was before.

Coming from the home of an academic family, Mr. Haines attended Dartmouth College, where he was a member of APhi Epsilon. He is a member of Phi Beta Kappa, and in the same fraternity at the University of Pennsylvania, he was a member of Alpha Pi Upsilon, a local fraternity. He was homesick and was often quoted as saying, "All the men were dressed sensibly for the occasion." He was a slight, aesthetic-looking fellow who slung from charming cream-colored cartridge belts. "Or a woman who was following a Restoration guide-book. (Who said the world's greatest?"

Mr. Haines was promptly joined by his wife, the former Mary E. Davis, who is a graduate of the University of Pennsylvania. Mr. Haines is in his 40's, and the couple has been very active in community affairs.

At Dartmouth, Mr. Haines was a member of the varsity debate team for a year, and in 1920, he was a member of the varsity football team. He was a member of the varsity basketball team for two years, and he was a member of the varsity track team for four years. Mr. Haines is also a member of Phi Beta Kappa, and he was a member of the varsity football team for two years. He was a member of the varsity basketball team for two years, and he was a member of the varsity track team for four years.

Dear Editor,

With the aid of the entire class of seniors under the War Work Plan, I feel that Miss Saltzman’s feature story in the October issue of The Flat Hat was very impressive to me and to everyone else. 

The way in which it was done was so different from the usual type of work. There were several points of interest that I found particularly appealing.

First, the article was written in a very personal and informal style. It conveyed the impression that Miss Saltzman was trying to communicate her thoughts and feelings directly to the readers, rather than solely presenting information. This made the article more engaging and relatable.

Second, the article was well-structured and easy to follow. The organization of the material was logical, and each paragraph flowed smoothly into the next. This made it easy to read and understand.

Third, the article was informative and well-researched. Miss Saltzman included a great deal of detail and specific examples, which helped to support her points. I found myself learning a lot from the article.

Overall, I thought that Miss Saltzman did an excellent job of presenting her views on the War Work Plan. I believe that her article will encourage more students to participate in this important work.

Sincerely,
[Your Name]

---

Letters To The Editor

Dear Editor,

I was very impressed with the way that it might impress them discredit to the boys. Miss Saltzman’s story was very impressive to me and to everyone else. The way in which it was done was so different from the usual type of work. There were several points of interest that I found particularly appealing.

First, the article was written in a very personal and informal style. It conveyed the impression that Miss Saltzman was trying to communicate her thoughts and feelings directly to the readers, rather than solely presenting information. This made the article more engaging and relatable.

Second, the article was well-structured and easy to follow. The organization of the material was logical, and each paragraph flowed smoothly into the next. This made it easy to read and understand.

Third, the article was informative and well-researched. Miss Saltzman included a great deal of detail and specific examples, which helped to support her points. I found myself learning a lot from the article.

Overall, I thought that Miss Saltzman did an excellent job of presenting her views on the War Work Plan. I believe that her article will encourage more students to participate in this important work.

Sincerely,
[Your Name]
From Liberal Arts College To A More Practical One

In one of the reasons given for the retention of the Royal
College by the letters of William and Mary are the fact
that it is a college (Collegium) and that the formal
name now is not correct or useable. This idea of the
name of the college has persisted for some time in
other colleges in the United States.

The movement away from purely Liberal Arts courses
institutions is now being advocated by some 0
the work of his choosing and as often as he
is graduated from the
course to do this
as some 0
in other colleges in the United States.

A New Program

We feel the opening of the college this fall is an
important event in the history of the college. This
will be the first time in the history of the college
that the first two years of the college program will be
offered to the students. This may not be the best
solution but at least it is one step in the right direction.

We feel that the opening of the college this fall is an
important event in the history of the college. This
will be the first time in the history of the college
that the first two years of the college program will be
offered to the students. This may not be the best
solution but at least it is one step in the right direction.

A Thousand Eyes" were acclaimed
By ALEXANDER ROBISON

Finally, a group of students
have at last been able to
make a significant impact on
the world of Liberal Arts.

The Y.P.R.S. which is an
independent student
organization of the college,
has successfully
put on a musical play that
was well received by the
audience.

The program included
a musical play that
was well received by the
audience.
