**Flat Hat Editors State New Journalistic Policies**

Believing that a clear statement of policy is of value to those who write for the paper and those who read it, the Editors of The FLAT HAT make the following statement of purposes.

The primary objective of The FLAT HAT is to inform the student body of the colleges and the university of the various aspects of life and the events, and formation of opinion on both campus issues and world affairs, and to offer a medium of expression for this opinion.

The first meeting of the fall term is happening in the College and activities of all campus organizations. The paper will not attempt to report current national and local news, which particularly affect college students, but The FLAT HAT will be concerned with student opinion and reactions on all issues in written and feature articles. The staff will strive for a high degree of accuracy, emphasizing correct reporting of names and dates, so that readers may rely on the paper as a dependable source of information.

In addition to discussion of topics of general interest, features will be entertaining, humorous and informative. Campus personalities and incidents as well as topics of world-wide interest will be presented.

Editors will attempt to interpret and explain both campus and national issues. In editing, discussing controversial campus issues, The FLAT HAT will speak for the best interests of the students as the staff sees those interests. At all times editors will give a true picture of the events as well as opinions of the editors and the staff.

Editors are subject to the approval of the board of editors of the university. In the case of disagreement, the board will appoint the faculty advisory committee for approval. If the advisers do not give their approval, publication of the editorial is left to the discretion of the editors. All editors, permanently elected or appointed, will write for the paper and those who read it, the editors of The FLAT HAT.

The news and sports staffs will report current happenings in the library, circulation office, University of Richmond, and College of William and Mary, except when initiated by the faculty of administration.

Holders of season tickets in the William and Mary Theatres may have their ticket books on the occasion of the anniversary of the first performance. There is no charge for the event. The audience will be seated at 9 p.m. on Thursday, October 12. Tickets will also be available at the box office.

By any Junior or Senior who did not have the head of his department for his faculty advisor, should report to Dean Miller’s office in Norfolk-Wythe.

A pep rally for the Tennessee game will be held in the court east of the Student Garden at 5 p.m. tonight. In case of rain the rally will be held at Old Batta Kappa Hall. All freshmen must attend.

**At The Last Minute**

No changes in courses will be permitted after September 16, except when initiated by the faculty of administration.

The William and Mary Theatre in the Spring will be completely restored, including redecoration of the interior—class rooms, Chapel, and old basement, under the supervision of the Colonial Williamsburg Foundation. The restoration is scheduled for completion by the third week of the spring term.

Any Junior or Senior who did not have the head of his department for his faculty advisor, should report to Dean Miller’s office in Norfolk-Wythe.

Hunt Selects Pygmalion
For October Production
Ginna Lewis, Osburn Wynkoop Top Cast, Play Eliza, Henry Higgins In Shaw Play

Pygmalion, the first play of the William and Mary Theatre season, will be presented on October 24 and 25. Production is under the direction of the Theatre staff: Miss Alice Hunt, director; Mr. John Boy, designer; and Miss Phyllis Kendall, technician.

The famous, Pygmalion, comes from the Greek myth about a sculptor, Pygmalion, who created a statue Galatea, and fell in love with her. The modern parallel is George Abbot's play about Henry Higgins, a trainer of speech doctors, and Eliza Doolittle, a Cockney flower-girl, to speak correctly and cause her to fall in love with him.

After three days of tryouts, Miss Hunt announced that the role of Henry Higgins will be portrayed by Osborn Wynkoop, Eliza Doolittle, Ginna Lewis; Colonel Pickering, Adam Dooley, Little; Walter Lewis; Mrs. Higgins, Joan LeFevre; Mrs. Eynsford, Giselle Graham, Constance; Wynkoop, Mrs. Harwood, Clinton Alttorney, Clara; Eynsford, True Martini, Mrs. Manor; Mr. Manor, Marilyn Woodbridge, Alaska; Waring, and Fats Waller, Patie; and a bystander, Fred Frechette.

Osborn Wynkoop, who played the role of "Gus" in Yolene, spent the summer at the Williamsburg School of Acting, East Hampton, Long Island. He also played "Jaffa" in "Jaffa," Gigna Lewis played the part of "Sesnon" in Quality Street last year. Newcomers to the William and Mary Theatre are Toni Montgomery, Phyllis Palmer and Wallace Harrison.

Library Receives Gift
Of 36 Record Albums
Thirty-six new music records have been added to the library collection. These albums were made by the dedication of funds from the estate of a lady of the College.

The selection was made by a committee: Miss Agnes Harwood, head of the Fine Arts Department. Student suggestions were also considered. There are both classical and modern albums, including Debussy, Chopin, F. Waring and Fats Waller.

A student may withdraw any album for a period of three days without the permission of the librarian. Students are responsible for breakage.

Coed Club Plans New Dues System

All women students interested in participating in the Coed Club dances will be invited to attend the first meeting of the Club on Wednesday, October 17. The meeting will be held at 7:00 p.m. in the old Post Office Building.

The officers of the Club plan to hold their first meeting on Saturday, December 15. The hop will be held in the college gymnasium, which will follow in the next week.

A change in the method of paying dues will be inaugurated this year. The $2.50 fee paid the full amount of their four years' dues upon joining the club. Members will be paid in yearly installments, so that a student may retire from the membership if she loses interest.

Dominick Leon is president of the Coed Club. Miss Emily R. Collins, treasurer.

Intramural Program Sponsorship

One way of activity on the campus hinges on the number of friends one makes and the interests one finds there. One way of accomplishing these objectives is to enter into a variety of activities. The intramural program is sponsored by the Women's Physical Education Department and it is perhaps the largest attendance of any activity on the campus. Some of the events to be offered during this term are basketball, baseball, volleyball, badminton, ping pong, softball, soccer, and archery intramurals, a rock concert, swimming meet, and a bridge tournament.

President's House
Shelters Cornwallis, French Ghost

One of the three oldest and most historically important buildings on the College's campus, the President's House has served as the residence of all the Presidents of the College. The house, which was the first President of the College, lived in it for some ten years before his death in 1741. Other colonial presidents to have lived in the President's House include Rev. William Lawrence, Rev. William Smith, the Rev. Thumin Dawson, and Rev. James H. Beam. Later, the house became the headquarters of the French Surgeon-General during the Revolutionary period. It was also used as an army hospital by the British forces occupied Williamsburg in 1781, forcing Bishop Maddox to leave the city. worked very well, according to President Pomfret, who declared that the "number one job" is to listen to complaints, but he has also heard many complaints about the academic schedule. He revealed that there have been some changes in the academic schedule, but he said that the changes have been made to improve the academic program.

During the annual meeting of the faculty, Dr. Cappon announced that he would be available to consult with faculty members who are interested in academic matters. He said that he would be available to answer questions and provide guidance on academic matters.

In Rushing... You Must Decide

Probably the most important activity confronting the freshman woman this week is that of rushing. Not only does it consume most of her time, but it also brings the big problem of making the right decision. Rushing at its best is not good, but since it is a problem which must be faced sooner or later, it is well to try to analyze it objectively in order to make it so short, that it will be to your advantage to utilize every fleeting minute to meet people and observe the benefits each sorority has to offer.

Just what can be gained by becoming a sorority woman? Is there any decided advantage in being a member of a definite social group on this campus? But it also brings the big problem of making the right decision.

The Sisters Are Not Distinctive

Sororities are not distinctive. They are quite important to the organizations you will work with more of a cross-section of the student body than you would in a sorority, and thus enlarge upon your circle of friends. In these same social clubs in which you can prove yourself. By next semester or next year, you may have succeeded, and may find that you will be rushed again.

Choosing Your Course Wisely

To those who will be pledging a sorority, we say—choose it wisely, as it is your responsibility to weigh the problem carefully, with as much self-knowledge as possible. You should be aware of the different sororities on campus and know of the different regulations, rules, and time doses and in the right manner.

They are as important to the freshmen except one, there is so much more to college than sorority affiliation. There is so much more to be gained by exposure to sorority girls. And it is your responsibility to weigh the problem carefully, with as much self-knowledge as possible.

The college is undergoing another period of transition in attempting to change from a war-time basis to a peace-time basis. While the outlook for the future is much brighter than it was in that period when it became necessary to cut down many of the more desirable features of college in accordance with war policy, nevertheless the college can be confronted with those problems that necessarily accompany the change. This transition will never be faced back to a pre-war status in all respects, for many of the old traditions must be changed.

It was in this connection that we attempted this week to pick out some of these phases and analyze upon it. We were completely contradicted by the fact that such activity has shrouded our observation. That there is a lack of rent college life is significant and needs investigation.

Students Evidence Lack Of Active School Spirit

In our first column we intimated that we were to write about certain phases of college life and activities. It was in this connection that we attempted this week to pick out some of these phases and analyze upon it. We were completely contradicted by the fact that such activity has shrouded our observation. That there is a lack of rent college life is significant and needs investigation.

There are numerous factors which are responsible for this situation: The college is undergoing another period of transition in attempting to change from a war-time basis to a peace-time basis.
