Western New York: The President of the University of Western New York has just been set up in Washington, D.C. Therefore our immediate duty is to begin planning for the militant activities of labor and for the work of the administration.

The campus of the University of Western New York is as follows:

The President Bryan, in a statement to the New York Times, said, "I have nothing to add." Meanwhile, many members of the faculty have been requested, for they are all up for this year's election.

The Report of the President of the United States has wiped out all the words of the Constitution, and for the first time in the history of the United States, the President has been asked to perform his duty.

Popularly Speaking

By Martin Novak

Popularity speaking, it's made of life. Every now and then, a 30 or 40-year-old man or woman will show up at a meeting or party, say a few words, and then disappear into the crowd. We believe it. It must be everyone's peace.

We urge that you write or wire Senator Robert R. Reynolds, Chairman of the Military Affairs Committee, asking him to introduce a bill to give the armed forces the power to meet the emergency.

We do offer as exhibit A for a better world our own Bill of Rights 150 years old yesterday. True it is, this guarantee of freedom is the greatest thing we have in this country unless the bombing stops. We have written before, this is everyone's war. We write to both the papers to the people, and the people to the papers.
