Dean Hudson To Return For Homecoming

By ED GRIFFIN

Once again the strains of Moon Over Miami will fill blow gymnasium during the annual Homecoming celebration on Friday, Saturday, and Sunday. Dean Hudson and his assistants will make their annual appearance at a William and Mary formal.

Friday nights formal dance will be held from 9 p.m. until 1 a.m., Saturday's informal affair will begin at 9 p.m. and end at midnight. There will be no afternoon concert such as those which have been mentioned as part of the Homecoming game and have been held on Field at Cary Field on Saturday.

Ticket prices have not yet been decided by the President's aides, and they will not meet tomorrow at 7 p.m. in the President's office. Tickets will be available to those officers for committees on Homecoming and will meet here.

The results of the meeting of the committee will be announced in next week's FLAT HAT.

The third band of five groups, for the Homecoming dance, will be piano, bass and drums. The arrangement is being done by Tony Paster and John Smith, who have formed an organization to be known as the "Musical Society," under the leadership of Tony Paster.

"21 Performers When Hudson gave his 45 performances during his second year at VPI, "I knew exactly where the bands were," Zattola said.

"40 Performers Mike D'Aquino played a host of groups, every one of which had been organized by Mike D'Aquino and his group, the "Musical Society," under the leadership of Mike D'Aquino. Their arrangements were known to all members of the group, but they also had the requirement of being on time for their performance.

College Lifts Bans On Student Loan

Bans on the volume of business to be engaged in by individual students have been lifted, according to Charles J. Duke, Jr., business manager of the college.

Satisfactory arrangements with a commercial laundry have been made, Duke declared. Surplus laundry, which cannot be handled by the college, will be taken care of at a cost of $55 new arrangements.

Members of the faculty and the student body will be unable to participate in the production of the Homecoming game, certain fees have been raised.

The student loan fee however, will remain the same.

Eight Faculty Members Attend MIT Conference

William and Mary, the only southern college or university selected to attend the conference on the combined plan of study at MIT, was one of the representatives to the conference. The representatives from the Massachusetts Institute of Technology were gathered in Boston last week.

Those attending the conference, which began Thursday and ended Saturday, were: Dr. William A. G. Cross, chairman of the chemistry department; Dr. Harold L. Morison, chairman of the physics department; Dr. Z. Robert C. Price, chairman of the English department; Dr. W. C. R. Phillips, chairman of the biology department; and Dr. Robert L. Mowry, chairman of the biology department.

The combined plan of study allows students to meet the requirements for both a B.S. and an M.S. degree by studying for three years at a liberal arts college and for two years at MIT. The combined plan is the result of an agreement between the Massachusetts Institute of Technology and the University of Massachusetts.

On Friday, Oct. 2, the conference was held in the Alumni Center, 1103 Franklin St., in the afternoon of Thursday, Oct. 1. Students may purchase the tickets at the Alumni Center, 1103 Franklin St., in the afternoon of Thursday, Oct. 1.

Participate!

Participation by men in extra-curricular activities this year has been very noticeably lacking. Various organizations have held tryout meetings inviting new members, but thus far, with the exception of the Chair, very few men have made any effort to get into any activities.

We remember the war years at the college when the women were at the head of practically every organization on campus. But now that the war is over we expected that the men would get back into the activities of the college.

The veterans argue that they don't have the time to participate, but hardly any of the veterans are taking such heavy loads that they don't have the time. Naturally the married men won't have the time, but the reason for this is not a legitimate one. And to those few who do have the time, but find college activities too small, we think the case of the band makes a very good example. Many of the college's best musicians are not members of the band. The band wouldn't be playing if there wasn't a college policy which states that members of the jazz orchestra must play in the band. We feel truly sorry for the men who govern by that policy, but rules are rules.

Nevertheless, something is drastically wrong when men won't take any interest whatsoever in organizations. We sincerely urge the men to look at the situation to take stock of the situation and do something about it.

To the Student Body:

That was certainly a little gaping thing about it.

The Saturday night dances are handled by a dance committee composed of chairman and student member, Mr. Alton Stewart, chairman, had the thankless task of rousing the student body. Mr. Stewart said that the student body was unprepared for such a responsibility.

Handicapped by the unfortunate circumstance that the dance- producer, the club needs more money than the dance committee can provide. The only way for the club to acquire the necessary amount of money is to give the old phony a workout. It is somewhat incongruous patterson such as that which involves the students.

Homecoming

It has been suggested that only sororities, fraternities and classes enter floats for the Homecoming parade, and after remembering last year's parade we are in agreement with the proposal.

Last year, when so many floats were made, many individuals worked on as many as three floats, which was entirely too much for the individuals. A good many members of the band wouldn't be playing if there wasn't a college policy which states that members of the jazz orchestra must play in the band. We feel truly sorry for the men who govern by that policy, but rules are rules.

Nevertheless, something is drastically wrong when men won't take any interest whatsoever in organizations. We sincerely urge the men to look at the situation to take stock of the situation and do something about it.

The proposal came out of a meeting of all the class presidents on Tuesday, Sept. 30. With the fraternities, sororities and classes participating there will be 24 floats, but any organization which feels it can make a float will be urged to do so and will have the chance.

46 Class President Claims — School Spirit Is Sad

To the President:

Perhaps it's just a hangover from days gone by that I feel the indication to do a little pining again; or maybe it's just urge to write for The Flat Hat once more. Nevertheless, there are a few things that could be worked up.

For example, the daily rally on Friday, Saturday and Sunday. If and only if rallying and recall old memories are the only things we can get back in the old college spirit, but that would amount to a lark.

So, I propose, only a unity float on Friday night. Only a unity float on Friday night. Only a unity float on Friday night. Only a unity float on Friday night. Only a unity float on Friday night.

We are confused.

Last week when our editorial editor ran her well-known editorial against the present Presid-ent's decisions we decided to come out in favor of the President's decisions. It has long been our aim to be part of the Williamsburg community and to be as much a part of it as we would like to be seen in the college paper.

This much we knew: in dance committee, the President's sidestep riding, especially the dance of the year, and the finance are run by the student Manager, the main office. With that infor-mation we were able to go into the "investigation," which is, in effect, an examination of the first floor of Marshall-Wythe and confounding with nearly all students.

What we found out from that was that we were few who do know, and, more important, you and I should be the ones to know. And right here and now, before those ages who do also read this page begin raving about some "little constructive criticism," let us look at the situation and several column to uncover. So bear with us.

Braves Face Gobblers In Important 'Big Six' Clash

Tribe Seeks Third S.C. Win Against T-Minded VPI Eleven

Fluffy, intricateazzle-dazzle football plays have become a brand of its own, and the Gobblers of Virginia Tech, hungry for revenge for their loss last year, face William and Mary in Richmond's City stadium Saturday afternoon. To call it "Big Six" for the first time in 1947.

The "T" formation at the University of Virginia is more comfortable. Numbers will increase the seating capacity of the stadium. Workers have been busy painting the terraces and have added 1,000 new bleachers seating some 3,000. The stadium is in good shape with only a few grass spots still remaining.

Greater Capacity

New bleachers seating some 3,000 will be opened up by Sazio and Ramsey, or by Caughron and Steckroth or Korczowski Starts

About the same lineup as Coach R. N. (Rob) McCray used in his two earlier games will probably start against the "T"-minded Redmen. Included in this lineup is Ralph以下の Football.

Korczowski, who worked up to start the drive for the fourth touchdown.

The Braves scored on the seventh pass of the game, a 50-yard pass play for a score on the first two VPI and William and Mary plays.

Co-Captain Bob Steckroth and Ralph Sazio will lead the Tribe when the next week except the last one.

The third score was made possible by Co-Captain Bob Steckroth to Tom Mikula on a 23-yard scoring play. Korczowski broke away on a long jaunt which was called back, and on one of his long runs, which this time happened to be called back.

Because of the time of year and the large number of participants, there will be a weight advantage of a couple of pounds to the man in the line, and the six lower courts. The first two years of four courts were reserved for practice of the men's and women's varsity teams.

The first two games played by the William and Mary football team this fall proved conclusively the value of downhill blocking by showing what can happen when it is absent, as in the Davidson scrimmage when Coach McCray's team had to trail in the second half.

UN COURSE CLOSES

Operation For Month

The Williamsburg Inn Golf course will be closed for the entire month of October, according to Mrs. Ash, who operates the place. The course will be reopened Oct. 1.

Ash requested all students who will be unable to play golf in the fall to return their clubs to the golf shop for storage. All students are requested to remain on the school grounds during the golf season.

Cagers To Begin Drills Monday; Wilson Expects Large Turnout

Basketball practice three nights each week begins Monday, Oct. 13, at 7:30, Coach Barney Wilson has announced, adding that he expects a fairly large turnout of men but did not know too much about his material this year.

Because of the many things to be done during football season, the nights may vary from week to week, and the football players will be unable to attend practice until after Thanksgiving. Buddy Lex, Dick Hueser and others are the cagers who play football.

Wilson, who will be assisted by Al Vandervelgh, said that the boys have a good attitude and they have been using some of the regulars on the same outfit; Mar Schermerhorn from the 1947 team; Charlie Sokol and some of those who have not been doing drilling daily, will give Coach Wilson ample material to work with and to choose from in preparation for his initial game on Dec. 5.

VARSITY CLUB PLANS DANCE IN NOVEMBER

President Ralph Sazio of the Varsity club announced that his organization would not disband during football season as had been considered, but that it would continue its meetings the second and fourth Thursday nights of each month.

A social event in the form of a dance is planned just after the end of the football season, Nov. 28, if it can be arranged.

Those who have been working out with the football team at the center from the 1947 team; Charlie Teach and Johnny Green, both regulars on the same outfit; Martin Atkinson, who played last season; Freshman Bob McMillion, an excellent high school hoosier from Tennessee; Paul Webh of Pittsburgh; Buck Billingsly, of Middletown, Ky.; and Sophomore Ken Morton, a six-foot, six-incher.

These men, with some others like Frank B. Sokol and some of those who have not been doing drilling daily, will give Coach Wilson ample material to work with and to choose from in preparation for his initial game on Dec. 5.

After the first week of play in the co-ed tennis intramurals, Kappa Kappa Gamma, Theta and Kappa Delta lead their respective leagues easily with a sweep in a double.

 Theta started their victory roll by defeating Chandler and Phi Mu 6-3 respectively for KD over Pi Phi, putting themselves in a first place tie with Theta for League B honors. KD also defeated Gamma Phi 3-0.

In League A Kappa posted wins over Jefferson and Chi O by two 3-0 scores. Spencer and Marison blanks Jefferson without the loss of a game in three sets.

Second place standings are headed by KD, Chi O, and Theta each with 6 points. Kappa leads the third teams with 5 matches won.

By mutual agreement five members of last year's co-ed varsity team decided to compete in the intramurals after the WAA this year. The Gobblers are good, but not good enough according to the two invaders.

Prime candidates to fill the positions of Executive secre­tary are repeatedly mentioned. Martha Ann Adams will serve as student head for the 1947 football team. Can­celling the need of several student managers were asked to contact Mr. Haigh, Charles G. Lerche, R. N. Phalen. Thomas Thome 'was chosen chairman of the house committee and will be assisted by Kenneth M. Gordon, Mrs. Charles G. Lerche, and Miss Virginia Till.

Faculty Additions

An informal reception for new members of the University faculty will be held Friday, Oct. 10, at 6 p.m. in the President's house. The meeting will be at 4 p.m. beginning Oct. 24. The Williamsburg hockey club will meet at the same time as the varsity team.

Blanche Duffy, the petite new modern dance instructor in the Women's Physical Education department, opened her interview with a rather remarkable statement: "I am interested in almost anything anybody else is interested in." The model student teacher has attended some three touchdowns... The Bulldogs scored in the final seconds on a hope-ball pass from Dunfee to Gene Foreworth, of the William and Mary defense. Bill Richard kicked the extra point, and the final score stood at 64-7, in favor of the Big Green team.

All types of material for Royalist publications are still desired. Any contributions and all try-out material should be placed in the Royalist box in Marshall-Wythe, or given to Marcia.

**Sincerity, Straight Talk, Beer**

*By CAROLINE GEDDY*

"I believe in honest living, straight-from-the-shoulder talk . . . and beer definitely has a place in my life," said Howard Hyle when he asked his philosophy of life.

Hoye came to William and Mary in the fall of 1942, after believing for years that he would enter a northern college. He attributes his change of plans to the fact that a large group of his Catonsville, Maryland friends liked Williamsburg's seat of higher education. Now, as president of the student body, he has had little chance to regret his choice and has become a devotee of the Southern way of living.

During his freshman year, his goal was to enter the Rehospital ministry. Instead, he entered the army in the summer of 1943. Assigned to the 84th Infantry Division, he was fighting in Germany before becoming a prisoner of the Wehrmacht.

**Rapid Rehabilitation**

Ultimately liberated by the Russians, he was able to re-enter William and Mary for the spring semester of 1945. His living quarters that spring were in C Section. Arrangements for the ring-of-war with the sophomore class have been nearly completed. This event will follow the class meeting and will be held on college campus.

Jim Ward was chosen by the class officers as co-chair of the senior "Tuggers" and has requested that seniors go into training as soon as possible. Coach Ward declared that he expected all seniors to be in good physical shape by 7 p.m. every night and to eat only baked potatoes, steak and warm tea.

**Howie's Philosophy Embraces**

Of the student body, he has served on the Men's Honor Council, been tapped for ODK, and appointed as President's Aide. He is also a Kappa Sigma and proud of it.

He has definite opinions regarding student government: "It may be a small thing compared to the problems of the world, but we have to start meeting problems sometime, and there's nothing like practicing on the little ones of college life." He added that he would like to see a man's student government and believes that "an increasingly liberal approach is being taken towards women's social rules, although it is not always recognized . . . but it's still not like home."

After graduation, Howie plans to enter the business world until such time as he can go into the education field.

**Senior President Changes Meeting**

Roy (Dutty) Ash, president of the senior class, announced today that the class meeting formerly scheduled for last Wednesday, will be held on Wednesday, Oct. 15, at 7:30 p.m. at the east end of the Southern Gardens.

**In case of inclement weather**, the meeting will be held in Washington 369. Arrangements for the ring-of-war with the sophomore class have been nearly completed. This event will follow the class meeting and will be held on college campus.

Margaret (Peggy) Bellantoni, president of Orchesis, stated that there would be another tryout tonight at 7 p.m. in Jefferson gym for those still desiring to join the organization. There will also be a meeting of the club tomorrow in Jefferson gym at 7 p.m.

Peggy announced that the new members would be notified by mail following the next tryout and that there would be a reception for these new members on Wednesday, October 15, in Jefferson gym.

**Modem Dance Group Auditions 24 Women**

Tryouts for Orchesis were held Tuesday, September 30, and Wednesday, October 1, at which time 24 women auditioned for the modern dance group.

**Inter-Frat Raising Standards**

Highlighting recent changes in the constitution of the Inter-Fraternity Association was the raising of scholastic requirements necessary for rushing and initiation by campus fraternities.

As announced by William (Bill) Norgren, president of the council, a student must pass a minimum of 12 academic hours and make a quality point average of .5 at mid-term to be eligible for rushing. Under the new ruling, pledges must pass 12 hours, which may include physical education, and have a quality point average of .3 during the semester preceding the initiation.

In the same meeting, the council decided to contribute $20.00 to the Foster Parents Plan for War Children, Inc. Norgren termed this contribution "a positive action taken by the council to help Burgoyne's homeless war children."

"Prospective members should prepare a five-minute, informative speech on any subject," Carpenter declared. Immediate plans of the debating team include several home debates with other schools, including the St. Hellen division and the Apprentice school.

The national debate topic of Intercollegiate Debate councils throughout the country is "Resolved: That a Federal World Government Should Be Established." Two out-of-state trips are planned for this year. The northern trip will include a debate with Harvard, the first competition scheduled with that college in several years.

The Hudson outfit can play either sweet or swing and occasionally throws in novelty numbers composed by none of its members. One such tune which brought down the house when the band made its last appearance in Williamsburg was entitled What's the Use of Gittin' Sober If You're Gonna Get Drunk Again?

A graduate of the University of Florida in 1937, Hudson now resides for Musicraft and Ace. In the past he has cut sides for Okeh and Varsity. His first recorded instrumental was an instrumental treatment of the tune which is William and Mary's alma mater.

"He never whistles — I can't decide if he's shy or playing hard to get."

Stewart To Hold Try-Outs For Band Wednesday Night

Band tryouts will be held tomorrow at 7:15 p.m. in the music building, Allan G. Stewart, director announced today. This will be the last opportunity for students who are interested in playing to join.

"It is too bad that we do not have a good band to support our team this season," remarked Stewart. "I will be glad to do anything possible to have a good band here, but we can't maintain one unless the students are willing to cooperate and join."

Only 30 students have applied. Fourteen are in the jazz band, leaving 16 for the marching band. "There should be enough players on campus for at least an 80-piece band," Stewart pointed out.

"The ROTC has generously volunteered to help the band in drilling. During the year, the administration will allow the band to go on trips," he added.

VA States Rules For Re-entrance

"Veterans who drop out of college before completing their course will have to comply with more strict requirements to obtain a supplemental certificate of eligibility to re-enter school in the future, the Veterans Administration announced today."

Effective immediately, according to the VA, a veteran who, of his own volition, interrupts his schooling at a time other than the end of a term or semester, will not be issued a supplementary certificate until he has established satisfactory evidence (1) that his interruption resulted from good cause, i.e., illness, economic conditions, or other circumstances beyond his control, (2) that the institution which he was attending is willing to reaccept him as a student.

YWCA Will Select Treasurer At Meeting

"Elections to select a new YWCA treasurer will be conducted at the mass meeting scheduled for tomorrow at 7 p.m., in Washington 100," announced Edith (Dee) Isele, president, who presided over this afternoon's cabinet meeting.

Already nominated by the cabinet for the office are Eleanor Sellier and Jean (Johnnie) Wright, although further nominations will be accepted from the floor. The guest speaker for the occasion will be Dr. Edgar M. Foltin, head of the psychology department who recently returned from Europe. He will discuss "Political and Economical Factors in Austria Today."
