Senior Class To Participate in Phi Bete Anniversary

Honor Society Founded Here 163 Years Ago

The Senior Class will afford every opportunity to mark the 163rd anniversary of the founding of Phi Beta Kappa. The College was one of the first institutions in the world to create a society for the recognition of undergraduate students who have displayed outstanding ability in the liberal arts. Phi Beta Kappa has been an integral part of William and Mary's tradition since its inception in 1842.

First Year for "King Carl"

Ends Highly Successful Coach "Talks it Over"

(William Beebe is the world-renowned sociologist who has explored the social structure of college student life. His recent book, "The Social World of College Students," was published last year. Beebe will lecture in Phi Beta Kappa tonight on the topic of university culture.

Glee Club To Speak Here on Biblical Archaeology

Dr. Nelson Glueck, Director of the American Schools of Oriental Research, will speak on "The Biblical World," "The Near Eastern Arts," and "The Biblical Festivals." Glueck, who is also a professor of Near Eastern archaeology at Harvard University, has spent many years excavating sites in the Middle East.

Second Fine Arts Production "Kind Lady," To Be Presented Friday, Saturday, at 8:30 P.M.

Larry "Taken For A Ride" As WM Wins

The Senior Class will attend in a nearby hotel.

Frost Election Thursday

36 P.M.

People will vote for the President and Vice-President of the Student Council. The candidates are: President—Peter O. White, Vice-President—John A. Smith.

Better Light for Better Sight

TUNING IS BELIEVING

To candlelightING; we think of glas to one eye, a task to perform and affording light which it is

Nature gives us our eyes as we give our work, mainly to set off for us or else to admire it, but we overvalue and quality our own light.

Students particularly notice good light for their work. Try even better light.

College Review
Intra-Mural Football To Start Saturday, Dec. 2nd

Keen Competition Looks Game At Intra-Mural Sport
Norfolk on Saturday

Gamma Phi and Jefferson Win

Sorority Sing

The Women's Intramural Sport was opening up for the season friendly enough to fill in the December 8th, 1931, with a satisfactory showing. This was due in a large measure to the attendance of many fresh faces from the junior and senior classes. The matches were played on the field in front of the gym. The matches were played in a highly competitive spirit, with the understanding that the women who won the matches would be presented with the Intramural Sport Shield. The matches were played by the following teams:

Gamma Phi vs. Alpha Xi Delta
Jefferson vs. Delta Delta Delta

Football Schedule

All games are played at 8:30 P.M.

Friday, Dec. 9
Briarwood Alumni vs. Keyser Alumni
Phi Kappa Psi vs. Eta Sigma Phi

Saturday, Dec. 10
Delta Chi vs. Eta Sigma Phi
Sigma Chi vs. Phi Kappa Psi

Victory Over Spiders, 7-0
Gives Team Record of 6-2, & 1

Show Complete Domination In Thanksgiving Day Championship; By PBAFE RAFLO

The field was piled on to a heavy ground on Thanksgiving Day, with Richmond by virtue of her excellent playing giving the State University a hard battle. The Spiders were defeated in the first half, vanishing a point in the second half. The game was played without much excitement, the game being dominated by the Spiders. The game was played with the Spiders, the victory completed a season of wins and losses for the Richmond team. The game was played with the Spiders, the victory completed a season of wins and losses for the Richmond team. The game was played with the Spiders, the victory completed a season of wins and losses for the Richmond team. Those who are being rushed. Making the Thanksgiving and Christmas on the heels of main in college, gret them for the rest of the time they’re rushing but it’s a lot more trying on before you decide to do anything. Beware of the Greeks even when they come bearing around as much as you can. You only get yours for four years, Too many of the to make sure the practice of fraternities the true values are so

the object of its affection.

This past week has been probably the most important week of the season for rushed. Hopefully the rushers will also be able to make some new friends and perhaps even explore some new opportunities in their college life through the rush process.

Don’t Rush, Rushes

One of the common objections to the process of fraternities is that it is not a good idea to rush too quickly, and that rushing should be avoided as a whole. Rushing involves going through a series of interviews and presentations, and it can be stressful for many students. It is important to take your time and make sure you are comfortable with the process before committing to anything.

One way to approach this is to start by making a list of the fraternities you are interested in and then prioritize them based on your preferences. This will help you focus your efforts and make the process less overwhelming. It is also important to remember that rushing is not a race, and that taking your time is important.

By following these tips, you can make the process of fraternities more enjoyable and less stressful. Rushing can be a great opportunity to make new friends and explore new options in college, but it is important to do so in a way that is comfortable for you.

Cost of Textbooks Is Explained

The average college student of today is faced with one problem at

some time or another in his college career: the problem of paymg

for textbooks. It is a problem which appears at one time or another

to all college men. But how many of them know how the book

prices are fixed and how the publishers are able to establish

the price of a textbook at the price that it is?

This store has never knowingly

sold a book for which a student

was asked to pay more than was

necessary. We believe that the

student should not be charged any

more than is necessary for the book

that he purchases.

What's Up ... (Continued from page three)

On February 20, March 1 and 2,

deacon's frosh was Fork Union, a

small school from which the college

had never received a single entry.

demon frosh was Fork Union , a

small school from which the col-

lege had never received a single

entry.

The 13.00 which a student pays

for a textbook in a college store

is divided as follows: 1.00 to the

college store is not making any

profit on the sale of textbooks.

The average college student

must use expensive methods of

manufacturing, mainly because

the volume of sales is small com-

pared to the manufacturing cost.

For example, ryalites must be relatively

expensive because the produc-

tion cost is high. To produce

a small quantity of any product

would result from quantity pro-

duction of cost price, and to hold

the price of textbooks. Are

prices of textbooks are deter-

mined by publishers. The result

is that the publisher has control.

The publisher must use expensive meth-

ods of manufacturing, primarily

because the volume of sales is small

compared to the manufacturing cost.

Richmond Game... (Continued from page three)

than two or fifteen points. Richmond's first pass to Bowles was dropped very effectively by Howard and the Indians in the back on downs. A long, high punt by Blakesley to the Indians' 39 put the Indians out of danger.

SPRING THREATHENS

The Spiders threatened again in the fourth quarter when they took a trip past with a lateral on the 34 Yard line to Rudy Mathews to score a touchdown. But the extra point was no gain. Again the Spiders had four downs in which to score and again the Indian defense was too much for them. They picked two yards in a back and got to fourth. They made the mistake of trying to get around Goodlow's end and took a five yard loss for their error. In all attempted passes Marcus was missed by a damaging Willis and was picked up immediately by the Indian pass receiver. So anything was to be had.

There was no trouble as to which was the superior team in this game. The Indians out-played the Spiders in every phase of the game the Spiders were stopped cold. It was almost impossible to drive without Blakesley of Richmond, for no first and second when they tried to go through the line there wasn't always a couple of Indian hands on him. But Whitley and Ross kept their head up and never gave in. If the Spiders had a chance to get close to the line they were intercepted.

This is a shocking loss for the Spiders. They have been building up for a season with new players and thus far have been doing excellent.
