160 Students Register For Third Army Draft

Approximately 160 men were registered for the third army draft Monday, afternoon, February 16, from 2 to 5 o'clock at Marshall Theatre. Of these approximately 155 were sons of students of eligible age that is, they become twenty years old on or before December 31, 1913. The remaining 30 who signed up for military service consisted of members of the faculty, and other students.

A number of the students, however, who were of age were not required to register as they had already been inducted in classes V-S and W-S of the National Defense.

"The horse of champions" is the new name which may soon be hanging over the Duke's "ballroom". This week the basketball team proved another link in the Big Five crown already possesed by the Devils. With two games to fly and clear themselves into the top of the state basketball heap.

Varsity Fencers Win Over V. M. I. by 12-3 To Stay Undefeated

William and Mary’s fencers kept their second record of not being defeated by a state team in ten years, beating the Virginia Military Institute of Lexington, 17 to 3, yesterday afternoon. The game was played in the V. M. I. gymnasium.

Glamorous and clever, William and Mary’s fencers are a well-conditioned, well-coached outfit, and their first half of this afternoon’s game proved that they are a force to be reckoned with in the conference.

On both sides, all the matches were put up with great spirit, and both teams remain unvanquished in the state conference.

Forty-Sevengimd Candidates Report for Outdoor Drills

In answer to Coach Taylor’s call, 20 sturdy and 20 fencers turned out for the first outdoor drill of the spring tennis season yesterday.

Playing a good deal of augumentive, the squad got right down to work by undertaking the first day. During this practice period, Coach V. M. Taylor expected to work as a different angle of practice, stressing more wide-open action. As with both new and old, the practice period for the V. M. I. fencers will be used as just a sound basis of working on more fundamental training.

Joe Bateman, senior, has been the only man put on as the injurying player, although both his and Joe Vandeweghe have been in and out in the Fraternity.

Both the SAE team and Sigma Phi Fraternity have been most exceptionally fine. Although no definite teams have been picked out yet, the players have definitely divided up into their separate order.

The two teams played on even terms during the rest of the game, and V. M. I. forged ahead and led by a 23-18 score in the first half. Guard Al Vandeweghe, of the Sigma Phi Fraternity, was out in front by four, scoring with 11 points.

The SAE’s and the Kappa Alpha’s walloped the Sigma Eho netmen certain of victory. The Sigma Eho netmen were not only in the fringe of the game, but also in the last game, the Taylor goal, Al Vandeweghe then proved to be the key man in the contest. He went on to win by a 31-27 score.

consider India's decades old demand for dominion status. India's leaders have repeatedly emphasized the need for greater autonomy and freedom, viewing self-determination as a cornerstone of their vision for national development.

The Indian government's willingness to consider such demands has been a matter of considerable debate. While there have been instances of compromise and concessions, the overall approach has been marked by cautious incrementalism, seeking to balance the interests of all stakeholders.

India's leaders have argued that such a transition would be in the best interest of the Indian population, providing a path towards greater prosperity and social harmony. However, these discussions have often been fraught with complexities and challenges, reflecting the diversity of the Indian population and the plurality of its political and social landscape.

The road towards autonomy has not been straightforward. The Indian government has faced internal resistance and external pressures, seeking to navigate a delicate political terrain. The process of achieving greater autonomy has required patience, diplomacy, and a commitment to inclusive dialogue.

In conclusion, the pursuit of greater autonomy remains a significant aspect of India's national agenda, reflecting the country's aspirations for greater self-determination and the desire to shape its own destiny. The journey towards this goal is expected to continue, marked by ongoing discussions and incremental progress, as India seeks to chart its course towards a brighter future.
The French family, comparing conditions of the past and the present, discussed and compared the position of the French girl in the family, society, and vocational opportunities of the past and the present. The French songs were then sung, and refreshments were served.

The monthly meeting of the French Club on "The French Family" was held Tuesday, February 25th, in the Alpha Chi Omega house. The meeting was well attended.

The objects of the evening were to: (1) have a discussion on the position of the French girl in the family, society, and vocational opportunities of the past and the present; (2) sing French songs; and (3) serve refreshments.

The meeting was well attended, and the discussion was lively and informative. The French songs were sung beautifully, and the refreshments were delicious.

The next meeting of the French Club is scheduled for March 3rd, and will feature a discussion on "The French Revolution."

My last column seemed to offend a great many of you. I guess I shouldn't have done it. In fact, I know I shouldn't have done it. I shouldn't have. By the way, we have proof of that. Some one has written me a letter saying I should have done it. Yes, but was I wrong? I know I was. I'm sorry. But I hope you'll forgive me.

Jan Henrick's Eric, comes to see me with his camera. . . .

PLANE JUMPERS

NEEDED BY ARMY

Civilian Volunteers To Be Parachutists

The U. S. Army is now accepting volunteers directly from civilians for training at Randolph Field, Texas. Those civilians, who have just flown and studied for ten weeks, must also undergo the regular basic training at the Academy for parachute training at Fort Benning, Georgia.

Before any paratrooper training will begin, the Army must have a large number of experienced paratroopers. The U. S. Army is now accepting volunteers among those who already work as paratroopers or have had some experience in parachute work, and who have had some training in parachute work.

Recommended by the A.A.A., Keystone Motor Club, Duncan fraternity. Phone 375-J. Needed by Army Plane Jumpers.

The Thirteen Club, Honorary Fraternity, has initiated three new members: John May, Bill Gilb and LeRoy Bennett. Congratulations, boys.

Fuller Field dances and the Senior Class's Barn Dance next weekend, I might be able to bring a lot of campus happenings. Until then, I'm wondering, with all this public speaking and public relations, whether I'll ever learn to get along. I'm sure I have the opportunity, I hope I can use them. First, second, third, fourth...
