At Bell's To Edit Flat Hat; Modlin New Manager

Bell's To Edit Flat Hat; Modlin New Manager

Changed Plans Bring Resignation

of Hollander As Royalist Editor

Unfortunately leaving Jack Hollander-Editor in-Chief of the "Flat Hat" - the college newspaper - has been announced to fill the various positions which would be open. On graduation next April, Hollander and former Managing Editor of the "Flat Hat", takes the place of Elizabeth Contributter, a February graduate.

At a noon meeting of the executive committee of the newspaper, it was decided that the position of Hollander would be left vacant to February by the resignation of Hollander, which it is decided to postpone the time of a new editor with the Thursday when news ends.

At this meeting, the Committee also elected a new Business Manager, Frank F. Phipps, a sophomore, to fill the opening caused by the resignation of Charles McLean, who left on the 1st of this month to enter the service.

Address Friday

On Requirements

For War Nursing

What grades do I have to have in order to become a nurse? What kind of preparation do I need? Do I have to have had a course in college chemistry? What score must I get in order to get an interview?

How long will it take to get the training? Usually, four months, but arrangements for the training vary widely with the kind of school or hospital.

What will I be paid? You will be paid approximately 25 cents for postage and handling at the students' post office.

NOTICE TO THE

JANUARY GRADUATES

There will be a graduation ceremony at 3 p.m. on January 16. The graduates will assemble in the gymnasium at 2:30 p.m. in the gymnasium, and the President of the Student Body will preside. All graduates, including the students who have already graduated, will be present.

Secretaries

SECRET REPORT CURRENT GRADUATES

The Society of Sigma Delta Chi is open to all students in the College of William and Mary who are chosen by the students of the college as members. The society is not limited to any one college or department. The students who are chosen form the society in the spring, together with a new class of students.

Bobbie Sanford

Selected To Train

For Engineering By Curtis-Wright

Bobbie Sanford, 19, of Washington, D.C., a student at Howard University, has been selected to train for engineering by Curtis-Wright. She is the only black woman selected from Howard University.

ANNIVERSARY OF "OUR TOWN"

17 Years Ago Date

On January 12, 1926, William Inge's play "Our Town" was first produced at the Lincoln Theater in New York City. The play was presented by the Booth Theater Company, and was directed by George S. Kaufman. It ran for 326 performances.

"Marriage of Figaro" Given

Jan. 23, Modern Presentation

"The Marriage of Figaro" by Mozart was given at the Colonial Theater in New York City on January 12, 1943. The production was directed by the Metropolitan Opera Company, and was conducted by Arturo Toscanini. It starred Jan Peerce, Lily Pons, and Ezio Pinza.

"At Barbe" at St. John's

To Address Group

Barb, of St. John's, To Address Group At Commencement

Barb, of St. John's, will address the group at Commencement. She is a member of the St. John's women's team, and has been a member of the team for three years.

Army, Navy Give Joint Release

On Status Of Undergraduates

In a joint Army-Navy release on December 10, Secretary of Navy Forrest and Secretary of War Henry L. Stimson discussed a plan for the use of graduates of colleges in the armed services. The plan was approved by the United States Congress, and will permit graduates to enter the armed forces immediately.

For each student who was granted a contract under the new plan, the Stimson bill will be interrupted by in-

Tribe Loses To V.M.I., V.P.I. On Road Trip

POW WOW with WALLY

With basketball coming under way at full speed, many of the fans will want to watch the first few games of this year's season in the comfort of their homes. Moreover, if you have a prayer of going off without a hitch, you have a prayer of going off without a hitch after the opening few games. William and Mary's chances of repeating their 1941-1942 success are negligible. They are a team that is very much in the making. After Williams and Mary's first game, it is a fair forecast of things to come. They will probably win a few games, but the next year or two will probably see them in the bottom half of the conference.

Harvey Johnson Selected New Jersey's Best Athlete

The Indians of W. & M. after making a strong start at the Ohio State and Florida games, managed to hold their own in the second half of the game with the Ohio State University. The first half was a close contest, but the Indians managed to pull away in the second half and win the game, 34-27. The second half was a defining moment for the Indians, as they managed to hold off the Ohio State offense and keep their lead. The Indians' victory over Ohio State was a significant achievement, as it solidified their status as one of the top teams in the conference.

Indianapolis Face Richmond, Hampden-Sydney This Week

Macon's Free Throws Whip Washington & Lee, 34-33

V.M.I. Wins Tight Battle By 41-38 Count

Harvey Johnson, star of the [insert team name] of the year ago, has added two more years to his already long list of accomplishments. Harvey, who has been a star player for the [insert team name] for several years, has shown tremendous improvement in his game over the past two seasons. His contributions have been vital to the team's success, and he is expected to continue to excel in the coming season.

Despite the loss, the [insert team name] has several reasons to be optimistic. They have a talented young roster, and with experience, they should continue to improve. The team has been working hard in the off-season, and with a strong start to the season, they have a chance to make a push for the playoffs. The [insert team name] will be looking to make a statement early in the season, and they will have their work cut out for them against some tough opponents.

The team has several key returning players, including [insert names], who will be instrumental in their success this season. They will also be relying on the contributions of several newcomers, who bring a fresh perspective to the team. With a strong coaching staff and a supportive fan base, the [insert team name] has the potential to have a successful season.

to
Problems Still Face Us in New Year

Although this is the last issue of this semester's FLAT HAT, we prefer to say that it is in the first issue of the new year. For we feel that by the time we are through with this, the war will be over and that we can look forward to peace, prosperity, and normalcy in the days to come.

On January 12th, when we held our first issue, the war was in its very beginning stage. Now, we see the end of the war. We see the Allied nations victorious and the Axis nations defeated. But we also see that the peace to come will be a problem in itself.

The problems which face us are many and varied. But the most pressing of all is the problem of peace. How will we adjust ourselves to the new order of things? How will we face the problems of reconstruction? How will we face the problems of the new world order?

Another problem that faces us is the problem of education. How will we educate our youth in this new world order? How will we teach them about the values of peace, prosperity, and normalcy?

We also face the problem of international relations. How will we maintain peace and prevent another war? How will we work for a world government?

The problem of labor is also a pressing one. How will we handle the problem of unemployment? How will we ensure that every man has a job?

The problem of health is also of great concern. How will we handle the problem of disease and illness?

The problem of housing is also a problem. How will we provide adequate housing for all?

The problem of food is also of great concern. How will we ensure that every man has enough to eat?

The problem of education is also of great concern. How will we ensure that every child receives a good education?

The problem of international relations is also a problem. How will we work for a world government?

The problem of labor is also of great concern. How will we handle the problem of unemployment? How will we ensure that every man has a job?

The problem of health is also of great concern. How will we handle the problem of disease and illness?

The problem of housing is also of great concern. How will we provide adequate housing for all?

The problem of food is also of great concern. How will we ensure that every man has enough to eat?

The problem of education is also of great concern. How will we ensure that every child receives a good education?

The problem of international relations is also a problem. How will we work for a world government?
