SAE, Theta Deltas, PiKA Lead Campus Fraternities in Freshmen Pledging; Total of 143 Men Accept Fall Bids

Silent Day This Year Longer Than Previously

Fraternity rush week came to an end last Friday, when the pledges received their bids, and the new year began on the previous Friday. This year's pledge period was longer than last year, which was only ten days long. This year, however, the process lasted until Monday, when the pledges were initiated.

The list of pledges in the various fraternities, however, was not substantially different from last year. Phi Kappa Alpha led with 19, followed by Pi Kappa Alpha with 10, Pi Kappa Phi with 8, and Phi Sigma with 7.

Origin of Phi Beta Kappa Featured on WRLN Today

This week's radio program, broadcast this morning over WRLN, featured an interview with Dr. Henry Hudson, a prominent member of Phi Beta Kappa. The program, titled "Origin of Phi Beta Kappa," is the first in a series of special radio programs that will be broadcast on WRLN during the coming weeks.

Dr. Hudson, a noted scholar and educator, spoke about the history and significance of Phi Beta Kappa, the oldest and most prestigious academic honor society in the United States. He discussed the early days of the society, its founding principles, and the criteria for membership.

The program was well-received by the audience, who expressed their appreciation for Dr. Hudson's insights and expertise. The show was well-produced, with excellent sound quality and a pleasing pace.

THE SPEAKS PRESENTS

THE FLAT HAT

by FRANK RAPOSO

The first direct effect of the war in Europe was felt here last Wednesday. With the Navy on its own, more than one day was in port waiting immediate call and playing basketball games with the enemy was out of the question. This was a last minute addition for the Flat Hat and for the Flat Hat players.

Although the game is far in advance of its time, as to what we expect for the remainder of the season, it does show that the two teams are on par. The Flat Hat is coached by a former Flat Hat player, and is the kind of game which is likely to give the Flat Hat a defeat in their first game of the season.

The game was close, and the Flat Hat was able to hold on at the last minute. The Flat Hat scored 13 points to the Flat Hat's 10, and the Flat Hat won by a score of 13-10.

THE VARSITY FIVE

The Varsity Five is composed of six footers and that they are out to get the best results possible. The Varsity Five is made up of the best players in the country and is definitely a tough team. The Varsity Five is made up of the best players in the country and is definitely a tough team.
No Work

There is widespread discontent concerning the system in which undergraduates must work. In a survey of students, a large number of students expressed dissatisfaction with the system. However, the system is not as bad as it seems. The problem lies in the fact that the system is not as flexible as it could be. Some students believe that the system is not fair, but others believe that it is necessary to work in order to support themselves. The system is not perfect, but it is the best one available.

No Play

There are many complaints about the lack of activities offered by the college. Some students feel that there are not enough events to keep them occupied during the week. However, the college does offer a variety of activities, including sports, clubs, and social events. The problem lies in the fact that some students may not be interested in these activities, or they may not know about them. The college should make an effort to promote its activities more effectively.

Have you attended the course called "BETTIE BORE"? If not, attend the course on Friday and learn why this popular series title card is the big talk of the season. This course is designed to introduce you to the world of Betty Bore, a typical film addict in every sense of the word. This course will cover all aspects of the Betty Bore experience, from her origins as an orphan to her current position as a leading young woman in the field of film studies.

If you attended the course, you will enjoy this essay even more.
