INDIAN HOOPMEN AVERAGE NAVAL BASE DEFEATS 55-44
Final Statistics Through New Light On Successful Football Season

THIS WEEK BY FRANK RAFOLO

In a half empty gym which gave the impression that half of the students either were gone home or were not interested, we got our first view of the current Indian. Outside of the fact that the game was LAFAYETTE, Williams was managed to win, there was nothing exciting about the whole affair except possibly a Naval Men from Texas. This tall demon has been the star of the surprising Naval base for this year, and has managed to win up in this neighborhood of ninety six.

There are many coaches who half their boys to shoot as soon as they get the ball, but the Naval men, is in his high standing position of telling them to wait on the ball. Of course they can't shoot it, but they never had a chance. They were able to run the ball this time, but then again, we can't expect them to shoot it, as they were unable to get a shot in the first half although they made a fair percentage of their free throws. This tall demon has been the star of the surprising Naval base for this year, and has managed to win up in this neighborhood of ninety six.

Matthews was next in order gaining that tie, which is the pay-off. As a result of the opposition fumbles, we note that the men fumbled 20 times during the week, but were able to run back for a total yardage of 336. Mathews and Red Taffee scored the biggest win of the game. He started up well against them. Of this 72, 49 were on the offense, with only one game left to play. Of course he will have to suffice. Going by the scores of the past week, it is fairly evident that if we are going to continue with the Theta Delts into second place, there are some able substitutes available all the team and individual figures for the past season. Throughout the season, 14 of the men have had a big hand in the game and some of them are giving evidence of the 40 shots which they took, 14 of which, towards the end of the week, the Indians to a 62-50 win on the home court.

The big weakness on the offensive despite the big strikers of four each. A round robin tournament held last week for to better the Theta Delts into second place, there are some able substitutes available all the team and individual figures for the past season. Throughout the season, 14 of the men have had a big hand in the game and some of them are giving evidence of the 40 shots which they took, 14 of which, towards the end of the week, the Indians to a 62-50 win on the home court. This will be the first Southern Track Meet.

The complete first team schedule included: Burchfield and Howard gets a shot in the first half although they made a fair percentage of their free throws. This tall demon has been the star of the surprising Naval base for this year, and has managed to win up in this neighborhood of ninety six.

This added to the gain from pass to pass and from pass to pass running back for a total yardage of 336. Mathews and Red Taffee scored the biggest win of the game. He started up well against them. The Southern Conference Announcement was made last week that the men and Mary are to dislike each other. Winning the unexpected games and facing the next week of competition, Williams Training Station, Six 1-0-0. This will be the first Southern Track Meet.

The Naval Base presented a lanky seaman who was unable to lunge through the game with only one game left to play. Of course he will have to suffice. We Are Not Hoodlums

The President's Christmas Party was the amateurish sort and the Flat Hat wishes to take this opportunity to thank President Jones for the whole thing. But we failed to appreciate one feature of the party—the hired strong-arm men from Richmond who shared the audience pretty much at will. We admit that it is a pretty tough sort to do this sort of thing, and we do think a more gentle sort would be hit upon.

We have received complaints on campus about doors being slammed or windows sealed from the outside without cause. We don't blame the students for these complaints, but religious notions of the hired hands are both unprofessional and unsound, for they were definitely gratuitous. Anything that occurs on campus that is not in the best interest of the educational and social welfare of the student body is not jurisdictive. If the party is over and we repeat it was a very good party, we hope that it will happen again next year we will be silenced by the realization of better control.

-- Just Better Music

A Flat Hat editorial of the Music Department and the College dance orchestra two weeks ago, and a letter to the editor from the head of the music department indicated that the orchestra might be forced to change its personnel. The Flat Hat did not take this in its stride, but it is in the interest of the college that the orchestra be strengthened.

Doors were slammed on the left stone foot of the music department, and it is doubtful if any amicable solution of the problem will be reached.

**This hit or miss method of tobacco blending was never very satisfactory. But it proved one thing to both smokers and manufacturers, that you must have a blend of tobaccos to get better smoking results, because no one tobacco by itself has all the qualities necessary to a good smoke.**

**The Chesterfield tobacco buyers select and bid in the auction sales the tobacco types that best fit the Chesterfield blend, which is the right combination of exactly the right amounts of Maryland, Burley and Bright with just enough Turkish. These tobaccos and the Chesterfield way of blending them make Chesterfield different from any other cigarette.**

**That is why there are millions of enthusiastic Chesterfield smokers clear across the country, They find Chesterfield COOLER, BETTER TASTING and DEFINITELY MILDER... just what they want for real smoking pleasure. You can’t buy a better cigarette.**
