Fraternity men will hold formal rush Monday, Feb. 17, until Friday, Feb. 21, in designated places which include the Long House, Great Hall, the small dining hall, Bratfelter, below gym, Old Dominion, Mosers and Brown brothers house. Rush will be from 5 to 11 p.m.

On Sunday, Feb. 16, a reception will be held in Great Hall for all those men interested in joining fraternities. The committee to make arrangements for this meeting consists of Mildred Wright, Joe Rago, and George Newman.

Committee Drafts New Constitution

Drafting and outlining a form for a new student government constitution was initiated by the Student Council committee on Wednesday, Feb. 5.

During the meeting of the Student Council, the committee was appointed. The purpose of this committee is to outline the amendments in the constitution.

Pat Jones, a member of the Student Council, was given a difficult task of organizing the constitution at the Student Council meeting on Thursday night, Feb. 6.

"The new constitution will be more in the nature of a compilation of new constitutional changes. Pat Jones, a member of the Student Council, has been given a difficult task of organizing the constitution at the Student Council meeting on Thursday night, Feb. 6.

The council has been petitioned by three national fraternities who wish to establish chapters at William and Mary, and a counter-petition requesting such establishment to be presented to the Board of Visitors by the Izaac-Newton fraternity.

Board Approves Lodge System

Fraternity lodge system at William and Mary was adopted at the regular meeting of the Board of Visitors on Feb. 6. The request that male students of the college be permitted to live in the veterans' dorm, the Dodge room, Great Hall, the small dormitory, will be turned in.

Saturday night, Feb. 21, and end Monday day, Feb. 5.

For Fraternities

Several other minor roles remain to be cast. Meanwhile, the Players are in the first rehearsal, getting accustomed to the play, feeling their way through Shakespearean verse, and learning the correct interpretation of Elizabethan language.

The roles of Antipholus of Syracuse and Antipholus of Ephesus, the other identical twins, will also be difficult to assign. While these roles are not infrequent, they are also not as prominent as the plot of the play revolves. The role will return to the boards as the Duke, while Bill Eason will alternate with the role of the spectator. The role will return to the boards as the Duke, while Bill Eason will alternate with the role of the spectator. The role will return to the boards as the Duke, while Bill Eason will alternate with the role of the spectator.

Board of Trustees Unanimous

Several other minor roles remain to be cast. Meanwhile, the Players are in the first rehearsal, getting accustomed to the play, feeling their way through Shakespearean verse, and learning the correct interpretation of Elizabethan language.

In four weeks all will be in the final rehearsal, and the closing of the term will be in full swing. The roles of the actors, which are comparable to those of the students, will be taken by the Curtain players. of these few issues. We hope that a number of people will turn in to THE FLAT HAT before the March 15 deadline so that there will be a reasonable amount to work with.

One principle of student government, however, should be more fully understood before a constitution is attempted. Elsewhere on this page there is a card that the present, William and Mary is a force that students graduating under it will have and will be governed by. We feel that Richard and the many people who agree with him have a whole erroneous idea of what student government is.

It is clear that it is a false premise that the college is centered wholly among the students and that their happiness and satisfaction is all that matters.

Students are important; a college exists to educate and train them into acceptable individuals and citizens. But besides the students of today there are the students of tomorrow and the students of yesterday, for whom the college must maintain standards which transcend the demands of the moment. The college and the governing authorities of the college have the good of all these groups before them, while the present students are necessarily concerned with their own needs.

Then the broader viewpoint of these people should be welcomed when the students are governing their affairs. A check on any governmental group is necessary, and these older people stand in relation to Congress, as far as judgment is concerned.

The fallacy lies in ever supposing student government to be more than it must be. It is a limited democracy: the students may govern themselves within certain prescribed limits, but for whom the college is maintained. The college students are not the supreme court stands in relation to Congress.

What Result

From Inbreed to Freedom

Certainly, they know that all infractions are subject to punishment by the Judicial Committee and that repeated offenses are handed to the Supreme Court. The McCormick-Green war of succession. The Royalists have a new mayor. Best bet is an Irishman named Kennelly, a long time Independent and civic leader of considerable merit and promise. The reigns are falling, perhaps to the Democratic party. Kennelly, formerly runner-up to Bilbo, remains the man who grew fat in the dinging and the donging of the bells. The fatal hour of midnight becomes just another hour of entertainment. What a world of eggs their melody foretells, when you desire to use the car. The bells. Here the bells, hear the bells, and their summons we abhor. What a world of boredom their drumming of the bells. What a world of annoyance they ring, a sickening sweet sop? The dinging and the donging of the bells.

Final Dances

The sale of tickets does not meet the fund which may be used in case of losses on five dances this season. An average of $20 per dance has been lost on five dances this semester, he declared, and while profits on other dances were more than enough to offset this loss, expenses for a new locket key system, light repairs and incidental have reduced the September total of the Dance Committee fund by $10.

Admission Raised

One step toward offsetting the small number of students who attend Saturday dances was taken last week when the price of admission for couples was raised to 50 cents. Stage admission remained at 50 cents.

Problems involved in making the weekly dance pay, Mr. Stewart, include prohibition of the use of more than one gym and the crowding of the small gym with bleachers on basketball nights.

Some difficulty is the college dance orchestra has no regular place for practice, since it is not officially recognized by the residence department, Mr. Stewart added.

Members of the Faculty Dance Committee have proposed fewer dances and more given as semiformals, and installing tables around the dance floor to stimulate attendance, but no action has been taken.

Making up the committee are Mr. Stewart; Carl A. Faier, Miss Margaretta Fenner-Roberts, Wayne R. Kernodle, Arthur W. Phalips, Howard M. Smith, T. C. Duncan Raye, and Dean John T. Bourlot and J. Wilford Lamberti, at office.

Frank Beals, student representative to the committee last spring, has not served this year.

INTRAMURAL AWARDS for last year are presented by Bonnie Wolfgam (left), Women's Athletic Association president, to Carol Bombrink (center), representative of Chi Omegas, and Elaine Waite, representing Chandler hall. The presentation took place on Monday, Feb. 12, at a meeting of the Women Students' Cooperative Government Association.

Another difficulty is that the college dance orchestra has no regular place for practice, since it is not officially recognized by the residence department, Mr. Stewart added.

Two of the engines were knocked out, one of them flaming, the crew abandon the plane. He was more fortunate than three other members of the crew, who were pinned to Theta Delt John O'Neil, and Doris Wiprud.

Following his discharge Howard went to Mexico, where he spent his time "loafing and studying Spanish." During the three-month period, he covered almost all of the districts of Mexico, including Monterrey, Mexico City, and Cuernavaca. Of Mexico, his only regret is that it is a "good place to eat!

Solely with a view to gain a little weight, he took up boxing and tennis. He states his weight at 185 lbs.

Scholastically, Howard ranks with the foremost, since he has been elected to membership in Phi Betta Kappa. He is majoring in English, and finds his interests along all lines.

Senior Class To Discuss Plans For Banquet Dance

Plan for the senior ball and banquet will be discussed and put into final form at a short, informal class meeting Wednesday, Feb. 11, in Washington 120 at 7 p.m. Those who want to receive graduation announcements for the dance are urged to be present.

"Seniors who want to receive graduation announcements for the dance are urged to be present."

Botty's bitter this week about the weather. His latest and most recent disappointment was the downfall of the alleged blizzard of Saturday. 'No news, he said, downing a large jar of peanut butter with water (only) as a supplement in a half hour. Grizedale award, another jar of peanut butter to be bought by the audience of twenty.

The place break in Chandler, at 11:00 o'clock, Fugitive of the week. Further result: Some freeze while others come.

Botty wants to know if you'd heard about the little rabbits out of the Missouri. And if you have read, 'That's there is there isn't so much.'

Tribe To Meet Three Loop Foes

Intramurals
The intramural basketball league has reached the third week and the teams are playing hard in all of the games having been played to date. The second league game was held against the opener, as had been the schedule, with the first to top 15 the team's score. The games are held in the cafeteria. When he attended Georgetown University, he was the highest scorer in the league.

Tribe to Meet Three Loop Foes

The Tigers

Overshadowing a nine-point, half-court victory last night was the fact that West Virginia went on to defeat Hampton, 64-46, last Thursday at the Koger Center.

The Tigers took advantage of their superior rebounding to outscore the V.I.T.V.

Mike McElroy started yesterday with about 50 men re-

W & M Netters Start Practice
Sprinting practice began last night on the boards in Blow Gym for 14 prospective partners answering Coach Sharvy C. Umbach's call to the initial sprinting practice of the season. Practice sessions will be held at 4:30 PM three times a week until the gym is not being used for other classes. Coach Umbach stated, "the outdoor practice is scheduled to begin Feb. 24 or as soon as the weather permits."

Seven Leftmen
Among the players reporting last night for the first of this year's fall season were 14 points each against V. M. I., 13 points half way through the game, 12 points, 11 points, 10 points, 9 points, 8 points, 7 points, 6 points, 5 points, 4 points, 3 points, 2 points, and 1 point.

Dr. Caroline Sinclair has announced that a new class on using an educational tool will be offered to immediate effect. The class is scheduled from noon until 2:00 PM on Tuesday, Thursday, and Saturday.

The 30-hour swimming instruction is being held at the Koger Center, but Miss Mode declares that her class will be held at Bethany College. When she attended Georgetown University, she was the highest scorer in the league.
TRIBE TOPICS BY ED GRIFFIN

Despite last week's defeats, it is still possible for the Indians to earn a bid to the Conference tournament. It wouldn't be advisable, however, to wager too much on the possibility.

The Tribe has six more league contests. They play V. M. I. and Washington and Lee twice. In their other two engagements the opposition is weak. The Keydets are not very strong but could be troublesome on their home floor. The other three squads will probably give the Braves more competition than they care for.

William and Mary now has three victories and four defeats in Conference competition. This record hasn't been too good, to say the least, but for the benefit of any optimistic readers, let's consider it with last year's. This process makes it look a little better.

On Feb. 9, 1946, the Indians faced Richmond in Blow Gym. The home forces were in the throes of a terrific slump. They had lost six consecutive games and their Conference totals showed only one favorable decision in five starts. The Indians were favored to put an end to any tournament hopes of their opponents. But it didn't turn out that way.

Led by Stan Magdzik, who was to make All-State, and Chic Mackiewicz, who starred at guard, the Indians leaped into an early lead and held it throughout the contest, winning by 44-40 as Stan sank a lay-up in the last minute of play. Freddie Gritt, Spider ace, was unable to get near the basket, thanks to Chic's capable guarding, and had to make his points by means of long set shots.

This victory turned the tide for Frosty Holt's men. They went on to take three of their remaining league tilts, the crucial contest being a home clash with Maryland in which the Tri-Color came out on the long end of a 43-36 score.

Then, although they had only a .500 percentage, the Indians got a bid to the playoffs. It could happen again. Maybe.

FEET OF CLAY

Last month in a Los Angeles courtroom a sordid chapter was written into the saga of one of the most famous American sports heroes that the world has ever produced. His name is as well known as those of Babe Ruth, Jack Dempsey and Red Grange but his trial demonstrated that he is not worthy of being mentioned in the same breath with them. The man, of course, is Bill Tilden. He was sentenced to nine months on a sordid chapter was

The collection of old shoes, sportswear and sports equipment was started by a broken arm in his sophomore year. Rebuilding compensations, his arm kept him on the sidelines during his junior year. In fact, this had arm forced him to revert to the one-hand push shot which he now employs so effectively.

Johnny Green, Indian Guard

Johnny Green, Indian Guard, Gains Experience in Navy

By BOB DOLL

Although World War II won't be a treasure hunt a gag of a basketball player was found in the person of Johnny Green, territory. The Navy veterans learned most of his basketball in New Cadetshen, and now he is applying the knowledge as a regular player for the William and Mary Indians.

Fast Floor Game

Booming Johnny is a standout in the Tribe five. He plays a fast, vigorous, spectacular floor game and sets up those "beautiful" for his teammates. Although he hasn't a "good eye," Green makes a good percentage of his shots. His main contribution lies in his great rebounding and steady court temperament.

Johnny is rough and ready, always fighting for the ball with a cool head.

ordered not to be found in the presence of youngsters unless their parents or other responsible adults are present.

The only wrong with this sentiment is its tenacity. It may be that it was the maximum penalty that the law allows for an offense of this kind. If this is true, the law should be changed and a far stricter punishment meted out for such offenses.

Some crimes, such as murder, are committed in the heat of anger and the perpetrator may consider that he has a good and sufficient reason. There may be some degree of justification in the killing of a drunkard driver who has wantonly run down a man's wife or child.

This kind of criminal may be entitled to clemency.

But for a person who corrupts the mind of someone not old enough to know better and instructs him in perverted practices, there should be no mercy. It must be regarded that Tilden's punishment was too light. A more proper sentence would be, not nine months, but nine years.

THREE MONTHS TOO LATE

At long last the NCAA football rules committee has seen fit to outlaw the so-called running shift, better known in the Southern Conference as the Walnut shift. This maneuver, employed for the sole purpose of drawing an opposing team offside, was used with deadly efficiency by the University of North Carolina.

When the Turbots made use of this unmansportsmanlike procedure, their foes were caught between two fires. If they rushed too soon, they drew a five-yard penalty. If they rushed too late, Carolina picked up a substantial gain and sometimes a touchdown.

Many and better were the protests against this legislated trickery and the balancing of it will no doubt come as a great relief to many coaches and players.

GARDINER T. BROOKS

Spring (?) football practice got under way yesterday and will continue for six weeks. The gridiron game has hardly time to vanish from the memory before it begins again. We were told last month that football in February is really what it's cracked up to be. . . .

Portrét of a man of great faith: The halftime score in Pittsburgh between Army and the University of Virginia was 14 to 0. This didn't daunt Buddy Habel, however. According to the story, he found a Tiger supporter about this time and bait five horseshoes on the ground, at which point the Virginia difference in the game was pronounced. Why not?

Having attracted a few more tennis players to Charlottesville, the big wheels in athletics at the University of Virginia seem to think that they have a team worthy enough to meet Lamed, Ko.valeski, Bart- . . .

Trapp Family Singers

Present Concert Program Despite Baroness' Illness

In spite of the illness of Baroness Maria Augusta von Trapp, her seven daughters, one of her sons, and the family priest and conductor, the Rev. Dr. Franz Wasner, presented their scheduled concert on Wednesday night, Feb. 5. At the Trapp family singers gave the program of vocal and instrumental music in Phi Beta Kappa hall.

For the opening group of songs, which were religious numbers, the Trapp daughters appeared in formal evening versions of their native costume. In this group they sang Palestrina's "Pueri Habrae," John IV of Portugal's "Crux gubern," a Telemann and music composed by Werner von Trapp playing the viol de gambe, and Dr. Wasner accompanying them on the spinet.

For the second half of the program, which began with a group of folk-songs and yodels from the Austrian Alps, the family appeared in Tyrolean holiday dress. "This group included the "Song of the Via Crucis" and an evening song.

The final group consisted of "Pastorale," arranged by K. F. Davis, "Hasslach's" "Sanctus," arranged by Dr. Wasner, "Erlkönig's" "Hansel und Gretel." The performance closed with the family singing of the Brahms' "Lullaby."

The Right Rev. R. E. L. Strider
Bishop Strider, father of Sidney and Mary, is from Wheeling, W. Va. He graduated from the University of Virginia and went to the Theological Seminary in Alexandria, Va. He spent several months studying in England and was made bishop in 1931. Bishop Strider has spent most of his life in his home state and recently began a church camp there.

The department of education and child study of Smith College offers two fellowships, of the value of $800 each, to graduates of colleges of good standing who wish to prepare themselves for specialized work in education. Graduate work is offered by the department in the fields of nursery school education, elementary education, and secondary education.

Edison Leads To M. A.

The course of study followed by the student may lead to the degree of Master of Education. The program for the degree of Master of Education comprises, in addition to graduate work in the academic fields, courses in education and practice teaching. The fellowships are granted for study in connection with the Nursery school or the Day school.

The deadline for applications is March 1, 1947. Correspondence may be addressed to Department of Education and Child Study, Hall, Smith College, Northampton, Mass.

University of South Carolina

The fellowships at the University of South Carolina provide for the payment of selected students of from $400 to $700 per academic year. Recipients do graduate work in the regular schools and departments of the university.

Assistantships carry stipends of from $400 to $700. The recipient serves as laboratory assistant, reader of the quiz papers or the reader in the department of his choice.

Deadline for applications is April 1. Correspondence may be addressed to Dean of the Graduate School, University of South Carolina, Columbia 19, S. C.
American Alumni Council To Hold Conferences In July At San Francisco

Members of the American Alumni council will hold their 1947 conference at the Mark Hopkins Hotel, San Francisco, July 11 to 14. Charles Post McCurdy, Jr., executive secretary of the Society of Alumni of William and Mary, is charged with directing the program for the 1947 conference. This will mark the first time in its 25-year history that the American Alumni council has held its national conference west of the Mississippi.

National Organization

The American Alumni council is a national organization of alumni secretaries, national officers, and alumni magazine editors from each state in the United States. The membership totals 696. The council is divided into nine geographical districts. Prior to the war, Mr. McCurdy served as chairman of District III, composed of nine southeastern states.

Joseph E. Ball, alumni secretary at Lafayette College, Barton, Pa., is president of the council. Dr. John S. Sill, alumni secretary of California, Berkeley, a past president of the council, has been elected to the board of directors at San Francisco.

Goodby, Dr. Frank H., chairman of the education committee, is president of New York University. The council will hold its special film from the Museum of Modern Arts, was presented in the Dramatic club.

Dr. Jay B. Nash, Health Educator, To Give Speech

Dr. Jay B. Nash, chairman of the education committee, and various educational and medical organizations, prior to the war, Dr. Nash served as chairman of the council. The theme will be "Great Actresses of the Past," a collection of fragments of movies of Sarah Bernhardt, Minnie Maddern Fiske, and other stars of the silent screen under the sponsorship of the Dramatic club.

Dr. Nash, who will speak on the topic from the standpoint of the work of the council, has also been invited to the National Council for Physical Education, and as national chairman of physical education and recreation, he will discuss the use of leisure time.

Group Aids Hospital With Entertainment

Students of Eastern State hospital were given a dance which was attended by three Red Cross Club members and by Mary Red Cross club members. Members of the group will also attend that affair.

Budget Formed

At the Red Cross Club meeting held in conference last Thursday, the council was organized. The council has been working for the last month and will be able to attend that affair.

Press releases covering the work of the council will be distributed to news agencies.

Dr. JAY B. NASH

Author of Building Morale, Moral Milestones, and various educational and medical organizations, prior to the war, Dr. Nash served as chairman of the council. The theme will be "Great Actresses of the Past," a collection of fragments of movies of Sarah Bernhardt, Minnie Maddern Fiske, and other stars of the silent screen under the sponsorship of the Dramatic club.

Dr. Nash, who will speak on the topic from the standpoint of the work of the council, has also been invited to the National Council for Physical Education, and as national chairman of physical education and recreation, he will discuss the use of leisure time.

Located Near Stadiums

Plains have already been initiated, calling for completion of the lodges, estimated to cost $10,000 each, by next February. They will be located near the stadium, and all will have the same floor plans, with exterior variations.

The interior will consist of a living room, a kitchenette, a bedroom to accommodate two men who will act as caretakers, and shower and bathroom facilities. The individual fraternities will provide the furnishings, except for stoves, refrigerators and heating.

All will have the same floor plan, with exterior variations. The lodges, similar to club houses, will be used for meetings and social functions. A committee to arrange suitable plans will be chosen this week.

The lodges will be enlarged, and drama student will be used as extras in the pageant, receiving pay for their performance.

The pageant will depict the entire period from the birth of the United States up to the Revolutionary War, more than two centuries. The State hopes that the pageant will be held each summer for a period of 10 to 15 days.

In connection with the pageant, there has been talk of building a new boathouse to house any barges used in the epic play. This addition will make Matoaka a better place for the college students to picnic. With a fence around the lake, the general public will not be allowed to picnic, and the facilities of Matoaka will be limited to William and Mary.

The stage of the theatre will be approximately 100 feet long, and will be on the edge of the lake. The seating capacity is 2200; and the audience will face Matoaka Lake during the show and the sky as a backdrop for the pageant. The mosquitoes will be given a dose of D. D. T., and then left to their own devices.

The estimated price of this endeavor is $250,000. At the present time, 20 to 30 percent, and two Negroes, from Grafton, Va., are working on the foundations for the ante-rooms on each side of the platform. These will be partially hidden by the large banks on each side of the stage; and will be used for dressing rooms and costume rooms. A space for parking will be cleared by the old stables.

"If we don't have any more Darnel weather, the project will be done by June 1," said the foreman, when interviewed.

Site Of Finals, Pageant, Graduation Day

RAW MATERIALS and a leveled area represent the birth of the future great amphitheater which will enter into the presentation of many William and Mary traditions. Students will be used as extras in the pageant, receiving pay for their performance.

EXPELLERS and a leveled area represent the birth of the future great amphitheater which will enter into the presentation of many William and Mary traditions. Students will be used as extras in the pageant, receiving pay for their performance.

The theatre actually has two roles: publicizing the State; and the augmentation of the fine arts department of William and Mary. During the summer, teaching of music, arts, and drama courses will be adjunct to the pageant production. Drama courses will be enlarged, and drama students will be used as extras in the pageant, receiving pay for their performance.

The shelter, a familiar place to college students, will be remodeled in rustic style, so that it will hold 400 people. Besides the general remodeling of Matoaka Park, this addition will make Matoaka a better place for the college students to picnic.

Dr. Mooney was born in Chad-
burn, N. C, and spent most of
his "grow-departed youth" in North
Carolina. "I did get as far west
as Chicago once," he added.

At Furman University, where he
earned his B. S., the glee club
was Dr. Mooney's main interest.
To pay his college expenses, he
played the bass fiddle in a local
orchestra "round town." "I can't
remember what they called the
orchestra, but the fellow who stood
in front and wiggled the stick was
called Pharoah Fitzgerald — and
that's enough!" he laughed. In his
hence night club career, and with
Jimmy Livingston one summer, Dr.
Mooney "usually played the
piano." "I was self taught. The
music teacher here would probably
say me play," he grinned. The
physics professor likes the note.

Painting, mostly houses and
landscapes — they're hanging all
over our house— is one of his
interests. "It's not very high-

Looking on as three of his students perform an experiment
is Dr. Robert L. Mooney, new head of the physics department.

"It all being very successful, the closed
I got to a real live torpedo was
hearing a record of one going
through the water," he said with
a smile.

"I would very much like to find
some kind of an apartment some-
der, but that went out of style," he
said sadly.

"It's not very high-

His aversion to dogs is offset
by his fondness for cats— "Persian,
but Siamese (my wife likes Siam-
ese)." The only other animals in
the home are a pet parrot. "I have
things look." His great love in physics
is Dr. Mooney's Master's
degree from Syracuse, and his Ph.
D. from Furman University.
He taught physics at Georgetown U.
for eight years, before he came to
William and Mary. And now here
I would very much like to find
some kind of an apartment some-
where!"

Two performances a day, mat-
inee and evening, will be presented,

As originally planned to have its
first Virginia showing in Williams-
burg, the picture is now scheduled
