College Faculty Promises Rich Plot, Stellar Cast, In Melodrama May 11

Dr. Phalen Makes "Crushing Villain" by DORF REBENBAUGH

"All I wish is that the people, when they come to see one of the plays, will be happy," said Dr. Harold Phalen, as he distributed the programs and costumes to the members of the cast. "This is the first year that the cast has been entirely composed of new members, and we are all quite excited about it."

The play, "Crushing Villain," is based on the novel of the same name by John Galsworthy. It tells the story of a man who is determined to destroy the happiness of everyone around him, and it is said to be one of the most popular works of its kind in the world. The cast is made up of some of the finest actors in the region, and it is expected to be a huge success.

College Music Review Provides In Blow

Plans are now underway for two final concerts to be held on video tape Sunday, June 2 and 3, at a climax for the year. On Friday, the video tape will be formal and will last from nine to ten. This will be a service free and will be held primarily as a farewell for the seniors, although the video tape will be open to the entire student body.

On Saturday, the video tape will be from nine to twelve and will probably be semi-formal. A small admission will be charged. Both of these affairs will be held in Blue gym and are open to the entire student body.

The President's Aides and both new and old members of Mortarboard have been asked to take charge of arrangements for all and will be appointed in the near future.

"I wish the students to have these dances every year," said Dr. Phalen. "For the past two years, because of the war situation, the dance fare has been curtailed and students have not had enough entertainment. We hope to make this a regular event and provide all the entertainment that students are used to having."
Dr. Dana Munro Urges World Wide Cooperation

I.R.C. Adds New Students

Welcomes Members With Picnic May 13

New members of the International Relations Club met at the University Inn for the first time on May 13. The club was organized for the year 1944-45. The usual requirement for membership is 4 hours of Government, but this year the number of prospective members is so large that the requirement for membership was raised. This year one must have a minimum of 9 hours in Government course or plan to major in Government to be admitted.

A regular meeting of the club is held every two weeks and a speaker presents a talk on some current event or topic. Members prepare questions in advance of the meeting.

To welcome the new members the club is having a picnic in the Shelter Inn or Travis House this Friday from 4:30 to 7:30 P.M.

26 Chaplains Leave May 7

Graduation exercises of Class 6-44 were held with Chaplain C. A. Neyman presiding. The address was given by Captain James L. Holloway, Jr., USN, Director of Training Division, Bureau of Naval Personnel. There were 26 graduates in the class.

SATURDAY — It wears so uneven. I twisted her arm for more responses. "Why did you leave on my shelf after using? I am saving this for your letter. Love and kisses, "-I render to say. It costs so little with Palm Beach Suits. No "inflation prices" here today. Serviceably styled throughout. Shop-purchasing Palm Beach suits costs NO MORE than last year's low price. Wide choice of attractive stripes and strikingly handsome business patterns on sold with solid colors and "whites" all tailored by Goodall without "heat trap" pads or heavy inner linings. American's only KLEEROIZED suit!

FRIDAY — Undeterred he walked in today. The march of navy blue is irresistible. All shiny eyes and answering the question of the diverse cli- matic fingernails really ever get im- portant. That's the trouble. It's a modern miracle that means more goods for the people of the world. The problem of over-production by the United States, "Dr. Munro claimed, "is irrefutable. All shiny eyes and answers will affect and often help the" sun are fun, but it's all those other questions that keep me concerned. I render to say that it all keeps up I'll soon become a bumper. I won't be "bunk at all but merely a bearing on the great scheme of the diverse cli- mate.

Colorful Dance Recital Given Onlookers’ Praise

Themes, Interpretations Give Variety; Charliefrom Cheatham Starts Sensation

BY NANCY EASLEY

Enlivened by an exceptionally appreciative (if unruly) audience, the recital by the Dance Club on May 4 in Phi Beta Kappa Hall was almost every dance showed the results of the hard work expended by the girls and the crew for the past three months.

The climax of the evening arrived with the presentation of a three-part interpretation of Millhaus’s Cornish: This was followed by a movement by Orchid, with the middle part by Nellie Rosendahl, and the final part by Sperce’s new favorite, Helen DeBusc.

The opening number, Hay-Hay, presented the entire Orchid, and the piece entitled 7-30-50 (music by Adam and Rodgers), by Florencio Ratcliff, Sharon McClay, Constance Atonio, and Louise McCormick, a preconceived number. All was excellent, done by Pat Martin, Barbour Davis, Marilyn Rostal Speakman, Jeannette Boyd, and Helen DeBusc.

The opening number, Hay-Hay, presented the entire Orchid, and the piece entitled 7-30-50 (music by Adam and Rodgers), by Florencio Ratcliff, Sharon McClay, Constance Atonio, and Louise McCormick, a preconceived number. Three Wm.-M. Alumnae Now Officers in Spars

Among William and Mary alumnae who are now taking an active part in the war are the following SPAR officers: Lieutenant (jg) Louise Lowry; Ensign Charlotte L. Allen; Ensign Louise Cowie Anglo; Ensign Evelyn Savage Blandford.

Lieutenant Lowry is on the SPAR instruction staff at the United States Coast Guard Academy in New London, Connecticut, where SPAR office candidates receive their indoctrination. The Academy is the school of instruction for the men who become officers in the regular Coast Guard and has also been the training ground for thousands of young men who have won reserve commissions in this war. When SPAR officers, following their graduation here at the Academy, the heart of the Coast Guard, she is staunchly steeped in Coast Guard traditions and true to its motto, Servitis, she is ready for any assignment. Lieutenant Lowry was an instructor in hygiene and physical education at Wellesley and had been assistant professor of physical education and director of intramurals at William and Mary before she entered the Coast Guard. She received her commission as ensign from the Academy in June, 1943, and has since been promoted to her present rank.

Ensign Allen was a teacher in Upper Darby, Pennsylvania, before she became a SPAR. She did graduate work at Harvard and the Sorbonne after graduating from William and Mary. Ensign Allen who received her commission as ensign from the Academy is now stationed in the Washington, D.C. office of the Seattle District Coast Guard Office.

Known as Louise Cowie while attending William and Mary, Ensign Louise Cowie Anglo received her commission from the Coast Guard Academy in December, 1943. Ensign Anglo, member of a war-off family, is now stationed in Miami, Florida. Her sister, Ensign Evelyn Savage Blandford, is in North Africa, entered the SPAR from the University of Minnesota on Christmas Eve, 1943.

Her husband, Ensign James P. Anglo, USSR, has been reported missing as sea. Two sisters are in the WAVES, and a brother is an Army lieutenant.

Ensign Evelyn Savage Blandford of the Coast Guard Women's Reserve is an assistant military morale officer in the Norfolk Coast Guard District Office. Her husband, Lieutenant Paul S. Blandford, is in North Africa, entered the SPAR from the University of Minnesota on Christmas Eve, 1943.

She received her commission from the Academy in August.

The United States Coast Guard in this war is active wherever naval forces are operating. In warm waters it operates under the Navy Department. In addition to carrying on its peace-time work of protecting life and property on sea and shore, the Coast Guard is maintaining anti-submarine patrol, manning transports, operating landing barges, performing convoy duty, and assuring port security. More Coast Guard Officers have gone to sea than ever before. Over 7,000 SPARs are replacing those men in important jobs at Coast Guard stations, as yeomen, pharmacists' mates, motor machinist's mates, storekeepers, radiomen, and in many other jobs formerly filled by men.

Coeds' Softball In Last Week
Softball meet got underway last week in both security and dormitory leagues. After the playoffs in the security league, final games will be played tonight in the dormitory league beginning May 16. The championship will be determined from these games. The results thus far are:

**SORORITY LEAGUE**

April 29—

**GAMMA DELTA**

Tri Delta — Alpha Chi — Delta Eta

Marieson, Gamma Delta — Alpha Chi — Delta Eta

May 5—

Phi Phi — Kappa Delta — Delta Phi

Alpaca — Pi Phi — Theta Phi

May 5—

Phi Phi — Kappa Delta — Alpha Chi

DOORDOMITY LEAGUE

Chang — Chang

Chandler — Chandler — Barrett

Jefferson — Barrett — Ralls

Three coeds participating on the team are: Karen McElroy, Helen Jordan, Joan Clark, and Jean Boyd. Those participating from the other teams are: Mary Lou Manning, E. T. S. Miller, Patricia Mackey, Fran Butler, Ann Davison, Marilyn Ross, Billie Davison, and Nancy Clark. Those participating from the other teams are: Barbara Hutchins, Mary Shipe, Ann Barchelder, and Mamie Bevan. Those participating from the other teams are: Martha Macklin, Edythe Marsh, Gloria Rankin, and Jean Richardson.

Monogram Club Will Elect New Officers

There will be a meeting of the Monogram Club this Thursday at 5 o'clock in Barrister Living room to hold elections for new officers. Eleanore Rhyno, President, resigned formally last semester, and Charles Timmermann, Vice-President, will preside.

**BORNIE WESTERMAN**

The Dance Recital given by Orchesis and Phi Delta Pi on May 6, proved to be such a tremendous success that part of the program will be given at the Williamsburg U.S.O. that Miss Jackson announced today that the group plans to give four of the dances from the recital: "That Blindside, "Just Fantasy," "Mainstream" and "Out of the Woods." The program will be given in the new auditorium Wednesday evening May 11.

All sportsmen, as well as judo and seniors better get busy and plan to be present for the last intramural meet which is given every Friday night from 9:30 to 9:45. Plunges are being planned for the final three weeks of the season in which we will have at least two practices are required. Practice periods will be held every evening this week, and the schedule will be posted on the Jefferson bulletin board. The 3-0-0 Tidewater League will be decided Wednesday.

Men's Murals Finish Season On May 22

Softball and tennis are now holding the interest in the intramurals for the week. Last week a total of several games had been played between the four competing softball teams. Phi Delta Pi is leading the tournaments with the perfect average of .1000 winning four out of seven games played. However, but no more Phi Delta Pi had played one more game than the Wolves but having won and tied just as many games, is in third place with an average of .250. In each game the manager has been elected and the best three games will be played.

In tennis the first round of the singles and doubles is to be completed by May 7 or the match is automatically fast-forwarded. The second round is to be completed by May 14 and the manager includes the best three games. The third round is to be completed by May 22. Each match is to be completed of the best ten or three sets. In the singles the following contestants have reached the second round:

Hibbert D. Corey Heads Graduates’ Job Bureau

Commission Began In Depression; Now Places About 80% Of Students

By WILLIAM TRACY

No longer are William and Mary's graduates turned out into a "cold, cruel world," as the old-time alumni used to see it. This change is due to the effective work of the College's Placement Bureau, under the direction of Professor Hibbert Dell Corey, head of the department of Economics. The Bureau, which grew out of the efforts of the Economic and Business branches of the College in placing graduates in industry, is now regarded as one of the most effective units of its kind in the South. The "job finder" comes into its own in the well-worn-re deemed depression years of the 30's and has acted in its present role for the last ten years.

In the early stages, Mr. Corey, be longing experienced and inter ested in placement work, asked for a chance to "take a crack at it." Mr. Corey took far more than a crack at it. The time soon arrived when not only the immediate graduation employment problem was solved but also the general graduating population of the Marshall-Wythe school. From that point, more students graduated and more corporations set up to fulfill the needs of the entire campus.

College Concerns Interview Students

The bureau is now in touch with some 500 or 600 downtown business firms and has had actual contact with approximately 72 corporations, thereby increasing its views and employment for William and Mary students. Among the features, one of the most important in connection with the bureau are Glen L. Martin Aircraft and Mutual Life Insurance, as well as many others. These concerns send representatives to the bureau to interview students, according to a schedule set up by the bureau. The bureau itself also does the matchmaking, keeping a careful file of all students who show an interest in various occupations. The students are divided into groups and are interviewed by bureau workers, who then certify them to the bureau and ask for a job. The bureaus' task of finding employment for the students is relatively simple. The bureau has become merely a matter of matching a student with the job that he or she feels he is best fitted for, in the majority of cases.

Mr. Corey stated that it has been the policy of the placement bureau to "put graduates of recent classes in companies where extra- mural work has been deforemaking expansion entirely." In other words, the bureau has been the prime mover of post-war labor for its graduates as the College's graduates are placed.

The administration of the College fully recognizes the value of keeping the students well placed through the years. Forms are sent out each fall by the registry of the bureau, asking the students to see "if all is well." Through the bureau, the College has come to be a part of the whole picture of the, future, a picture of the full life of the individual. The bureau also places students not graduating—freshmen, sophomores and seniors—in summer employment, if they so desire.

In making a statement to your flat hat reporter concerning the week of the Placement Bureau, Mr. Corey stated, "We believe that he becomes a part of the College for approximately 10 per cent, effective, for there are some graduates whom we cannot get in touch with. In personal way. For instance, we cannot make a young man or woman a movie star. How ever, one of the greatest fel lowships between alumnus and his college arises from the fact that he has not been forgotten upon gradua tion. We feel that the students will practice what he has learned. We do not believe that our job ends with a placement, we feel that it has just begun."

Recommendations Bureau Separates

The Bureau of Recommendations is a separate phase of the William and Mary placement program. Entirely devoted to the placing of teachers, the Bureau has had a somewhat different role in the College's general placement work.

Vocational counseling occupies an important role in the scheme of the bureau. Because students graduating each year are asked for advice as to what they should do and where, William and Mary graduates, after leaving a job, often send their names to the College to be refiled, so that they may receive aid in finding another job. It is the hope of Mr. Corey to gather an alphabetized file of William and Mary graduates so that the Placement Bureau will receive in such a way that when the named information of many of whose members are alumni of William and Mary, one needs only to refer to the bureau's books for placements.

Trend Relatively Simple

Aside from the general part of the philosophy of the bureau's task of finding employment for the graduates is relatively simple. The bureau has become merely a matter of matching a student with the job that he or she feels he is best fitted for, in the majority of cases.

Job Bureau Events:

Monday, May 12—Trend Counselling Meeting, 2:00-3:00 P. M., Student Union Building, Room 800-801 P. M.

Tuesday, May 13—College of Commerce Meetings—Mortarboard Room, 5:00-5:30 P. M.

Tuesday, May 14—Dance Club—U.S.O. Club, 8:00 P. M.

Wednesday, May 15—Trend Counselling Meeting—Mortarboard Room, 5:00-5:30 P. M.

Wednesday, May 16—Student Senate—Mortarboard Room, 5:00-5:30 P. M.

WILLIAMSBURG, VA.
Alumni Strengthening Armed Forces For Allied Invasion

As plans are being made for the big Invasion Day and the College prepares for a celebration of it, the FLAT HAT continues to receive news of the many William and Mary boys now in their last phase of training at the Naval Air Training Center, Pensacola, Fla., the "Annapolis of the Air." The "Annapolis of the Air." He has just completed the preflight training course where Lieut. Simmons, having been designated a Naval Aviator, will be an additional operational training center before being assigned to a combat unit.

Two more pilots are added to William and Mary's good list. They are Frank W. Kohler, who received his commission as Second Lieut. and flies at Moore Field, Pittsfield, Mass., and Libby Dover, who is now a Second Lieut., with wings in the AAF, graduated from former Pittsfield training center. And, although most of our alumni are present in a military unit, we still hear about "grades" doing various other activities.

Alyce F. Taylor, Asst. Executive Secretary, was appointed as a member of the new Student Government Commission of the Faculty of the University of Virginia. The Gamma Phi's will also give an afternoon banquet for the new initiates at the Phi Beta Kappa Hall, Henry Billup, the faithful caretaker of Wren Building, and he enquired of the U.S.O. Residence Management of the U.S.O. Residence and the College Women's Club, and she has also been active in the Williamsburg Garden Club, College Women's Club, and she has devoted herself to many and varied town and school activities, and has many more deserving and unheralded. She helped to develop the Red Cross chapter's work encouraging its expansion in membership and support.

When her father, Dr. Henry Benett, was a medical student at that time, he came back to Williamsburg to take post-graduate study.

The meeting was presided over by President Wood who also announced that the new members would be inducted at the annual Pansy Breakfast for the seniors on Sunday, May 14.

Dr. George W. Armacost, Director of the Summer School, states that plans are maturing for the summer school. Periods. In 1927 she was appointed Secretary of the Alumni of William and Mary, and she is also active in the Williamsburg Garden Club, College Women's Club, and she is a member of the U.S.O. Board and the Committee of Management of the U.S.O. Residence for Women. Mrs. Guy is also active in the Williamsburg Garden Club, College Women's Club, and she is a member of the U.S.O. Board and the Committee of Management of the U.S.O. Residence for Women.

Nancy Rehbock: "It was very impressive, though I liked the mixture of wood and his drawings." Nancy Rehbock: "The exhibit is excellent as far as line and design, but it was a little too one-sided in its subject matter, especially for William and Mary." Howard K. "I think the exhibit was very educational and very interesting."

Tom Thornton, dance chairman, and Mr. John Boyt. men from the Chaplains' School connected with the Indiana State University from their earliest memories.

One of the main features of this maintenance will be the presentation of the First American Alumni Council Award to Madame Chiang Kai-Shek. This will be presented at the A.A.C. Award of Merit on the Conference on May 13, 12:30 P.M., Chicago War time, over a nationwide-wide. Head. Chairmen of this Conference is Bernard T. Brooks of the Illinois Institute of Technology.

The meeting was presided over by President Wood who also announced that the new members would be inducted at the annual Pansy Breakfast for the seniors on Sunday, May 14, at 8:30 P.M., in Mr. Benett Kappa Hall. Professor Wood has appointed Tom Thornton, dance chairman, and he has also named the following counselors: Other Memorable Destinies; Stath Malcomb, refreshments; and Harvey Harris, admissions.

The chaperones will be Mrs. George Irwin, John, Pomeroy, and Miss Margaret Brown.

The Thank's will be given to Stuyvesant's Point in honor of the reserve and active duty men at the Camp Peary, Va.; Gene Porter of Pershingburg, Utah; and Mary Edna Trumbo of Richmond, Va., who have attended the alumnae gathering for the past 20 years. The Gamma Phi's will also give an afternoon banquet for the new initiates at the Phi Beta Kappa Hall.

Dr. George W. Armacost, Director of the Summer School, states that plans are maturing for the summer school. Periods. In 1927 she was appointed Secretary of the Alumni of William and Mary, and she is also active in the Williamsburg Garden Club, College Women's Club, and she is a member of the U.S.O. Board and the Committee of Management of the U.S.O. Residence for Women. Mrs. Guy is also active in the Williamsburg Garden Club, College Women's Club, and she is a member of the U.S.O. Board and the Committee of Management of the U.S.O. Residence for Women.
Permission, Please!

Last Saturday night, appreciative servicemen and appreciative couples applauded the Administration's attitude in allowing the Freshmen and Sophomore classes to attend a dance given by the Naval Main War College. Everyone’s talk was of enjoyment, and everyone’s idea was that it was well worth the time.

The girls who went to this dance were well behaved. Conversation was insubstantial, though not so stiff and formal that the girls and their dates did not talk.

All in all, this dance and the arrangements for it seem to have struck a number of the cos too so that something that should have been started some time ago, and something that should not be limited to Yorktown, but extended also to Camp Peary and our own Williamsburg.

Now that the local U.S.O. new dance pavilion has been opened, there are facilities for larger and better organized dances than were possible heretofore. The cooperation of the College with the U.S.O. has voiced their appeal of the setup and have expressed their willingness to act as chaperones for groups of college girls at the U.S.O. dances, to see to it that everything goes along smoothly.

Last Saturday night, a dance was given in the new pavilion for some service. There was but one difficulty—fewer than five single girls were there for the men to dance with. Even at that, the men enjoyed themselves and expressed their thanks to the ladies in charge.

One thing that seems to have pleased publicly many services in this vicinity, girls at William and Mary are for the most part anxious to have an estimate of the number of students interested in the possibility of attending a co-ed dance. Student representation on the committee has been in-

There are many factors to be considered in the drawing up of a schedule. Not the least of these is the fact that a few people who do lots of work not so timely as the weather-

The conclusion drawn from the careful study of the expenditure of the average student on the campus, the FLAT HAT presents what it hopes to be a typical picture of the expenditures of the college student since his allowance. The figures of this survey are presented averages of the students themselves and from other similar institutions. The numerical results are not to be construed as absolutely correct, being merely a per cent distribution of the allowances of the students.

The survey has been worked out on the basis of weekly expenditures. The average per cent for each item was obtained by dividing the average amount spent for each item by the average amount spent for all items.

Survey Investigates Student Expenditures

Men Fighting For Right of Living In Own Way -- Says Former Soldier

By BILL ANDERSON

"That is what I am coming back to, Bill. These things that are today memories of a pleasant yesterday. Oh, sure, you say things like that can never be again, but they can, and I'll tell you why. "You see, the people over here are always looking toward the day when they are looking forward to some of these same things. "But sometimes, it is kind of difficult to believe. They aren't looking forward to the day when they will be gone fighting. But they will be gone fighting."

"Yes, I am coming home. Home to the state and town I left as long and such a short time ago. Back to school and campus and back to the pleasures and parties that were normal things back there. The parties that we used to hold days and nights playing and the things we used to look forward to.

"Well, Bill, the war is ever. Oh, there never is a time that has at last minute when you truly realize that half of that will never return.

"Yeah, I am coming home. Home to the state and town I left as long and such a short time ago. Back to school and campus and back to the pleasures and parties that were normal things back there. The parties that we used to hold days and nights playing and the things we used to look forward to.

"Well, Bill, the war is over. Oh, there never is a time that has at last minute when you truly realize that half of that will never return.
